## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

### 2.3 Determinations and Modifications

Security Condition 6 shall not apply. None of the Issuer, the Guarantor (if applicable), the Calculation Agent, the Euroclear Registrar (if applicable) and any Security Agent shall have any responsibility for any errors or omissions (to the extent permitted by any applicable law) in the calculation of any Cash Settlement Amount or of any Entitlement unless, in the case of Italian Securities, such errors or omissions are due to its own wilful misconduct or gross negligence.

The purchase of Securities does not confer on any Holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attaching to any Specified Reference Collateral Asset.

In making any election, modification, determination or adjustment, the Issuer or the Calculation Agent, as applicable, will act in good faith and in a commercially reasonable manner, to preserve or restore the economics of the agreed terms, as far as reasonably practicable. Any such election, modification, determination or adjustment shall not create a significant imbalance between the rights and obligations of the Issuer compared to the Holders, to the detriment of the Holders.

If Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer or the Calculation Agent, as the case may be, may only modify or adjust the terms of the Certificates (other than modifications or adjustments that do not relate to essential characteristics of the Certificates) or exercise its discretion to redeem the Certificates prior to their scheduled Redemption Date, as described in the Terms and Conditions, following an event or circumstance (or combination of events or circumstances) that (a) is not attributable to the Issuer and significantly alters the economics of the Certificates compared to the economics as of the Issue Date, or (b) constitutes a force majeure.

All calculations and determinations made in respect of the Secured Securities by the Collateral Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor, the Holders and the French Collateral Security Agent. Because the Collateral Calculation Agent may be an Affiliate of the Issuer, potential conflicts of interest may exist between the Collateral Calculation Agent and the Holders, including with respect to certain determinations and judgments that the Collateral Calculation Agent must make.

The Collateral Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

at least equal, at any time, to the Reference Collateral Currency Equivalent (using, where applicable, the same foreign exchange rate as used to calculate the initial nominal amount of the Specified Reference Collateral Assets which is the Initial RCA Nominal Amount) of the product of (1) the aggregate Notional Amount of the Placed Secured Securities and (2) the Collateralisation Level;

- (b) where the Issuer or any of its Affiliates acquires Secured Securities after the Initial Posting Date, on the Placed Secured Securities Decrease Date, the Issuer will be entitled to withdraw Collateral Assets from the Collateral Account:
  - (i) with an aggregate nominal amount equal to the product of the Collateralisation Reduction Percentage and the aggregate nominal amount of the relevant Specified Reference Collateral Assets immediately prior to such Placed Secured Securities Decrease Date; or,
  - (ii) where a Repurchase Agreement is a Related Agreement, with an aggregate market value equal to the product of the aggregate Notional Amount of the Secured Securities so acquired and the applicable Collateralisation Level,

provided that, subject to Collateral Security Condition 3.8, Collateral Security Condition 3.9 and Collateral Security Condition 5.17, the Issuer shall always hold in the Collateral Account (or, where Settlement Grace Period and/or Additional Settlement Grace Period are specified as applicable in the applicable Final Terms, shall hold in the Collateral Account by the end of the applicable Reference Collateral Assets Grace Period and/or, as the case may be, the end of the applicable Additional Reference Collateral Assets Grace Period):

- (A) an aggregate nominal amount of Collateral Assets; or
- (B) where a Repurchase Agreement is a Related Agreement, an amount of Collateral Assets having an aggregate marked to market value,

at least equal, at any time, to the Reference Collateral Currency Equivalent (using, where applicable, the same foreign exchange rate as used to calculate the initial nominal amount of the Specified Reference Collateral Assets which is the Initial RCA Nominal Amount) of the product of (1) the aggregate Notional Amount of the Placed Secured Securities (after the decrease in the number of the Placed Secured Securities) and (2) the Collateralisation Level; and

- (c) on each Additional Posting Date, the Issuer will acquire additional Collateral Assets (and transfer such additional Collateral Assets into the Collateral Account):
  - (i) with an aggregate nominal amount equal to the product of the Collateralisation Increase Percentage and the nominal amount of the relevant Specified Reference Collateral Assets held in respect of the Placed Secured Securities immediately prior to such Placed Secured Securities Increase Date; or

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

- (ii) where a Repurchase Agreement is a Related Agreement, with an aggregate market value equal to the product of the aggregate Notional Amount of the number of Secured Securities no longer forming part of the BNPP Holding and the applicable Collateralisation Level,

provided that, subject to Collateral Security Condition 3.8, Collateral Security Condition 3.9, Collateral Security Condition 3.14 and Collateral Security Condition 5.17, the Issuer shall always hold in the Collateral Account (or, where Settlement Grace Period and/or Additional Settlement Grace Period are specified as applicable in the applicable Final Terms, shall hold in the Collateral Account by the end of the applicable Reference Collateral Assets Grace Period and/or, as the case may be, the end of the applicable Additional Reference Collateral Assets Grace Period):

- (A) an aggregate nominal amount of Collateral Assets; or
- (B) where a Repurchase Agreement is a Related Agreement, an amount of Collateral Assets having an aggregate marked to market value,

at least equal, at any time, to the Reference Collateral Currency Equivalent (using, where applicable, the same foreign exchange rate as used to calculate the initial nominal amount of the Specified Reference Collateral Assets which is the Initial RCA Nominal Amount) of the product of (1) the aggregate Notional Amount of the Placed Secured Securities (after the increase in the number of the Placed Secured Securities) and (2) the Collateralisation Level.

Following an Enforcement Event or an Early Redemption Event, the Issuer will procure that it and/or the Affiliate of the Issuer that holds the Secured Securities will renounce and waive all rights (including as to payment) in respect of such Secured Securities and shall submit such Secured Securities for cancellation free of payment. Where Group Collateralisation is specified as not applicable any amounts calculated for the purposes of these Collateral Security Conditions (other than this Collateral Security Condition 3.5) shall be calculated on the basis that any reference to Secured Securities shall be a reference to Placed Secured Securities only and the definitions in Collateral Security Condition 1 shall be construed accordingly.

### 3.6 Claim on Guarantor

In the event that the Issuer fails to make payment of the Shortfall, the Guarantor will on demand (without first requiring the Holder to take further steps against the Issuer or any other person) pay to each Holder in respect of each Secured Security held by him, an amount equal to the Shortfall in the currency in which the Shortfall is payable by the Issuer.

### 3.7 Status of Guarantee

The Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law. Secured Securities in respect of which these Collateral Security Conditions are specified as applicable in the relevant Final Terms shall be deemed not to be "Securities" for the purposes only of the Deed of Guarantee for Unsecured Securities dated on or around 27 May 2025, or the French Law Guarantee for Unsecured Securities dated on or around 27 May 2025, entered into, in each case, by BNPP in respect of securities (other than Secured Securities) issued by the Issuer under its note, warrant and certificate programme.

### 3.8 Collateral Exchange

The Issuer may enter into a Collateral Exchange Agreement with the Collateral Exchange Counterparty and:

- (a) where Collateral Exchange Agreement – Two Way Transfer is specified as applicable in the applicable Final Terms, when required by the Collateral Exchange Counterparty under the terms of the relevant Collateral Exchange Agreement, the Issuer shall be entitled to withdraw some or all of the relevant Specified Reference Collateral Assets from the Collateral Account and transfer such Specified Reference Collateral Assets to the Collateral Exchange Counterparty against delivery of Replacement Collateral Assets with a marked to market value at least equal to the product of the Over Collateralisation Level and the marked to market value of such Specified Reference Collateral Assets which are being withdrawn provided that for the purposes of the applicable Early Redemption Events, the relevant RCA Issuer, RCA Guarantor and, if applicable, the RCA Parent shall be deemed to be the RCA Issuer, RCA Guarantor and, if applicable the RCA Parent in respect of the Reference Collateral Assets notwithstanding the transfer of the Reference Collateral Assets under the Collateral Exchange Agreement. In accordance with the terms of the relevant Collateral Exchange Agreement, prior to the redemption of the relevant series of Secured Securities and provided that no Early Redemption Event or Event of Default occurs, the Collateral Exchange Counterparty will transfer Equivalent Securities in respect of the Reference Collateral Assets to the Issuer and the Issuer will transfer Equivalent Securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty. Where a Collateral Exchange Agreement is specified as applicable in the applicable Final Terms and an Early Redemption Event occurs which does not result from a Related Agreement Counterparty Default, save where Collateral Physical Settlement is applicable in respect of the relevant Early Redemption Event, any reference to the Collateral Sale Proceeds and the sale of the Collateral Assets shall be deemed to be a reference to a sale of the Issuer's rights under the Collateral Exchange Agreement to receive Equivalent Securities in respect of the Reference Collateral Assets and to the proceeds from such sale where such rights shall be the subject of such sale rather than the securities themselves in accordance with Collateral Security Condition 5.3 and Collateral Security Condition 5.3 shall be construed accordingly. Upon the early termination of the Collateral Exchange Agreement where Collateral Physical Settlement is applicable in respect of an Early Redemption Event and no Related Agreement Counterparty Default has occurred, the Collateral Exchange Counterparty will use commercially reasonable efforts to transfer the equivalent securities in respect of the Received Collateral to the Issuer in accordance with the provisions of the Collateral Exchange Agreement and, the Issuer will transfer equivalent securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty. Where the Collateral Exchange Counterparty is unable (after using commercially reasonable efforts) to transfer Equivalent Securities in respect of all or part of the Received Collateral to the Issuer in accordance with the provisions of the Collateral Exchange Agreement, an amount will be payable by the Collateral Exchange Counterparty to the Issuer as described in Collateral Security Condition 5.4 in lieu of such delivery;
- (b) where Collateral Exchange Agreement – One Way Transfer Securities Lending is specified as applicable in the applicable Final Terms, when required by the Collateral Exchange Counterparty under the terms of the relevant Collateral Exchange Agreement, the Issuer shall be entitled to withdraw some or all of the relevant Specified Reference Collateral Assets from the Collateral Account and deliver such Specified Reference Collateral Assets to the Collateral Exchange Counterparty provided that for the purposes of the applicable Early Redemption

Events, the relevant RCA Issuer, RCA Guarantor and, if applicable, the RCA Parent shall be deemed to be the RCA Issuer, RCA Guarantor and, if applicable the RCA Parent in respect of the Reference Collateral Assets notwithstanding the transfer of the Reference Collateral Assets under the Collateral Exchange Agreement. In accordance with the terms of the relevant Collateral Exchange Agreement, prior to the redemption of the relevant series of Secured Securities and provided that no Early Redemption Event or Event of Default occurs, the Collateral Exchange Counterparty will transfer Equivalent Securities in respect of the Reference Collateral Assets to the Issuer;

- (c) Where Collateral Exchange Agreement – Triparty Transfer is specified as applicable in the applicable Final Terms, when required by the Collateral Exchange Counterparty under the terms of the relevant Collateral Exchange Agreement, the Issuer shall withdraw some or all of the relevant Specified Reference Collateral Assets from the Collateral Account and transfer such Specified Reference Collateral Assets to the Collateral Exchange Counterparty against delivery of Replacement Collateral Assets with a marked to market value at least equal to the product of the Over Collateralisation Level and the marked to market value of such Specified Reference Collateral Assets which are being withdrawn (as calculated by the Triparty Services Agent) provided that for the purposes of the applicable Early Redemption Events, the relevant RCA Issuer, RCA Guarantor and, if applicable, the RCA Parent shall be deemed to be the RCA Issuer, RCA Guarantor and, if applicable the RCA Parent in respect of the Reference Collateral Assets notwithstanding the transfer of the Reference Collateral Assets under the Collateral Exchange Agreement. In accordance with the terms of the relevant Collateral Exchange Agreement, prior to the redemption of the relevant series of Secured Securities and provided that no Early Redemption Event or Event of Default occurs, the Collateral Exchange Counterparty, will procure the transfer of Equivalent Securities in respect of the Reference Collateral Assets to the Issuer and the Triparty Services Agent, on behalf of the Issuer, will transfer Equivalent Securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty. Where a Collateral Exchange Agreement is specified as applicable in the applicable Final Terms and an Early Redemption Event occurs which does not result from a Related Agreement Counterparty Default, save where Collateral Physical Settlement is applicable in respect of the relevant Early Redemption Event, any reference to the Collateral Sale Proceeds and the sale of the Collateral Assets shall be deemed to be a reference to a sale of the Issuer's rights under the Collateral Exchange Agreement to receive Equivalent Securities in respect of the Reference Collateral Assets and to the proceeds from such sale where such rights shall be the subject of such sale rather than the securities themselves in accordance with Collateral Security Condition 5.3 and Collateral Security Condition 5.3 shall be construed accordingly. Where Collateral Exchange Agreement – Triparty Transfer applies to a series of Secured Securities, the Issuer may enter into one or more additional agreements with, inter alios, the Collateral Exchange Counterparty and/or the Triparty Services Agent in addition to the Collateral Exchange Agreement itself and any reference herein to the Collateral Exchange Agreement shall be construed accordingly so as to include such additional agreements save that any termination of such additional agreements shall not constitute a Related Agreement Termination Event.

### 3.9 Credit Support Obligations

Where the Issuer enters into a Credit Support Document with a Swap Counterparty, it may be required to transfer some or all of the relevant Collateral Assets relating to a series of Secured Securities to the Swap Counterparty in order to comply with its obligations under such Credit Support Document but shall

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

not at any time be required to transfer any more than the aggregate amount of Collateral Assets that it holds at such time.

### 3.10 Collateral Substitution by the Swap Counterparty

Where this Collateral Security Condition 3.10 is specified as being applicable in the applicable Final Terms then the Specified Reference Collateral Assets may be substituted in whole or part by the Swap Counterparty provided that no Event of Default has occurred. If applicable, the applicable Final Terms will specify whether the Swap Counterparty (i) may substitute the Specified Reference Collateral Assets in its discretion from time to time or (ii) will be obliged to substitute the Specified Reference Collateral Assets where the Specified Reference Collateral Assets are redeemed in whole or in part for any reason (other than upon an Early Redemption Event in relation to which the Issuer has served an Early Redemption Notice, but including upon its stated maturity save where the maturity or redemption of the Collateral Assets falls within two calendar weeks prior to the Redemption Date of the Securities).

The Swap Counterparty may substitute the Specified Reference Collateral Assets (including, for the avoidance of doubt, any redemption proceeds following the redemption of the Reference Collateral Assets) for (in each case, the "**Qualifying Collateral**"):

- (a) either (i) securities denominated in the Specified Currency issued by the Eligible Collateral Issuer ("**Eligible Collateral Issuer Obligations**") or (ii) Specified Obligations where "Dual Substitution" is specified as applicable in the applicable Final Terms; or
- (b) Eligible Collateral Issuer Obligations where "Single Substitution" is specified in the applicable Final Terms; or
- (c) such other securities which constitute Eligible Collateral in the currency in which the existing Specified Reference Collateral Assets is expressed to be payable where "Alternative Substitution" is specified in the Final Terms.

The Qualifying Collateral to be substituted must be in a principal amount equal (or, if in another currency, the equivalent to the principal amount of the currency in which the Specified Reference Collateral Assets being substituted are expressed to be payable, as determined on the date of such substitution by the Swap Counterparty in its sole discretion) to the then principal amount of Specified Reference Collateral Assets (or, in the case of a substitution or redemption of part only of the Specified Reference Collateral Assets, of the relevant proportion thereof as at the date of such substitution).

The relevant Qualifying Collateral which may be substituted for the relevant Specified Reference Collateral Assets, shall be delivered by the Swap Counterparty to the Collateral Custodian.

By making any substitution pursuant to this Collateral Security Condition 3.10, the Swap Counterparty shall be deemed to agree with the Issuer and the French Collateral Security Agent that its obligations under the Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

The relevant Collateral Assets to be substituted shall, provided that the conditions for substitution referred to in this Collateral Security Condition 3.10 are met, be automatically released from the security created in respect of them under the Security Agreements. The Issuer, the French Collateral Security Agent (at the request and cost of the Issuer) and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required to give effect to the creation of security over any replacement securities, in the manner set out

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

in this Collateral Security Condition 3.10. The French Collateral Security Agent shall have no obligation to monitor the Collateral Assets held in the Collateral Account at any time or to verify whether any substituted Specified Reference Collateral Assets constitute Qualifying Collateral, and shall have no obligation to investigate whether any substitution has been effected in accordance with this Collateral Security Condition 3.10.

After any substitution, references in these Collateral Security Conditions and the Security Agreements to Specified Reference Collateral Assets shall be construed as references to the Specified Reference Collateral Assets as substituted then comprised in the Charged Assets and references to "Charged Assets" shall be deemed to include any additional assets or rights charged or assigned in favour of the French Collateral Security Agent pursuant to such substitution.

If "Notice of Substitution" is specified as applicable in the applicable Final Terms, the Issuer shall give notice of any substitution under this Condition 3.10 to Holders in accordance with Security Condition 10.

Where this Collateral Security Condition 3.10 applies and "Notice of Substitution" is not specified as applicable in the applicable Final Terms, the French Collateral Security Agent and any Holders may on any Business Day require the Issuer to notify them of the composition of the Collateral Assets at such time.

### 3.11 Transfer of Specified Reference Collateral Assets upon termination of the Swap Agreement

Where the applicable Final Terms specify that the relevant series of Secured Securities is a SB/JGB Repackaging, upon termination of a Swap Agreement, the Swap Counterparty will, in addition to any other amount payable upon such termination (if any), either:

- (a) where the Secured Securities are to be redeemed by payment of an amount under Collateral Security Condition 5.9 or Collateral Security Condition 5.10 calculated by reference to the Reference Price, pay the Issuer an amount equal to the product of the Notional Amount outstanding of the Secured Securities and the Reference Price; or
- (b) where the Secured Securities are to be redeemed by delivery of Specified Obligations pursuant to Collateral Security Condition 5.9 or Collateral Security Condition 5.10, deliver Specified Obligations, the subject of such Swap Agreement, in a nominal amount equal to the Notional Amount outstanding of the Secured Securities (or, where Collateral Security Condition 5.11 is applicable, the lesser of the Notional Amount outstanding of the Secured Securities and the relevant Reference Partial Redemption Amount),

in both cases against delivery of the Specified Reference Collateral Assets or, where applicable, the redemption proceeds thereof (or in the case of a partial redemption pursuant to Collateral Security Condition 5.11, against delivery of Specified Reference Collateral Assets (or the redemption proceeds thereof) with a nominal amount equal to the relevant Reference Partial Redemption Amount) to the Swap Counterparty by or on behalf of the Issuer;

### 3.12 Related Agreements

The Issuer may enter into one or more Related Agreement(s) including a Swap Agreement. Under the Swap Agreement payments will be made on Swap Business Days. Where in the applicable Final Terms any of the Repurchase Agreement, Swap Agreement or Collateral Exchange Agreement are specified to be not applicable, references in these Collateral Security Conditions to such document or agreement and

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

to any Swap Counterparty, Repo Counterparty or Collateral Exchange Counterparty, as the case may be, shall not be applicable.

### 3.13 Currency Conversion

Where any Collateral Assets which are denominated in a currency other than the Settlement Currency (such other currency the "**Other Currency**") are sold in accordance with Collateral Security Condition 5 or Collateral Security Condition 7 or the Issuer receives any amounts in an Other Currency which are to be paid to the Holders, such amounts will be converted into the Settlement Currency at an exchange rate determined by the Calculation Agent in a commercially reasonable manner unless Early Redemption Amount – FX Adjustment is specified as applicable in the applicable Final Terms, in which case, where applicable, any amounts resulting from the sale of Collateral Assets shall be converted into the Settlement Currency using the Initial FX Rate (in the case of Collateral Security Condition 5) or by the French Collateral Security Agent or any agent of the French Collateral Security Agent (in the case of Collateral Security Condition 7) at the market rate available to the French Collateral Security Agent in each case immediately prior to the payment of the relevant amount to the Holders.

### 3.14 Adjustments to the RCA Nominal Amount

Where RCA Nominal Amount Reweighting is specified to be applicable in the applicable Final Terms, following the issue of further Certificates pursuant to Security Condition 12 or the purchase and cancellation of Certificates pursuant to Security Condition 8.1, the RCA Nominal Amount of each of the Specified Reference Collateral Assets shall be subject to adjustment as follows:

- (a) immediately following any change to the aggregate Notional Amount of the Secured Securities, the Calculation Agent shall determine a Settlement Currency-equivalent nominal amount of each Specified Reference Collateral Assets based on the respective RCA Weighting multiplied by the revised aggregate Notional Amount of the Secured Securities, such amounts, the "**Theoretical RCA Nominal Amount**";
- (b) in respect of each Specified Reference Collateral Asset, the Issuer shall be required to hold a RCA Nominal Amount differing no more than such Specified Reference Collateral Asset's RCA Minimum Transfer Amount in absolute terms from the related Theoretical RCA Nominal Amount and calculated using the Initial FX Rates (where applicable) ("**RCA Condition A**");
- (c) the total of the RCA Nominal Amounts of the Specified Reference Collateral Assets (converted into the Settlement Currency using the Initial FX Rates, if applicable) shall differ by no more than the Minimum Divergence Amount in absolute terms from the aggregate Notional Amount of the Secured Securities ("**RCA Condition B**");
- (d) where changes to the RCA Nominal Amount are required to satisfy, as far as possible, RCA Condition A and RCA Condition B, the Calculation Agent shall direct the Issuer which Specified Reference Collateral Assets to dispose of or acquire and in what amounts, as applicable;
- (e) where the Issuer only needs to dispose of or acquire an amount of some (and not all) the Specified Reference Collateral Assets in order to satisfy, as far as possible, RCA Condition A and RCA Condition B, the following order of priority shall apply:
  - (i) where the aggregate Notional Amount of the Secured Securities has increased, the Issuer shall acquire an amount of the Specified Reference Collateral Assets with the largest shortfall between the RCA Nominal Amount and the Theoretical RCA Nominal

Amount (each converted into the Settlement Currency using the Initial FX Rates, if applicable);

- (ii) where the aggregate Notional Amount of the Secured Securities has decreased, the Issuer shall dispose of a nominal amount of the Specified Reference Collateral Assets with the largest surplus between its RCA Nominal Amount (converted into the Settlement Currency using the Initial FX Rates, if applicable) and Theoretical RCA Nominal Amount;
  - (iii) where the application of subs-paragraphs (i) or (ii), as applicable does not lead to the selection of a single one Specified Reference Collateral Asset to be disposed or acquired, the relevant Specified Reference Collateral Assets shall be ordered by their outstanding amounts (converted into the Settlement Currency using the Initial FX Rates, if applicable), ordered with the largest first; and
  - (iv) where the application of sub-paragraph (iii) does not lead to the selection of a single one Specified Reference Collateral Asset to be disposed of or acquired, such Specified Reference Collateral Assets shall be prioritised according to the order in which they are listed in the Final Terms under the heading "Reference Collateral Assets";
- (f) if the transfer by the Issuer of any amount of a Specified Reference Collateral Asset would cause the Issuer to hold an amount of such Specified Reference Collateral Asset which is smaller than its Minimum RCA Transfer Amount, then the amount to be transferred by the Issuer shall be deemed to be the Issuer's entire holding of such Specified Reference Collateral Asset;
  - (g) if RCA Condition B has been breached but RCA Condition A has not been breached, incremental action shall be taken with respect to the Specified Reference Collateral Assets until RCA Condition B is satisfied. If such action results in a breach of RCA Condition A, no further action shall be taken;
  - (h) if RCA Condition A has been breached but RCA Condition B has not been breached, incremental action shall be taken with respect to the Specified Reference Collateral Assets until RCA Condition A is satisfied. If such action results in a breach of RCA Condition B, no further action shall be taken;
  - (i) if both RCA Condition A and RCA Condition B have been breached, incremental action shall be taken with respect to the Specified Reference Collateral Assets until RCA Condition B is satisfied. If RCA Condition A remains breached, no further action shall be taken;
  - (j) following any changes to the RCA Nominal Amount in respect of any Specified Reference Collateral Asset in accordance with this Collateral Security Condition 3.14, the Issuer will notify the Holders in accordance with Security Condition 10 (Notices) with the updated RCA Nominal Amount of each Specified Reference Collateral Asset;
  - (k) for the avoidance of doubt, if following any change to the aggregate Notional Amount of the Securities, RCA Condition A and RCA Condition B are both satisfied, then no changes to the RCA Nominal Amount of any Specified Reference Collateral Asset shall be made; and
  - (l) where this Collateral Security Condition 3.14 applies, Collateral Security Conditions 5.17-5.19 (inclusive) shall not apply.

### 4. Guarantee

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Subject as provided below and in the relevant Guarantee, BNPP has unconditionally and irrevocably guaranteed to each Holder that, if, following the occurrence of an Enforcement Event and enforcement of the Security Interests in respect of the relevant Collateral Pool and the calculation of the relevant Security Termination Amount, for any reason the Issuer does not pay the Security Termination Amount in respect of a Secured Security in full and, where Physical Delivery of Collateral is applicable, is deemed not to have paid the Calculated Security Termination Amount in respect of a Secured Security in full, BNPP will not later than five Paris Business Days (as defined in the relevant Guarantee) after a demand has been made on BNPP pursuant thereto (without requiring the relevant Holder first to take steps against the Issuer or any other person) pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds as though BNPP were the principal obligor in respect of such obligation provided that BNPP shall not be obliged to make any payment under this Guarantee in respect of a Secured Security until the Collateral Assets in the Collateral Pool securing such Secured Security have been realised or liquidated in full and distributed in the manner set out in Collateral Security Condition 7 and/or where, Physical Delivery of Collateral is applicable, the Latest Delivery Date has occurred.

### 5. Early Redemption

#### 5.1 Early Redemption Events

Where any Early Redemption Events are applicable to a series of Securities, then each Security shall be redeemed early by the Issuer in accordance with this Collateral Security Condition 5 following the delivery of an Early Redemption Notice by, or on behalf of, the Issuer at its Early Redemption Amount on the Early Redemption Date or, where Collateral Physical Settlement is applicable in respect of the relevant Early Redemption Event, redeemed early by the Issuer in accordance with this Collateral Security Condition 5 following the delivery of an Early Redemption Notice by, or on behalf of, the Issuer by delivery of the Early Redemption Delivery Share applicable to such Security and payment of a pro rata share of any Early Residual Proceeds Amount provided that Secured Securities which are specified to be SB/JGB Repackagings will be redeemed in accordance with Collateral Security Condition 5.9 or Collateral Security Condition 5.10, as applicable and provided further that where Asset Redemption Event is an applicable Early Redemption Event in respect of a series of Securities and RCA Call Event and/or RCA Makewhole Event are applicable Early Redemption Events, where the Specified Reference Collateral Assets are redeemed early in circumstances which would constitute both an Asset Redemption Event and a RCA Call Event and/or a RCA Makewhole Event, as applicable, such redemption shall be treated as a RCA Call Event or RCA Makewhole Event, as the case may be, rather than an Asset Redemption Event.

#### 5.2 Sale or delivery of Collateral Assets

Following the occurrence of an Early Redemption Event and delivery of an Early Redemption Notice, save where Collateral Physical Settlement is applicable in respect of the relevant Early Redemption Event or where one of Adjusted Auction Final Price Redemption Amount, Adjusted Bond Sale Price Redemption Amount or Auction Final Price Redemption Amount is specified as the Early Redemption Amount in the applicable Final Terms, the Issuer shall as soon as reasonably practicable arrange for the sale of the Specified Reference Collateral Assets or, if the Issuer or the Calculation Agent determines that it is not possible to arrange for a sale of the Specified Reference Collateral Assets, the Issuer shall use commercially reasonable efforts to realise the economic value of the Issuer's rights in respect of the Specified Reference Collateral Assets (and in connection therewith may appoint an agent to assist it in arranging such sale or realisation, a "**Collateral Disposal Agent**") in accordance with Collateral Security Condition 5.3 provided that, where the relevant Early Redemption Event which has occurred is a RCA Early Call Event, an Adjusted Asset Redemption Event or an Asset Redemption Event unless Collateral

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Sale is specified as applicable in respect of such Early Redemption Event in the applicable Final Terms, the Issuer or any Collateral Disposal Agent (on its behalf) will not attempt to sell the relevant Specified Reference Collateral Assets in respect of which the relevant Early Redemption Event has occurred in accordance with Collateral Security Condition 5.3 and instead will use an amount equal to the product of (a) the redemption proceeds received from the early redemption of the Specified Reference Collateral Assets and (b) the Collateralised Percentage and any amounts received under any applicable Related Agreement to redeem the Securities and pay other amounts due in connection with the early redemption of the Securities provided further that where a sale of Credit Support Assets would be undertaken in accordance with the last paragraph of Collateral Security Condition 5.3, such sale shall still take place in the circumstances set out in the last paragraph of Collateral Security Condition 5.3 where a RCA Early Call Event, an Adjusted Asset Redemption Event or an Asset Redemption Event is the relevant Early Redemption Event which is the subject of the relevant Early Redemption Notice notwithstanding that Collateral Security Condition 5.3 would not otherwise apply and the Issuer may appoint a Collateral Disposal Agent in respect of any such sale.

Where one of Adjusted Auction Final Price Redemption Amount, Adjusted Bond Sale Price Redemption Amount or Auction Final Price Redemption Amount is specified as the Early Redemption Amount in the applicable Final Terms, on the Early Redemption Date, the Issuer shall transfer the relevant Specified Reference Collateral Assets to the Swap Counterparty and the Swap Counterparty will pay an amount equal to the aggregate of the relevant Early Redemption Amounts payable in respect of the Secured Securities or, at the request of the Swap Counterparty, the Issuer will sell the relevant Specified Reference Collateral Assets in accordance with this Collateral Security Condition 5.2 and Collateral Security Condition 5.3 (as if Standard Early Redemption Amount had been specified as the Early Redemption Amount in the applicable Final Terms), in which case, on the Early Redemption Date, the Issuer will pay the relevant Collateral Sale Proceeds to the Swap Counterparty and the Swap Counterparty will pay an amount equal to the aggregate of the relevant Early Redemption Amounts payable in respect of the Secured Securities to the Issuer provided that if a Fallback Settlement Event (as defined in Annex 12) occurs and Alternative Early Redemption Amount, Bond Sale Price Redemption Amount or Standard Early Redemption Amount has been specified as the Early Redemption Fallback Method, the Issuer will sell the relevant Specified Reference Collateral Assets in accordance with this Collateral Security Condition 5.2 and Collateral Security Condition 5.3 (as if Alternative Early Redemption Amount, Bond Sale Price Redemption Amount or Standard Early Redemption Amount had been specified as the Early Redemption Amount in the applicable Final Terms).

Where Bond Sale Price Redemption Amount is specified as the Early Redemption Amount in the applicable Final Terms and Early Redemption Amount - FX Adjustment is also specified as applicable in the applicable Final Terms, where the Collateral Sale Proceeds when converted into the Settlement Currency at the Initial FX Rate (the "**Initial FX Collateral Proceeds Amount**") is an amount greater than the Collateral Sale Proceeds converted at the spot exchange rate into the Settlement Currency by the Calculation Agent (the "**Spot FX Collateral Proceeds Amount**"), the Swap Counterparty will pay an amount to the Issuer equal to the amount by which the Initial FX Collateral Proceeds Amount is greater than the Spot FX Collateral Proceeds Amount or where the Spot FX Collateral Proceeds Amount is greater than the Initial FX Collateral Proceeds Amount, the Issuer will pay an amount to the Swap Counterparty equal to the amount by which the Spot FX Collateral Proceeds Amount is greater than the Initial FX Collateral Proceeds Amount.

### 5.3 Sale of Collateral Assets

Where this Collateral Security Condition 5.3 is applicable, the Issuer or the Collateral Disposal Agent shall on the Initial Collateral Valuation Date (which must fall within the Initial Collateral Valuation

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Period) seek firm bid quotations for the sale of the relevant Collateral Assets in respect of the relevant series of Secured Securities from at least three dealers in assets such as the relevant Specified Reference Collateral Assets (and, for such purpose, it may seek quotations in respect of such Collateral Assets in their entirety or in respect of designated tranches thereof, as it considers appropriate) provided that at least one of such dealers shall be BNP Paribas SA where:

- (a) the Collateral Disposal Agent may itself provide a bid in respect of the relevant Collateral Assets relating to the relevant series of Secured Securities or any tranche thereof; and
- (b) the Issuer shall and shall be authorised to accept in respect of each relevant tranche or, as applicable, the entirety of the relevant Collateral Assets the highest such quotation so obtained (which may be a quotation from the Collateral Disposal Agent) provided that where the highest quotation is not received from BNP Paribas, BNP Paribas shall be given the opportunity to submit a revised quotation which is at least equal to the highest quotation (a "**Matching Quotation**") and if BNP Paribas does submit such a Matching Quotation, the Issuer will sell the relevant Collateral Assets to BNP Paribas.

Subject as may otherwise be provided for in these Collateral Security Conditions or the Final Terms, in effecting the sales, the Issuer may sell the relevant Collateral Assets relating to the relevant series of Secured Securities in one single tranche or in smaller tranches as it considers appropriate in order to attempt reasonably to maximise the proceeds from such sale. If the Issuer and/or the Collateral Disposal Agent does not receive at least two quotations for all the Collateral Assets on the Initial Collateral Valuation Date (including a quotation from BNP Paribas), it shall attempt to sell the Collateral Assets on at least two other Business Days during the Collateral Valuation Period in the manner set out above provided that, if on any subsequent Collateral Valuation Date other than the Initial Collateral Valuation Date during the Collateral Valuation Period, the Issuer and/or the Collateral Disposal Agent only receive one firm bid quotation for the relevant Collateral Assets, the Issuer may sell the Collateral Assets to the relevant dealer which has provided such firm bid quotation and, if BNP Paribas is the only dealer that is willing to provide a firm bid quotation for the Collateral Assets, the Issuer may sell the Collateral Assets to BNP Paribas. If, after the third such attempted sale (including the Initial Collateral Valuation Date), the Issuer and the Collateral Disposal Agent (if any) have still received no firm bid quotations for the relevant Collateral Assets, the relevant Collateral Assets shall be deemed to have a value of zero and the Issuer shall have no further obligation to attempt to sell the Collateral Assets.

The Issuer will not sell Collateral Assets which are Credit Support Assets (other than those received by the Issuer under a Repurchase Agreement) and references to Collateral Assets in this Collateral Security Condition 5.3 shall be construed accordingly unless (i) the relevant Early Redemption Event is a Related Agreement Termination Event where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement) under the relevant Swap Agreement or, where applicable, the Collateral Exchange Counterparty is the defaulting party under the Collateral Exchange Agreement or (ii) a Swap Agreement Termination Payment is due from the Swap Counterparty to the Issuer, or as the case may be, a Collateral Exchange Agreement Termination Payment is due from the Collateral Exchange Counterparty to the Issuer and such payment is not made when due under the relevant Related Agreement, in which case the Collateral Assets which are to be sold in accordance with this Collateral Security Condition 5.3 shall include any Credit Support Assets and Replacement Collateral Assets held by the Issuer.

### 5.4 Collateral Physical Settlement

Following the occurrence of an Early Redemption Event and delivery of an Early Redemption Notice, where Collateral Physical Settlement has been specified as applicable in respect of the relevant Early Redemption Event in the applicable Final Terms, the Issuer shall as soon as reasonably practicable

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

deliver the Available Specified Reference Collateral Assets to the Holders. Where delivery of the Specified Reference Collateral Assets is due to be made in respect of Securities, Security Conditions 30 and 35.2 shall apply and, for such purposes, the Securities shall be deemed to be Physical Delivery Securities, notwithstanding the terms of Security Condition 35.2(a)(iii), the Delivery Date shall be the Early Redemption Date (unless specified otherwise in the applicable Final Terms) and the Entitlement (unless specified otherwise in the applicable Final Terms) shall be deemed to be the delivery of the Early Redemption Delivery Share applicable to such Security and the Issuer shall pay a pro rata share of the sum of any Early Residual Proceeds Amount, Credit Support Sale Proceeds and/or Early Redemption Additional Proceeds Amount (after the use of such sums to pay any Early Redemption Costs) in respect of each Certificate on the applicable Delivery Date. Where the Issuer has entered into a Collateral Exchange Agreement with the Collateral Exchange Counterparty if, upon the termination of the Collateral Exchange Agreement following the occurrence of an Early Redemption Event where no Related Agreement Counterparty Default has occurred, the Collateral Exchange Counterparty is unable (after using commercially reasonable efforts) to transfer Equivalent Securities in respect of all or part of the Received Collateral to the Issuer in accordance with the provisions of the Collateral Exchange Agreement (such securities which are not transferred being "**Undelivered Equivalent Securities**"), the Collateral Exchange Counterparty will pay an amount equal to the fair market value (as determined by the Collateral Exchange Counterparty) of the relevant Undelivered Equivalent Securities to the Issuer in lieu of such delivery by way of a termination payment and, for the avoidance of doubt, such amount shall form part of the Early Redemption Additional Proceeds Amount.

Prior to determining the Early Redemption Delivery Share in respect of each Secured Security, the Issuer shall determine the cash amount which is equal to the sum of the Credit Support Sale Proceeds and the Early Redemption Additional Proceeds Amount and whether such cash sum is sufficient to satisfy any applicable Early Redemption Costs in full. If such sum is not sufficient to satisfy the applicable Early Redemption Costs in full, the Calculation Agent shall then calculate the amount of Specified Reference Collateral Assets which are required to be sold in order to pay any Early Redemption Costs after the application of such Credit Support Sale Proceeds and Early Redemption Additional Proceeds Amount to pay such Early Redemption Costs and the Issuer shall arrange for the sale of the relevant amount of Specified Reference Collateral Assets to meet any unsatisfied Early Redemption Costs and any proceeds from such sale remaining after payment of such Early Redemption Costs shall be the "**Early Residual Proceeds Amount**" and shall be paid in accordance with this Collateral Security Condition 5.4.

In connection with any such delivery in respect of the Secured Securities, such delivery shall be made in accordance with Security Conditions 30 and 35.2 and the Entitlement and Entitlement Amount shall be deemed to be a Security's Early Redemption Delivery Share. The Issuer shall be entitled to appoint one or more agents to assist it with the delivery of the Entitlement and sale required of Collateral Assets required to be made in accordance with this Collateral Security Condition 5.4.

In connection with such delivery, (i) Security Conditions 5.3, 5.4 and 5.5 shall not apply, (ii) for the purposes of Security Condition 11.1, Security Expenses shall be deemed to include any expenses and costs which are incurred in delivery of the Collateral Assets in accordance with this Collateral Security Condition 5.4, (iii) the Issuer shall be entitled to deduct from the assets deliverable to Holders all Security Expenses not previously deducted from amounts paid or assets delivered to Holders, as the Issuer shall determine are attributable to the relevant Secured Securities and (iv) any reference in the Security Conditions to "Relevant Assets" shall be deemed, in connection with a delivery of Collateral Assets in accordance with this Collateral Security Condition 5.4, to be a reference to "Specified Reference Collateral Assets".

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

The final sentence of the first paragraph of Security Condition 35.2(c) shall not apply and the Collateral Assets which it is not possible to deliver to a Holder due to such rounding shall, if and to the extent practicable, be sold by the Issuer (or by such agent as may be appointed by the Issuer for such purpose) and a pro rata share of the resulting amount (the "**Rounding Amount**") shall be paid to each Holder whose Entitlement is subject to such rounding.

Any reference in the Security Conditions to Relevant Assets shall be deemed to be, in connection with an Early Redemption Event, a reference to the Specified Reference Collateral Assets which are comprised in the Entitlement for such Secured Security. Where Collateral Physical Settlement is applicable and the relevant Specified Reference Collateral Assets have redeemed prior to the date on which the Specified Reference Collateral Assets are delivered, in lieu of such delivery, the Holder shall be entitled to payment of a pro rata share of such redemption proceeds after payment of any Early Redemption Costs. Where Collateral Physical Settlement is applicable and (i) the Issuer is holding Credit Support Assets relating to the relevant series of Secured Securities, (ii) such Credit Support Assets are Margin Securities and/or (iii) where (A) the relevant Early Redemption Event is a Related Agreement Termination Event where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement) under the relevant Swap Agreement or, where applicable, the Collateral Exchange Counterparty is the defaulting party under the Collateral Exchange Agreement or (B) a Swap Agreement Termination Payment is due from the Swap Counterparty to the Issuer, or, as the case may be, a Collateral Exchange Agreement Termination Payment is due from the Collateral Exchange Counterparty to the Issuer, and, where either (A) or (B) applies, such payment is not made when due under the relevant Related Agreement, the relevant Credit Support Assets shall be sold in the manner set out in Collateral Security Condition 5.3. In addition, where the Collateral Exchange Counterparty is the defaulting party under the Collateral Exchange Agreement and the Issuer is holding Replacement Collateral Assets, such Replacement Collateral Assets shall be sold in the manner set out in Collateral Security Condition 5.3. The sale proceeds in respect thereof shall be first used to pay any Early Redemption Costs before the Issuer or the Collateral Disposal Agent sells any Specified Reference Collateral Assets and any proceeds of such sale shall be treated as Credit Support Sale Proceeds for the purposes of the first two paragraphs of this Collateral Security Condition 5.4.

The Issuer will not deliver Collateral Assets which are Credit Support Assets or Replacement Collateral Assets to the Holders and references in this Collateral Security Condition 5.4 to Collateral Assets shall be construed accordingly.

Where Collateral Physical Settlement has been specified as applicable in the applicable Final Terms and a Settlement Disruption Event occurs, Security Condition 5.1 (as amended in Collateral Security Condition 8.8) shall apply.

Where "Essential Trigger" is specified in the applicable Final Terms, Collateral Physical Settlement will not apply.

### 5.5 Annex Early Redemption Events

Where the Early Redemption Notice relates to an Annex Early Redemption Event, the amount payable on redemption of the Securities will be the Early Redemption Amount determined pursuant to this Collateral Security Condition 5 and not the fair market value of the Security or other amount set out in the relevant applicable Annex or in Security Condition 15 or Security Condition 34.12 and/or where Annex Early Redemption Event – External Event is specified as applicable in the applicable Final Terms and the Issuer elects to redeem the Securities in accordance with Security Condition 7.1 or 7.2, any amount which could otherwise be payable in accordance with such Security Condition 7.1 or 7.2, provided that, where Essential Trigger is specified as applicable in the applicable Final Terms, where the

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Issuer elects to redeem the Securities in accordance with Security Condition 7.1 or 7.2, the amount which will be payable will be the Early Redemption Amount calculated in accordance with the definition of ERE Force Majeure/No Unwind Costs.

### 5.6 Credit Notional Value Repack Securities

Where the Secured Securities are Credit Notional Value Repack Securities, Credit Security Conditions 2(b)(i), 2(b)(iii), or 2(g) shall not apply to the Secured Securities and instead, save where Credit Linked Interest Only is specified as applicable in the applicable Final Terms, following the occurrence of an Event Determination Date, the applicable Early Redemption Amount will be payable. Where an event occurs which would lead to an early redemption of the Secured Securities in accordance with Credit Security Conditions 2(d) or 2(e), an Annex Early Redemption Event shall be deemed to have occurred and the amount payable on redemption of the Securities will be the Early Redemption Amount determined in accordance with these Collateral Security Conditions and not the fair market value of the Security.

Save where Credit Linked Interest Only is specified as applicable in the applicable Final Terms, where an Event Determination Date occurs in respect of a Credit Event (as defined in Annex 12 (Additional Terms and Conditions for Credit Securities)) which is a Restructuring and the Exercise Amount is for an amount less than the aggregate Notional Amount outstanding of the Securities, the Securities shall be partially redeemed ("**Credit Partial Redemption**") pro rata in an amount equal to the Exercise Amount (the "**Credit Partial Redemption Amount**"). The Securities, in an amount equal to the aggregate Notional Amount outstanding prior to any Credit Partial Redemption less the relevant Credit Partial Redemption Amount, shall remain outstanding and the words "Notional Amount of the Secured Securities" or "nominal value" should be construed accordingly where relevant. Interest (if applicable) shall continue to accrue on the Notional Amount outstanding of the Secured Securities following the reduction in such Notional Amount outstanding upon a Credit Partial Redemption in accordance with Security Condition 32.

### 5.7 Scheduled Repayment of Collateral Assets

Where either (a) more than one issue or type of Specified Reference Collateral Asset is specified in respect of a series of Secured Securities in the applicable Final Terms and one of the Specified Reference Collateral Assets is scheduled to mature prior to the Redemption Date or (b) the relevant Specified Reference Collateral Assets are scheduled to redeem in part from time to time, unless (i) Amortisation Trigger is specified as applicable in respect of the relevant Reference Collateral Assets, (ii) the applicable Final Terms specify that the Securities are RCA Instalment Certificates, (iii) the applicable Final Terms specify that Partial Early Redemption applies with respect to the Securities or (iv) RCA Makewhole Event is an applicable Early Redemption Event and a RCA Makewhole Event occurs (in which latter case Collateral Security Condition 5.12 shall apply), in the event that some only of the Reference Collateral Assets in the relevant Collateral Pool are redeemed (the "**Repayable Assets**") or part of the principal amount of a Specified Reference Collateral Asset is redeemed in accordance with its terms (a "**Partial Redemption**"), each Security will be partially redeemed on a pro rata basis, in a notional amount equal to the proportion of the then outstanding aggregate notional amount of the Securities that the principal amount of the Repayable Assets or the principal amount of the Partial Redemption (together, a "**Notional Reduction Amount**") bears to the aggregate principal amount of all of the Specified Reference Collateral Assets and no Early Redemption Event shall be deemed to have occurred. Any such redemption shall occur not later than 10 Business Days following the date on which the Issuer receives the relevant redemption proceeds in respect of the relevant Specified Reference Collateral Assets. Interest (if applicable) shall continue to accrue on the Notional Amount outstanding of the Secured

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Securities following the reduction in such Notional Amount by the relevant Notional Reduction Amount in accordance with Security Condition 32.

### 5.8 Market Value Put Option

If so provided in the applicable Final Terms, the Holder(s) of 100 per cent. of the Secured Securities of a series which is secured by a Single Series Collateral Pool will have the option (the "**Market Value Put Option**") to require the Issuer to redeem the Securities at any time prior to the scheduled Redemption Date by payment to each Holder of an amount that is equal to such Holder's pro rata share of the Put Option Redemption Amount. The date for redemption following the exercise by the Holder(s) of the Market Value Put Option shall be the date falling 10 Business Days after the date on which the relevant Securities together with a Put Notice (where there is only one Holder) or the last Put Notice (where there are two or more Holders and each of them has exercised the Market Value Put Option) are deposited with a Security Agent (the "**Put Optional Redemption Date**"), provided that, if in the discretion of the Calculation Agent it is not practicable or possible to redeem the Securities on such date, the Issuer shall redeem the Securities on a date determined by the Calculation Agent.

To exercise the Market Value Option, the Holder of the Certificate must deliver at the specified office of any Security Agent at any time during normal business hours of such Security Agent falling within the Holder' Option Period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Security Agent (a "**Put Notice**") and in which the Holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Collateral Security Condition 5.8, accompanied by the Certificate or evidence satisfactory to the Security Agent concerned that the Certificate will, following delivery of the Put Notice, be held to its order or under its control in a manner reasonably satisfactory to the Security Agent concerned.

To exercise the right to require redemption of the Certificate the Holder of the Certificate must, within the Holders' Option Period, give notice to the Security Agent concerned of such exercise in accordance with the standard procedures of Euroclear France (which may include notice being given on such Holder's instruction by Euroclear France or any common depositary for it to the Security Agent by electronic means) in a form acceptable to Euroclear France.

### 5.9 Early Redemption in respect of SB/JGB Repackagings - standard

Where the applicable Final Terms specify that the relevant series of Secured Securities is a SB/JGB Repackaging and the method of early redemption is specified as being "Standard":

- (a) For the purposes of the Collateral Security Conditions, the delivery of a Reference Collateral Credit Event Notice in respect of a Reference Collateral Credit Event shall be deemed to be an Early Redemption Event.
- (b) Following the delivery by the Calculation Agent of a Reference Collateral Credit Event Notice in respect of a Specified Reference Entity, the Issuer shall give notice to the Holders in accordance with Security Condition 10 of the redemption of the relevant series of Secured Securities to occur on the date falling three Business Days after the Calculation Date, and shall redeem the Securities on such date by payment to each Holder of such Holder's pro rata share of an amount which is equal to the product of the Notional Amount outstanding of the Securities and the Reference Price (which shall be expressed as a percentage) less any amounts payable in respect of any French Collateral Security Agent's fees, costs and expenses.

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

- (c) Following the delivery by the Calculation Agent of a Reference Collateral Credit Event Notice in respect of an Eligible Collateral Issuer, the Issuer shall give notice to the Holders in accordance with Security Condition 10 of the redemption of the relevant series of Secured Securities to occur on the date specified in the notice, which shall be the date falling three Business Days after the service of such notice, and shall redeem the Securities on such date by procuring the delivery to each Holder of such Holder's pro rata share of the Specified Reference Collateral Assets (after rounding down such entitlement to the largest amount of Specified Reference Collateral Assets which is transferable) or, if before its delivery the Specified Reference Collateral Assets are redeemed, the payment to each Holder of such Holder's pro rata share of the redemption proceeds thereof.

The Issuer will procure that the Specified Reference Collateral Assets to be delivered pursuant to this Collateral Security Condition 5.9(c) are delivered in accordance with the physical settlement procedures set out in Collateral Security Condition 5.4 provided for such purpose there shall be deemed to be no Early Redemption Costs.

- (d) Following the occurrence of an Early Redemption Event other than a Reference Collateral Credit Event in respect of the Specified Reference Entity or the Eligible Collateral Issuer, the Issuer may give notice to the Holders in accordance with Security Condition 10 of the redemption of the Securities to occur on the date specified in the notice, which shall be the date falling 30 Business Days after the Early Redemption Notice is delivered, and shall redeem the Securities on such date by procuring the delivery to each Holder of such Holder's Early Redemption Delivery Share in respect of each Security it holds.

The Issuer will procure that the Specified Reference Collateral Assets to be delivered pursuant to this Collateral Security Condition 5.9(d) are delivered in accordance with the physical settlement procedures set out in Collateral Security Condition 5.4.

- (e) For the avoidance of doubt, where delivery of securities is to be made to Holders in accordance with Collateral Security Condition 5.9(c) or (d), as set out in Collateral Security Condition 5.4, a Holder will also receive a pro rata share of the sum of any Early Residual Proceeds Amount and/or Additional Proceeds Amount after, in the case of Collateral Security Condition 5.9(d) only, the use of such sums to pay any Early Redemption Costs and each Holder whose Entitlement is subject to rounding as referred to in Collateral Security Condition 5.4, will receive a pro rata share of Rounding Amount in accordance with Collateral Security Condition 5.4.
- (f) For the avoidance of doubt, any Swap Agreement Termination Payment payable upon the termination of the Swap Agreement in connection with the relevant Early Redemption Event will, where applicable, take into account the value of the Swap Counterparty's option (if any) to substitute Specified Obligations for the Specified Reference Collateral Assets as set out in Collateral Security Condition 3.10, including the credit risk of the relevant RCA Reference Entity.

### 5.10 Early Redemption in respect of SB/JGB Repackagings - Payment of Reference Price or Delivery of Specified Obligations

Where the applicable Final Terms specify that the relevant series of Secured Securities is a SB/JGB Repackaging and the method of early redemption is specified as being "Payment of Reference Price" or "Delivery of Specified Obligations":

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

- (a) For the purposes of the Collateral Security Conditions, the delivery of a Reference Collateral Credit Event Notice in respect of a Reference Collateral Credit Event shall be deemed to be an Early Redemption Event.
- (b) Following the delivery by the Calculation Agent of a Reference Collateral Credit Event Notice in respect of a Specified Reference Entity, the Issuer shall give notice to the Holders in accordance with Security Condition 10 of the redemption of the relevant series of Secured Securities (or part thereof where Collateral Security Condition 5.11 is applicable) to occur on the date specified in the notice, which shall, unless the applicable Final Terms provides otherwise, be the date falling 3 Business Days after the Calculation Date, and shall redeem the Securities (or part thereof where Collateral Security Condition 5.11 is applicable) on such date by:
  - (i) if "Payment of Reference Price" is specified in the applicable Final Terms, payment to each Holder of such Holder's pro rata share of an amount which is equal to the product of the Notional Amount outstanding of the Securities and the Reference Price (which shall be expressed as a percentage) less any amounts payable in respect of any French Collateral Security Agent's fees, costs and expenses and as adjusted for any termination payment due under any relevant Swap Agreement; or
  - (ii) if "Delivery of Specified Obligations" is specified in the applicable Final Terms, delivery of such Holder's pro rata share of Specified Obligations with a nominal amount outstanding equal to the Notional Amount outstanding of the Secured Securities (or, where Collateral Security Condition 5.11 is applicable, the lesser of the Notional Amount outstanding of the Secured Securities and the relevant Reference Partial Redemption Amount), remaining after the sale by the Issuer of Specified Obligations to finance payment of any French Collateral Security Agent's fees, costs and expenses and of any Swap Agreement Termination Payment due from the Issuer to the Swap Counterparty and after rounding down such entitlement to the largest amount of Specified Obligations which is transferable. In such circumstances, the Issuer will ensure that the Specified Obligations to be delivered pursuant to this Collateral Security Condition 5.10 are delivered in accordance with the physical settlement procedures set out in Collateral Security Condition 5.4 to the relevant Holder, provided that any reference therein to the Specified Reference Collateral Assets shall be deemed to be a reference to the relevant Specified Obligations.
- (c) Following the occurrence of an Early Redemption Event other than a Reference Collateral Credit Event in respect of the Specified Reference Entity, the Issuer may give notice to the Holders in accordance with Security Condition 10 of the redemption of the Securities to occur on the date specified in the notice, which shall be the date falling 30 Business Days after the Early Redemption Notice is delivered, and shall redeem the Securities on such date by procuring the delivery to each Holder of such Holder's Early Redemption Delivery Share.
- (d) For the avoidance of doubt, where delivery of securities is to be made to Holders in accordance with Collateral Security Condition 5.10(b)(ii) or (c), as set out in Collateral Security Condition 5.4, a Holder will also receive a pro rata share of the sum of any Early Residual Proceeds Amount and/or Additional Proceeds Amount after the use of such sums to pay any Early Redemption Costs and each Holder whose Entitlement is subject to rounding as set out in Collateral Security Condition 5.4, will receive a Rounding Amount in accordance with Collateral Security Condition 5.4.

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

- (e) For the avoidance of doubt, any Swap Agreement Termination Payment payable upon the termination of the Swap Agreement in connection with the relevant Early Redemption Event will, where applicable, take into account the value of the Swap Counterparty's option (if any) to substitute Specified Obligations for the Specified Reference Collateral Assets as set out in Collateral Security Condition 3.10, including the credit risk of the relevant RCA Reference Entity.

### 5.11 Partial redemption – Reference Collateral Credit Events

Where the applicable Final Terms specify that Reference Collateral Credit Events apply and where a Reference Collateral Credit Event Notice is served in respect of a Reference Credit Event which is a Restructuring and the Exercise Amount is for an amount less than the aggregate Notional Amount outstanding of the Securities, the Securities shall be partially redeemed ("**Reference Partial Redemption**") pro rata in an amount equal to the Exercise Amount ("**Reference Partial Redemption Amount**"). The Securities, in an amount equal to the aggregate Notional Amount outstanding of the Securities prior to any Partial Redemption less the Reference Partial Redemption Amount, shall remain outstanding and the words "Notional Amount of the Securities" should be construed accordingly where relevant. Interest (if applicable) shall continue to accrue on the Notional Amount outstanding of the Secured Securities following the reduction in such Notional Amount by the relevant Reference Partial Redemption Amount in accordance with Security Condition 32.

### 5.12 Early Redemption Amount following a RCA Early Call Event

Where a RCA Early Call Event occurs and:

- (a) Standard Early Redemption is specified to be applicable in respect of the relevant RCA Early Call Event in the applicable Final Terms, the Early Redemption Amount will be as set out in the definition of such term in Collateral Security Condition 1.1 or, where Standard Early Redemption Amount is not applicable, the definition of Secured Security Market Value, Secured Security Highest Value or Secured Security Monetisation Option as specified as applicable in the applicable Final Terms and interest shall cease to accrue in accordance with the relevant provision of Collateral Security Condition 6.1 specified in the applicable Final Terms;
- (b) Par Early Redemption is specified to be applicable in respect of the relevant RCA Early Call Event in the applicable Final Terms, the Early Redemption Amount in respect of each Certificate will be equal to the Notional Amount of such Certificate and interest on such Secured Security shall cease to accrue with effect from and including; the Interest Payment Date immediately preceding the date of such Early Redemption Event (or, in the case of the first Interest Period, the Interest Commencement Date);
- (c) Accrual Par Early Redemption is specified to be applicable in respect of the relevant RCA Early Call Event in the applicable Final Terms, the Early Redemption Amount in respect of each Certificate will be equal to the Notional Amount of the Certificate plus accrued interest on the Certificate (where it bears interest) calculated in accordance with Security Condition 32 to, but excluding, the relevant Early Redemption Date; or
- (d) Makewhole Early Redemption is specified to be applicable in respect of the relevant RCA Early Call Event in the applicable Final Terms, the Early Redemption Amount in respect of each Certificate will be equal to a *pro rata* share per Security of an amount equal to the amount scheduled to be received by the Issuer in respect of the Specified Reference Collateral Assets which are the subject of the relevant RCA Early Call Event plus accrued interest on the

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Certificate (where it bears interest) calculated in accordance with Security Condition 32 to, but excluding, the relevant Early Redemption Date.

Where (i) a RCA Early Call Event occurs with respect to part only of the principal amount of the Specified Reference Collateral Assets, (ii) one of Par Early Redemption, Accrual Par Early Redemption or Makewhole Early Redemption is specified as applicable in the applicable Final Terms and (iii) RCA Early Call Event – Partial Redemption is specified as applicable in the applicable Final Terms, each Certificate will be partially redeemed on a pro rata basis, in a notional amount (an "**Early Call Notional Reduction Amount**") equal to the proportion of the then outstanding aggregate Notional Amount of the Securities that the principal amount of the Specified Reference Collateral Assets which is the subject of the RCA Early Call Event bears to the aggregate principal amount of all of the Specified Reference Collateral Assets for such Collateral Pool and an Early Redemption Amount will be calculated in respect of a Notional Amount of each Certificate equal to the Early Call Notional Reduction Amount only. Interest (if applicable) shall continue to accrue on the Notional Amount outstanding of each Certificate following the reduction in such Notional Amount by the relevant Early Call Notional Reduction Amount in accordance with Security Condition 32. For the avoidance of doubt, where a RCA Early Call Event occurs and RCA Early Call Event – Partial Redemption is applicable, the relevant proportion of the Reference Collateral Assets, redemption proceeds therefrom and/or proceeds of realisation thereof, as applicable, shall be automatically released from the security created under the Security Agreements to allow the redemption in part of the Certificates.

### 5.13 Redemption following a RCA Merger Event

If this Collateral Security Condition 5.13 is specified as applicable in the Final Terms and in the case that:

- (a) "**RCA Reference Entity/Holder Merger**" is specified as applicable, in the event that, in the determination of the Calculation Agent, a RCA Reference Entity/Holder Merger has occurred, the Issuer may determine that the Certificates should be redeemed;
- (b) "**RCA Reference Entity/Issuer/Guarantor Merger**" is specified as applicable, in the event that, in the determination of the Calculation Agent, a RCA Reference Entity/Issuer/Guarantor Merger has occurred, the Issuer may either:
  - (i) determine that the Certificates should be redeemed; or
  - (ii) replace the relevant affected RCA Reference Entity/ies (the "**Affected RCA Reference Entity/ies**") respectively, with Similar RCA Reference Entity/ies and replace the Specified Reference Collateral Assets (the "**Affected Merger RCA**") with Similar Reference Collateral Assets.

The Calculation Agent shall notify the Issuer, which shall in its turn notify the Holders pursuant to the provisions of Security Condition 10 of the decision taken by the Issuer and any adjustments made to the terms of the Certificates. Where Collateral Security Condition 5.13(b)(ii) is applicable, the Issuer shall sell the Affected Merger RCA and pay the proceeds of any sale of Affected Merger RCA to the Swap Counterparty and the Issuer will receive from the Swap Counterparty an amount equal to the amount required to purchase the relevant Similar Reference Collateral Assets. Save where "Essential Trigger" is specified as applicable in the applicable Final Terms, if there is a difference in value between the Affected Merger RCA and the relevant Similar Reference Collateral Assets, the Calculation Agent may make an adjustment to the interest payable on the Certificates and, if it is not possible to reflect such difference in value fully by adjusting the interest payable on the Certificates, the Calculation Agent may also adjust the Cash Settlement Amount payable in respect of each Certificate. Details of any adjustment

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

or decision made in relation to the above may be obtained by the Holders upon request at the Calculation Agent's specified address.

Notwithstanding the foregoing, where "Essential Trigger" is specified as applicable and the Calculation Agent determines that the relevant RCA Merger Event constitutes a force majeure, the Issuer shall pay to each Holder in respect of each Secured Security, the Early Redemption Amount calculated in accordance with the definition of ERE/Force Majeure/No Unwind Costs.

### 5.14 Suspension of payments

Where "Suspension of Payments" is specified as applicable in the applicable Final Terms or is deemed to apply in accordance with this Collateral Security Condition 5.14, if the Calculation Agent determines that a Suspension Event has occurred, no payment of principal or interest shall be made by the Issuer in respect of the Certificates during the Suspension Period as set out in Collateral Security Condition 6.3 (in the case of interest) or Condition 5 (as modified by Collateral Security Condition 8). If, at any time during the Suspension Period, the Calculation Agent determines that an Early Redemption Event has occurred, then the provisions of Collateral Security Conditions 5.1 to 5.5 shall apply. In determining whether a payment failure has (or may have) occurred, the Calculation Agent may rely on evidence of non-receipt of funds. Where "Standard Early Redemption Event" is an applicable Early Redemption Event, "Suspension of Payments" and this Collateral Security Condition 5.14 shall be deemed to apply, unless specified otherwise in the applicable Final Terms.

### 5.15 Secured Security Monetisation Amounts

Where Secured Security Monetisation Option is applicable and the Issuer delivers an Early Redemption Notice, it will also deliver a Holder Election Notice. In the Holder Election Notice the Issuer must include the following:

- (a) the cut-off date and time for each Holder to elect to receive the fair market value on the date fixed for early redemption;
- (b) the date of determination of the fair market value in respect of such election and the amount determined by the Calculation Agent as the fair market value of the Certificates on such date; and
- (c) the amount calculated by the Calculation Agent as the Secured Security Monetisation Amount.

If the Certificate is held outside DTC, Euroclear and Clearstream, Luxembourg, Euroclear France and/or any other relevant Clearing System, other than in the case of CREST Dematerialised Certificates, to make a valid election to receive the Secured Security Market Value on redemption of a Certificate the Holder of the Certificate must no later than the cut-off date and time set out in the Holder Election Notice give notice to the Principal Security Agent or the Registrar, as the case may be, of such election, accompanied by the Certificate or evidence satisfactory to the Principal Security Agent or Registrar, as the case may be, that the Certificate will, following delivery of notice, be held to its order or under its control in a manner reasonably satisfactory to the Principal Security Agent or Registrar, as the case may be. If the Certificates are CREST Dematerialised Certificates, to make a valid election to receive the Secured Security Market Value on early redemption of the Certificate, the Holder of the Certificate must no later than the cut-off time and date set out in the Holder Election Notice give notice to the Euroclear Registrar in accordance with the Uncertificated Securities Regulations. If the Certificate is held through DTC, Euroclear or Clearstream, Luxembourg, Euroclear France, Monte Titoli, Euroclear Sweden, VP Denmark, Euroclear Finland, VPS Norway, KDPW Poland and/or any other relevant Clearing System, to make a valid election to receive the Collateral Security Market Value on early redemption of the

In the case of Finnish Dematerialised Certificates, in order to make a valid election to receive the Secured Security Market Value on early redemption the Holder must no later than the cut-off time and date set out in the Holder Election Notice transfer or procure the transfer of the relevant Certificates to the account designed by the Finnish Security Agent and procure that such account is blocked for further transfer on or prior to the Early Redemption Date. Notice given by a Holder of any Certificate pursuant to this Collateral Security Condition 5.15 shall be irrevocable. In the case of CBF Certificates, the relevant Holder must also deliver to the Frankfurt Certificate Agent the CBF Certificates to which such notice relates and failure to deliver such CBF Certificates at or prior to the time such notice is delivered shall render such notice null and void.

If the Holder does not make a valid election to receive the fair market value on the date fixed for early redemption before the cut-off date and time set out in the Holder Election Notice, the Holder will receive the Secured Security Monetisation Amount in respect of such Secured Security on the Redemption Date.

### 5.16 Swap Termination Without Redemption

Where Swap Termination Without Redemption is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement), following notification of such Event of Default by the Issuer to the French Collateral Security Agent (a "**Swap Default**") and no Event of Default has occurred under Collateral Security Condition 7.1, the Issuer shall deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement) provided that the Swap Agreement shall be deemed not to be a Related Agreement for the purposes of the Early Redemption Events (including the Related Agreement Termination Event) where a Swap Default occurs or, where Swap Agreement All Termination is specified as applicable in the applicable Final Terms, the Swap Agreement terminates for any reason other than on its scheduled termination date save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party. In such circumstances, the Issuer (with the consent of the French Collateral Security Agent) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A pro rata share of the amount, if any and subject to a minimum of zero, equal to the sum of (i) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement (if any), (ii) any interest which has accrued on the amount received by the Issuer (which may be a positive or negative amount) and (iii) the Unused Charged Assets Proceeds less (ii) the costs and expenses of the French Collateral Security Agent and any costs and expenses of the Termination Agent incurred in connection with the termination of the Swap Agreement shall be paid by the Issuer to the Holders on a *pro rata* and *pari passu* basis on the Redemption Date, to the extent such

amount is received on or prior to the Redemption Date. For the purposes of this Collateral Security Condition 5.16, "**Unused Charged Assets Proceeds**" means any amounts received by the Issuer from the Collateral Assets other than the Swap Agreement which have not been used on or prior to the Redemption Date to pay interest and/or Cash Settlement Amounts otherwise payable in respect of the Certificates, amounts due to the Swap Counterparty under the Swap Agreement (including in respect of any Early Termination Amount due to the Swap Counterparty) and/or any fees, costs or expenses due to the French Collateral Security Agent. Where the Swap Agreement terminates following the occurrence of a Swap Default, the Issuer may open an account into which it will pay any amounts received from the Collateral Assets provided that such account is secured in favour of the French Collateral Security Agent and the Issuer may enter into an Additional Security Document in connection therewith.

Where Swap Termination Without Redemption is specified as applicable in the applicable Final Terms, following a Swap Default the obligation of the Issuer to pay the originally scheduled Cash Settlement Amount and to pay scheduled interest amounts in respect of each Certificate shall cease but without prejudice to the Issuer's obligations to pay any amount due in accordance with the first paragraph of this Collateral Security Condition 5.16 and no Event of Default will occur in respect of such non-payment. Where Condition to Interest Payment is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay an Interest Amount will be subject to the receipt of an aggregate amount equal to the aggregate Interest Amounts payable in respect of each Certificate outstanding on or prior to the relevant Interest Payment Date from the Swap Counterparty under the Swap Agreement. Where Condition to Final Payment is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay the Cash Settlement Amount in respect of each Certificate will be subject to the receipt of an aggregate amount equal to the Cash Settlement Amount payable in respect of each Certificate outstanding on or prior to the Redemption Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or, where Swap Agreement All Termination is specified as applicable in the applicable Final Terms, the Swap Agreement terminates for any reason other than on its scheduled termination date save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party, the Issuer will have no further obligation to pay interest in respect of the Certificates (where Condition to Interest Payment is applicable) or the Cash Settlement Amount in respect of the Certificate (where Condition to Final Payment is specified as applicable) but without prejudice to the Issuer's obligations to pay any amount due in accordance with the first paragraph of this Collateral Security Condition 5.16 and no Event of Default will occur in respect of such non-payment.

### 5.17 Purchase of Secured Securities

Where the Issuer purchases Secured Securities in accordance with Security Condition 8.1 (the "**Purchased Securities**"), the Issuer shall dispose of a proportion of the Specified Reference Collateral Assets for the relevant series of Secured Securities equal to the proportion that the aggregate Notional Amount of Purchased Securities represent of the aggregate Notional Amount of the Secured Securities (a "Collateral Disposal") save where, due to the denominations of the Specified Reference Collateral Assets, such Collateral Disposal would result in the disposal of Specified Reference Collateral Assets with a nominal amount greater than the Calculated Disposal Reference Nominal Amount due to the nominal amount of the Specified Reference Collateral Assets which would be the subject of the relevant Collateral Disposal not being divisible by the denomination of the Specified Reference Collateral Assets then held by the Issuer (a "**Denomination Matching Failure Event**"). In such circumstances, the Issuer may dispose of the next largest nominal amount of Specified Reference Collateral Assets which is divisible by the denomination of the Specified Reference Collateral Assets then held by the Issuer and which is lower than the Calculated Disposal Reference Nominal Amount (the nominal amount of the Specified Reference Collateral Assets which is actually disposed of, being the "**Actual Disposal**").

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

**Reference Nominal Amount**"). In connection with such Denomination Matching Failure Event, the amount by which the Calculated Disposal Reference Nominal Amount exceeds the Actual Disposal Reference Nominal Amount shall be the "Excess Collateral Amount".

### 5.18 Subsequent Denomination Matching Failure Events

Following the occurrence of a Denomination Matching Failure Event, if a subsequent purchase by the Issuer of Secured Securities in accordance with Security Condition 8.1 would otherwise lead to a further Denomination Matching Failure Event (each a "**Subsequent Denomination Matching Failure Event**") and the Excess Collateral Balance which would result from such purchase of Secured Securities (without regard to this Collateral Security Condition 5.18 but, for the avoidance of doubt, taking into account, the Excess Collateral Balance immediately prior to the purchase of the Secured Securities) (the "**Deemed Excess Collateral Balance**") would be equal to or greater than the denomination of a Specified Reference Collateral Asset, then (i) the purchase price for such subsequent purchase of Secured Securities payable by the Issuer shall be deemed to be increased by the Excess Collateral Balance immediately prior to the purchase of the Secured Securities and (ii) the Issuer shall dispose of additional Specified Reference Collateral Assets ("**Additional ECB Specified Reference Collateral Assets**") in a nominal amount equal to or lower than the Deemed Excess Collateral Balance (to the extent that such nominal amount is divisible by the denomination of the Specified Reference Collateral Assets then held by the Issuer) and the amount by which such Deemed Excess Collateral Balance exceeds the nominal amount of the Additional ECB Specified Reference Collateral Assets shall be deemed to be the new Excess Collateral Balance.

### 5.19 Payment of Excess Collateral Balance

If there is a positive Excess Collateral Balance following the occurrence of an Early Redemption Event and the delivery of an Early Redemption Notice in connection therewith which leads to the redemption in full of the relevant Secured Securities or where the Security Interests are enforced following an Enforcement Event in accordance with Collateral Security Condition 7, an amount equal to the Excess Collateral Balance Value shall be payable by the Issuer to the Swap Counterparty under the Swap Agreement and shall be deemed to be an Early Redemption Cost for the purposes of these Collateral Security Conditions (in the case of an Early Redemption Event). Following enforcement of the Security Interests in accordance with Collateral Security Condition 7.2, such amount shall be paid by the French Collateral Security Agent to the Swap Counterparty prior to application of the Collateral Enforcement Proceeds in accordance with the applicable Priority of Payments or, where Physical Delivery of the Collateral is applicable, prior to delivery of the remaining Collateral Assets in accordance with the applicable Priority of Payments.

### 5.20 Early Redemption at Maturity

Where "Early Redemption at Maturity" is specified to be applicable in the applicable Final Terms and the Issuer delivers an Early Redemption Notice in respect of a RCA Linked Early Redemption Event, the Issuer will redeem each Security at its Early Redemption Amount on the later of the Redemption Date and the Early Redemption Date provided that, where the Issuer delivers an Early Redemption Notice in respect of an Intervening Early Redemption Event on or after the Early Redemption Determination Date, the Issuer will redeem each Security at its Early Redemption Amount on the Intervening Early Redemption Date (and notwithstanding any other provision of the Security Conditions or these Collateral Security Conditions, in each case, no interest shall accrue on any payment of any amount which is so deferred). To the extent the Issuer delivers an Early Redemption Notice which relates to an Early Redemption Event which is an Annex Early Redemption Event or a Swap Agreement Termination Event prior to the Early Redemption Determination Date where it has served a prior Early Redemption Notice

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

relating to any other Early Redemption Event, the Issuer will redeem each Security at its Early Redemption Amount on the Early Redemption Determination Date.

### 5.21 Partial Early Redemption

Where Partial Early Redemption is specified as applicable in the applicable Final Terms, subject to Collateral Security Condition 5.21(f), the following shall apply:

- (a) where a Partial Early Redemption Event occurs, following the service of an Early Redemption Notice, the Securities will be redeemed in part only by redemption of the Affected Notional Amount (and a *pro rata* proportion of the Notional Amount of each Certificate will be redeemed) in accordance with the terms set out in this Collateral Security Condition 5 at their Partial Early Redemption Amount on the applicable Partial Early Redemption Date, but subject to Collateral Security Condition 5.21(c), the Specified Reference Collateral Assets which will be sold in accordance with Collateral Security Condition 5.2 and Collateral Security Condition 5.3 will be the Affected RCA only (and the net proceeds from the sale of such Affected RCA shall constitute the Collateral Sale Proceeds for the purposes of calculating the applicable Partial Early Redemption Amount). Where an Early Redemption Notice is delivered relating to a Partial Early Redemption Event, Collateral Security Condition 5.1 shall not apply provided that if RCA Instalment Certificates is specified as applicable in the applicable Final Terms and a Partial Early Redemption Event occurs with respect to a Reference Collateral Asset and there are no other Reference Collateral Assets in respect of which a Partial Early Redemption Event has not occurred, such event shall be treated as an Early Redemption Event. Where the same Partial Early Redemption Event affects more than one RCA, this Collateral Security Condition 5.21 shall be applied separately in respect of each such Affected RCA and the terms of this Collateral Security Condition 5.21 shall be construed accordingly;
- (b) in connection with a Partial Early Redemption Event, an additional termination event shall be deemed to occur with respect to a portion of the notional amount of the Swap Agreement, as determined by the calculation agent under the Swap Agreement (the "**Terminated Portion**"). The Swap Agreement will continue in full force and effect and, subject to Collateral Security Condition 5.21(c) (to the extent applicable to the Securities), shall not be affected by the Partial Early Redemption Event other than the termination of the Terminated Portion and no Related Agreement Termination Event will occur as a result of the designation of an early termination date in respect of the Terminated Portion. Where Additional RCA Disposal is not specified to be applicable in the applicable Final Terms, if the Swap Agreement Termination Payment payable by the Issuer to the Swap Counterparty in respect of a Terminated Portion relating to the relevant Partial Early Redemption Event is greater than the Adjusted Collateral Sale Proceeds, the Issuer's obligation to pay the Swap Agreement Termination Payment will be limited to the payment of an amount equal to the Adjusted Collateral Sale Proceeds;
- (c) where Additional RCA Disposal is specified to be applicable in the applicable Final Terms:
  - (i) if the Partial Early Redemption Amount determined is a negative figure (the amount below zero being the "**Partial Early Redemption Shortfall**"), the Calculation Agent (on behalf of the Issuer) will notify the Holders via the Clearing Systems of the occurrence of the relevant Partial Early Redemption Shortfall (a "**Partial Early Redemption Shortfall Notice**") and the Calculation Agent shall select which of the remaining Reference Collateral Assets are to be liquidated in accordance with Collateral Security Condition 5.3 to fund the relevant Partial Early Redemption Shortfall; or where RCA Instalment Certificates is not specified as applicable in the

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

applicable Final Terms, the relevant principal amount of the Reference Collateral Asset shall be selected in accordance with Collateral Security Condition 5.21(c)(ii) to be liquidated in accordance with Collateral Security Condition 5.3 to fund the relevant Partial Early Redemption Shortfall; and

- (ii) the Issuer or the Collateral Disposal Agent shall estimate the principal amount of the selected Reference Collateral Assets to be realised (rounded up to the nearest integral multiple of the minimum denomination of the relevant Reference Collateral Asset(s) held by or on behalf of the Issuer at such time) (the "**Additional Disposal RCA**") such that the Partial Early Redemption Amount when recalculated to take account of the realisation of such Additional Disposal RCA and termination of a further part of the Swap Agreement would be expected to be positive and then the Issuer or the Collateral Disposal Agent will subsequently effect such realisation of the Additional Disposal RCA in accordance with Collateral Security Condition 5.3, together with a further partial termination of the Swap Agreement. Upon such realisation and termination, the portion of each Certificate equal to the relevant Affected Notional Amount will be redeemed by payment of the Partial Early Redemption Amount on the Partial Early Redemption Date;
- (d) for the purposes of determining the Notional Amount Outstanding of a Certificate, such amount shall be reduced by an amount equal to the relevant Affected Notional Amount with effect from the Partial Early Redemption Date relating to the relevant Partial Early Redemption Event provided that, for the purposes of determining amounts of interest due and payable on the Securities, the Notional Amount Outstanding of each Certificate shall be deemed to have been reduced by the relevant Affected Notional Amount with effect from, and including, the Interest Period End Date immediately preceding the date on which relevant Partial Early Redemption Event occurs with the result that no interest shall accrue in respect of the Affected Notional Amount from, and including such immediately preceding Interest Period End Date. Collateral Security Condition 6.1 shall not apply in respect of a Partial Early Redemption Event;
- (e) the following amendments shall apply with respect to the Collateral Security Conditions:
  - (i) The definition of Early Redemption Notice in Collateral Security Condition 1.1 shall be deleted and replaced with the following:

""**Early Redemption Notice**"" means a notice delivered by the Issuer to the Holders in accordance with Security Condition 10 stating that an Early Redemption Event or Partial Early Redemption Event has occurred on or after the Event Trigger Date applicable to a series of Secured Securities;"
  - (ii) The definition of Swap Agreement Termination Payment in Collateral Security Condition 1.1 shall be deleted and replaced with the following:

""**Swap Agreement Termination Payment**"" means the termination payment due between the Issuer and the Swap Counterparty upon early termination of the Swap Agreement calculated in accordance with the terms of the Swap Agreement (or where a Partial Early Redemption Event has occurred, the early termination of the relevant Terminated Portion which relates to the Affected RCA or, where Additional RCA Disposal is specified to be applicable in the applicable Final Terms, any Additional Disposal RCA, as the case may be calculated in accordance with the terms of the Swap Agreement);"; and

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

- (iii) Collateral Security Condition 5.2 shall be amended by adding the words "or a Partial Early Redemption Event" after the words "Early Redemption Event" in the first line thereof and, when construing the terms of Collateral Security Condition 5.2 and Collateral Security Condition 5.3 where a Partial Early Redemption Event has occurred any reference therein to "Early Redemption Event" or "Specified Reference Collateral Assets" shall be read as references to a Partial Early Redemption Event or the relevant Affected RCA, respectively;
- (f) where Full Early Redemption is specified as applicable in the applicable Final Terms, Collateral Security Conditions 5.21(a) to (e) shall not apply; and
- (g) Collateral Security Conditions 5.17, 5.18 and 5.19 shall not apply to the Securities.

### 5.22 Swap Counterparty Call

Where Swap Counterparty Call is specified as applicable in the applicable Final Terms, under the Swap Agreement, on a Call Exercise Date, the Swap Counterparty shall have an option to terminate the Swap Agreement without the payment of a termination payment by either party on the Optional Redemption Date. Following service by the Swap Counterparty of a notice that it has elected to terminate the Swap Agreement in whole or in part on the Call Exercise Date (such notice, a "**Call Exercise Notice**"), the Issuer shall redeem the Certificates in accordance with Collateral Security Condition 8.3 on the relevant Optional Redemption Date, subject to the occurrence of an Early Redemption Event or Event of Default.

Where the Secured Securities are redeemed pursuant to this Collateral Security Condition 5.22, then:

- (a) on the Optional Redemption Date:
  - (i) where "Issuer Call – Cash to Swap Counterparty" is specified in the applicable Final Terms, the Issuer will pay or procure payment of, an amount equal to the Collateral Sale Proceeds (determined as if an Early Redemption Event has occurred) and the Reference Collateral Assets (or the proportion thereof equal to the proportion of the notional amount of the Swap Agreement which is to be terminated rounded down to the nearest RCA Minimum Transfer Amount) shall be sold in accordance with Collateral Security Condition 5.3 provided for this purpose, the Collateral Valuation Period shall be the period from, and including, the date on which the Call Exercise Notice is delivered to, but excluding, the relevant Optional Redemption Date and any references in Collateral Security Condition 5.3 to the Initial Collateral Valuation Period shall be disregarded;
  - (ii) where "Issuer Call – Delivery to Swap Counterparty" is specified in the applicable Final Terms, the Issuer will deliver, or procure the delivery of, the Specified Reference Collateral Assets to the Swap Counterparty on a free of payment basis provided that any costs involved in such delivery will be borne by the Swap Counterparty; and
- (b) on the Optional Redemption Date, the Swap Counterparty will pay to the Issuer an amount equal to the aggregate of each Optional Redemption Amount payable in respect of the Secured Securities and any interest or premium amount payable in respect of the Secured Securities in accordance with the Security Conditions.

Where the relevant Reference Collateral Assets are to be transferred to the Swap Counterparty against payment of an amount equal to the relevant Optional Redemption Amount (and any accrued and unpaid interest and/or premium amount on the Certificates), such Reference Collateral Assets shall be

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

automatically released from the security created in respect of them under the Security Agreements to allow such transfer to the Swap Counterparty.

Notwithstanding anything to the contrary if, at any time following service by the Swap Counterparty of a notice that it has elected to terminate the Swap Agreement in whole or in part on the Call Exercise Date, an Early Redemption Event occurs or the Swap Agreement terminates for any other reason, then the Optional Redemption Date shall be disregarded and the Secured Securities shall be redeemed in accordance with Collateral Security Condition 5.1 or, where an Event of Default has occurred, Collateral Security Condition 7 will apply.

If Substitution Knock-out is specified as applicable in the applicable Final Terms and, at any prior time to the Optional Redemption Date, the Specified Reference Collateral Assets are substituted, this Collateral Security Condition 5.22 shall no longer apply.

Other than where the Specified Reference Collateral Assets have been substituted and Substitution Knock-out is applicable and the Specified Reference Collateral Assets have been substituted, any Swap Agreement Termination Payment payable upon the termination of the Swap Agreement in connection with an Early Redemption Event will, where applicable, take into account the value (if any) associated with the existence of the Swap Counterparty's option (if any) to terminate the Swap Agreement, regardless of whether an Early Redemption Event has occurred prior to or following a Call Exercise Date.

### 5.23 Autocall Early Redemption

Where Autocall Early Redemption is specified to be applicable in the applicable Final Terms, the Issuer shall, as soon as is practicable after satisfaction of the Autocall Condition, give notice to the Holders in accordance with Security Condition 10 (Notices) that each Certificate shall be redeemed at its Autocall Early Redemption Amount on the related Autocall Early Redemption Date, together with any accrued interest and or premium amount, as the case may be.

Where the Secured Securities are redeemed pursuant to this Collateral Security Condition 5.23, then:

- (a) on the Autocall Early Redemption Date:
  - (i) where "Issuer Call – Cash to Swap Counterparty" is specified in the applicable Final Terms, the Issuer will pay or procure payment of, an amount equal to the Collateral Sale Proceeds (determined as if an Early Redemption Event has occurred) and the Reference Collateral Assets shall be sold in accordance with Collateral Security Condition 5.3 provided for this purpose, the Collateral Valuation Period shall be the period from, and including, the date on which the Autocall Condition is satisfied to, but excluding, the Autocall Early Redemption Date and any references to the Initial Collateral Valuation Period in Collateral Security Condition 5.3 shall be disregarded;
  - (ii) where "Issuer Call – Delivery to Swap Counterparty" is specified in the applicable Final Terms, the Issuer will deliver, or procure the delivery of, the Specified Reference Collateral Assets to the Swap Counterparty on a free of payment basis provided that any costs involved in such delivery will be borne by the Swap Counterparty; and
- (b) on or prior to the Autocall Early Redemption Date, the Swap Counterparty will pay to the Issuer an amount equal to the aggregate of each Autocall Early Redemption Amount payable in respect of the Secured Securities and any interest or premium amount payable in respect of the Secured Securities in accordance with the Security Conditions.

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Where the relevant Reference Collateral Assets are to be transferred to the Swap Counterparty against payment of an amount equal to the relevant Autocall Early Redemption Amount (and any accrued and unpaid interest and/or premium amount on the Certificates), such Reference Collateral Assets shall be automatically released from the security created in respect of them under the Security Agreements to allow such transfer to the Swap Counterparty.

Notwithstanding anything to the contrary if, at any time following the satisfaction of the Autocall Condition and prior to the Autocall Early Redemption Date, an Early Redemption Event occurs or the Swap Agreement terminates for any other reason, then the Autocall Early Redemption Date shall be disregarded and the Secured Securities shall be redeemed in accordance with Collateral Security Condition 5.1 or, where an Event of Default has occurred, Collateral Security Condition 7 will apply.

If Substitution Knock-out is specified as applicable in the applicable Final Terms and, at any prior time to the Autocall Early Redemption Date, the Specified Reference Collateral Assets are substituted, this Collateral Security Condition 5.23 shall no longer apply.

Other than where the Specified Reference Collateral Assets have been substituted and Substitution Knock-out is applicable, any Swap Agreement Termination Payment payable upon the termination of the Swap Agreement in connection with an Early Redemption Event will, where applicable, take into account the value (if any) associated with the existence of the Autocall Trigger, regardless of whether an Early Redemption Event has occurred prior to or following an Autocall Determination Date.

None of the Issuer, the French Collateral Security Agent, the Security Agents or the Collateral Custodian shall have any duty to monitor, enquire or satisfy itself as to whether any Autocall Condition has been satisfied or have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an Autocall Trigger has occurred. If the Calculation Agent gives notice to the Issuer (with a copy to the French Collateral Security Agent, the applicable Security Agents and the Collateral Custodian), the French Collateral Security Agent shall be entitled to rely on such notice without further investigation.

### **6. Interest**

#### **6.1 Cessation of Interest Accrual**

Upon the occurrence of an Early Redemption Event other than a CDS Credit Event or a RCA Early Call Event (save as set out in Collateral Security Condition 5.12), interest on such Secured Security shall cease to accrue with effect from and including:

- (a) either:
  - (i) the Interest Payment Date; or
  - (ii) if so specified in the Final Terms, the Interest Period End Date, immediately preceding the date of such Early Redemption Event (or, in the case of the first Interest Period, the Interest Commencement Date); or
- (b) if so specified in the Final Terms, the date of such Early Redemption Event; or
- (c) if so specified in the Final Terms, the Early Redemption Date.

Where Premium Amounts are payable in respect of the Secured Securities, this Collateral Security Condition 6.1 shall apply provided that the reference to "interest on such Secured Security shall cease to

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

accrue" shall be deemed to be a reference to "Premium Amounts on such Secured Security shall cease to be payable", references to "Interest Payment Date" shall be deemed to be references to "Premium Amount Payment Date", references to "Interest Period" shall be deemed to be references to "Premium Amount Period", references to "Interest Commencement Date" shall be deemed to be references to "Premium Amount Commencement Date".

### 6.2 Credit Notional Value Repack Securities

Collateral Security Condition 6.1 shall not apply to Credit Notional Value Repack Securities where the relevant Early Redemption Event is a CDS Credit Event in which case Credit Security Condition 3 and the other relevant provisions of Annex 12 (Additional Terms and Conditions for Credit Securities) shall apply, provided that, where Credit Linked Interest Only is specified as applicable in the applicable Final Terms, Collateral Security Condition 6.1 and Credit Security Condition 3 shall both apply to the Secured Securities provided further that where an Early Redemption Event occurs which leads to the redemption of the Secured Securities in full and an Event Determination Date (as defined in Annex 12 (Additional Terms and Conditions for Credit Securities)) occur in the same Interest Period, interest shall cease to accrue in accordance with Collateral Security Condition 6.1.

### 6.3 Deferred Interest Payments/Suspension of Payments

Where Deferral of Payments or Suspension of Payments is specified as applicable in the applicable Final Terms or, in the case Suspension of Payments is deemed to apply as set out in Collateral Security Condition 5.14, upon the occurrence, in the opinion of the Calculation Agent, of a Payment Deferment Event, interest on the Notional Amount outstanding of the Securities will be paid in accordance with Security Condition 32 on the relevant Deferred Interest Payment Date provided that no interest shall be payable on the Securities or any accrued interest thereon for the period from (and including) the relevant Interest Payment Date to such Deferred Interest Payment Date and, where Suspension of Payments is specified as applicable in the applicable Final Terms and a Suspension Event occurs if an Early Redemption Event occurs prior to the end of the relevant Suspension Period, each reference in Collateral Security Condition 6.1(a) or (b) to "Early Redemption Event" shall be read as a reference to such Suspension Event. Where Premium Amounts are payable in respect of the Secured Securities and Suspension of Payments is specified as applicable in the applicable Final Terms or, in the case Suspension of Payments is deemed to apply as set out in Collateral Security Condition 5.14, upon the occurrence, in the opinion of the Calculation Agent, of a Payment Deferment Event, interest on the Notional Amount outstanding of the Securities will be paid in accordance with Security Condition 33 on the relevant Deferred Premium Amount Payment Date provided that no Premium Amount shall be payable on the Securities nor shall any interest or premium amount accrue thereon for the period from (and including) the relevant Premium Amount Payment Date to such Deferred Premium Amount Payment Date and, where Suspension of Payments is specified as applicable in the applicable Final Terms and a Suspension Event occurs if an Early Redemption Event occurs prior to the end of the relevant Suspension Period, each reference in Collateral Security Condition 6.1(a) or (b) to "Early Redemption Event" shall be read as a reference to such Suspension Event.

### 6.4 Interest Accrual relating to RCA Makewhole Events

Where RCA Makewhole Event is an applicable Early Redemption Event, such Early Redemption Event occurs and the terms of relevant Specified Reference Collateral Assets contain a RCA Residual Maturity Call Option, if the RCA Issuer does not exercise its option to redeem the Specified Reference Collateral Assets at their principal amount together with a makewhole amount (howsoever described) on the RCA Residual Maturity Call Option Date, on the first day of the Interest Period immediately following the RCA Residual Maturity Call Option Date, where an Alternative Rate of Interest is specified in the

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

applicable Final Terms, the Rate of Interest applicable to the Certificates will be adjusted to the Alternative Rate of Interest specified in the applicable Final Terms and such interest shall continue to accrue at the Alternative Rate of Interest to, but excluding, the Redemption Date in accordance with Security Condition 32, subject to the occurrence of an Early Redemption Event. For the avoidance of doubt, where RCA Makewhole Event is an applicable Early Redemption Event and no Alternative Rate of Interest is specified in the applicable Final Terms, there shall be no adjustment to the rate of interest following the RCA Residual Maturity Call Option Date where the RCA Issuer does not exercise its option to redeem the Specified Reference Collateral Assets at their principal amount together with a makewhole amount (howsoever described) on the RCA Residual Maturity Call Option Date.

### 6.5 Interest Amounts in respect of RCA Instalment Certificates or where Partial Early Redemption applies

Where the applicable Final Terms specify that the Certificates are RCA Instalment Certificates or are Certificates to which Partial Early Redemption is specified to apply in the applicable Final Terms and:

- (a) the Securities are Fixed Rate Certificates, Security Condition 32(a) shall be amended by deleting the penultimate paragraph thereof and replacing it with the following:

"The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on a Certificate on an Interest Payment Date by applying the Rate of Interest to the Notional Amount Outstanding of the Certificate on the last day of the Interest Period which falls immediately prior to the relevant Interest Payment Date and multiplying such sum by the applicable Day Count Fraction (if any). The resultant figure shall be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If the resulting amount is not an amount in the Settlement Currency it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms.";

- (b) the Securities are Floating Rate Certificates, Condition 32(b)(iv) shall be amended as follows by deleting the final paragraph thereof and replacing it with the following:

"The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on a Certificate on an Interest Payment Date by applying the Rate of Interest to the Notional Amount Outstanding of the Certificate on the last day of the Interest Period which falls immediately prior to the relevant Interest Payment Date and multiplying such sum by the applicable Day Count Fraction (if any). The resultant figure shall be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If the resulting amount is not an amount in the Settlement Currency it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms."; and

- (c) the Securities are Linked Interest Certificates, Security Condition 32(c)(iii) shall be amended as follows by deleting the final paragraph thereof and replacing it with the following:

"The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on a Certificate on an Interest Payment Date by applying the Rate of Interest to the Notional Amount Outstanding of the Certificate on the last day of the Interest Period which falls immediately prior to the relevant Interest Payment Date and multiplying such sum by the applicable Day Count Fraction (if any). The resultant figure shall be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If the resulting amount is not an

amount in the Settlement Currency it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms."

### 7. Events of Default and Enforcement

#### 7.1 Events of Default

The French Collateral Security Agent may, and if so requested in writing by the Holders of at least one-fifth in number of the outstanding Secured Securities of the relevant series, or if so directed by a General Meeting of such Holders, shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction) deliver a notice (an "**Acceleration Notice**") to the Issuer, the Principal Security Agent, the Collateral Custodian, the Swap Counterparty (if any) and Repo Counterparty (if any) that each relevant series of Secured Securities secured by the Collateral Pool which is the subject of the Acceleration Notice shall forthwith become immediately due and payable at their Security Termination Amount (save where Physical Delivery of Collateral is applicable in which case the Entitlement in respect of each such Secured Security shall be delivered on the relevant Collateral Delivery Date as set out in Collateral Security Condition 7.5) without further action or formalities and the Security Interests granted under the Security Agreements shall become enforceable (as set out in the Security Agreements) if any of the following events occurs (each an "**Event of Default**"):

- (a) the Issuer fails to pay any amount payable in respect of the Secured Securities or any of them when due and payable or fails to deliver the Entitlement when due and such default is not remedied within 30 days after the relevant due date; or
- (b) the Issuer or the Guarantor fails to perform or observe any of its other obligations under the Secured Securities and such default is not remedied within 45 days after notice of such default has been given to the Principal Security Agent by any Holder or a Related Agreement terminates early where the where the Issuer is the Defaulting Party (as defined in the relevant Swap Agreement or Repurchase Agreement) or is the defaulting party (in the case of the Collateral Exchange Agreement) thereunder and the relevant event of default relates to the insolvency of the Issuer; or
- (c) BNPP applies for the appointment of an ad hoc representative (*mandataire ad hoc*) under French bankruptcy law, or enters into an amicable procedure (*procédure de conciliation*) with creditors or ceases its payments, or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of BNPP or for a transfer of the whole of its business (*cession totale de l'entreprise*); or
- (d) the Issuer is subject to proceedings similar to those set out in Collateral Security Condition 7.1(c), or, in the absence of legal proceedings, the Issuer or Guarantor makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed by the Issuer or Guarantor for its winding-up or dissolution, except in connection with a merger or other reorganisation in which all of the Issuer's or the Guarantor's assets are transferred to, and all of the Issuer's or Guarantor's debts and liabilities (including the Secured Securities) are assumed by, another entity which continues the Issuer's or Guarantor's activities.

A copy of any such Acceleration Notice shall be promptly given to the Holders by the French Collateral Security Agent in accordance with Security Condition 10.

#### 7.2 Enforcement

### ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Upon the occurrence of an Enforcement Event in respect of the relevant series of Secured Securities and the relevant Collateral Pool, the French Collateral Security Agent may, and if so requested in writing by Holders of at least one-fifth in number of the outstanding Secured Securities of such series, or if so directed by a General Meeting of such Holders (such request or direction an "**Enforcement Notice**"), shall (subject, in each case, to being indemnified and/or secured and/or pre-funded to its satisfaction) enforce the relevant Pledges in accordance with the Pledge Agreements and enforce the Security Interests granted under the Security Agreements and, unless Physical Delivery of Collateral is specified as applicable in the applicable Final Terms, realise the Collateral Assets in the relevant Collateral Pool (and may appoint one or more agents to assist it to do so). Where it is not possible for the French Collateral Security Agent to sell the relevant Collateral Assets in full in respect of a series of Secured Securities within a period of two years from the date on which it is instructed to realise the Collateral Assets, the French Collateral Security Agent shall have no obligation to take further action in connection with such Collateral Assets other than informing the relevant Holders in accordance with Security Condition 10 of the failure to sell the relevant Collateral Assets, unless and until the French Collateral Security Agent receives further written directions from the Holders of at least one-fifth in number of the outstanding Secured Securities of such series, or as so directed by a General Meeting of such Holders, and subject, in each case, to the French Collateral Security Agent being indemnified and/or secured and/or pre-funded to its satisfaction. The French Collateral Security Agent shall have no liability for failure to take further action in respect of the Collateral Assets absent such instructions and indemnification. Where it is only possible for the French Collateral Security Agent to sell part of the relevant Collateral Assets in respect of a series of Secured Securities within a period of two years from the date on which it is instructed to realise the Collateral Assets, the French Collateral Security Agent shall apply the sale proceeds it has received in accordance with these Collateral Security Conditions (including Collateral Security Condition 5.19) and shall deal with any unsold Collateral Assets in accordance with the preceding sentences.

All calculations to be performed or determinations to be made following the occurrence of an Enforcement Event shall be performed or determined by the Collateral Calculation Agent and confirmed in writing to the French Collateral Security Agent. In connection with the enforcement of the Pledges, where Physical Delivery of Collateral is not applicable and after the realisation and liquidation in full of all the Collateral Assets in a Collateral Pool, the Collateral Calculation Agent shall determine the Security Termination Amount in respect of each Secured Security and shall notify such amount to the French Collateral Security Agent and the French Collateral Security Agent shall notify the Holders of the Security Termination Amount following such realisation and liquidation upon confirmation of these amounts by the Collateral Calculation Agent. Where the Secured Securities become due and payable at their Security Termination Amount in accordance with Collateral Security Condition 7.1, no amounts other than the relevant Security Termination Amount will be payable in respect of each Secured Security.

No Holder shall be entitled to have recourse to any other assets of the Issuer, the Collateral Assets contained in a Collateral Pool other than the Collateral Pool which relates to the Secured Securities it holds or to any Collateral Assets other than the Specified Reference Collateral Assets identified as such in the applicable Final Terms relating to the series of Secured Securities of which it is a Holder and any Credit Support Assets, Replacement Collateral Assets or other Charged Assets relating to such series of Secured Securities.

The French Collateral Security Agent (and any agent appointed by the French Collateral Security Agent) will, in the absence of its own gross negligence, fraud and wilful default, have no liability as to the consequence of any enforcement or realisation action and will have no regard to the effect of such action on individual Holders or the other Secured Parties.

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

### 7.3 Application and distribution of proceeds of enforcement

The French Collateral Security Agent shall apply all Collateral Enforcement Proceeds or the Collateral Assets (where Physical Delivery of Collateral is applicable) in accordance with the applicable Priority of Payments and, where applicable, in accordance with Collateral Security Condition 5.19. Following payment of all amounts which are payable in priority to Holders in accordance with, and in the order set out in, the applicable Priority of Payments (including, without limitation, amounts due to the French Collateral Security Agent and/or any agent appointed by it to assist in the enforcement of the Security Interests and realisation and/or delivery of the Collateral Assets, including any Enforcement Expenses) and, where applicable, in accordance with Collateral Security Condition 5.19,

- (a) where Physical Delivery of Collateral is not applicable, the Collateralised Percentage of the remaining proceeds from the realisation of the Specified Reference Collateral Assets in the Collateral Pool relating to the relevant series of Secured Securities and other Charged Assets relating to such series of Secured Securities will be applied in accordance with the applicable Priority of Payments in meeting the claims of Holders under the relevant series of Secured Securities which are secured by the relevant Collateral Pool on a pari passu basis within the relevant series of Secured Securities where each Secured Security's share of such proceeds shall be determined by the Collateral Calculation Agent and confirmed to the French Collateral Security Agent on the basis of such Secured Security's Collateral Proceeds Share; or
- (b) where Physical Delivery of Collateral is applicable, the remaining Specified Reference Collateral Assets will be applied in accordance with the applicable Priority of Payments in meeting the delivery claims of Holders under the relevant series of Secured Securities which are secured by the relevant Collateral Pool on a pari passu basis within the relevant series of Secured Securities where each Secured Security's share of such Specified Reference Collateral Assets shall be determined by the Collateral Calculation Agent on the basis of such Secured Security's Delivery Share, and the remaining proceeds from any sale of Collateral Assets and realisation of the other Charged Assets relating to the relevant series of Secured Securities (together, the "**Available Delivery Cash Proceeds**") will be applied in payment to each Holder of the Security Delivery Cash Amount and any Rounding Amount due to the relevant Holder.

### 7.4 Shortfall

In the event that,

- (a) following the application of the Collateral Enforcement Proceeds in accordance with Collateral Security Condition 7.3(a), the amount paid to a Holder in respect of a Secured Security held by him (a "**Cash Security Realised Amount**") is less than the Security Termination Amount determined by the Collateral Calculation Agent and confirmed to the French Collateral Security Agent with respect to such Secured Security (the difference between the Cash Security Realised Amount paid and such Security Termination Amount being referred to as a "**Shortfall**"), the Issuer shall, without prejudice to Collateral Security Condition 11, remain liable for such Shortfall, but any such Holder shall not have recourse to any Collateral Pool other than the Collateral Pool applicable to that series of Secured Securities or to any Reference Collateral Assets other than the Specified Reference Collateral Assets identified as such in the applicable Final Terms relating to the series of Secured Securities of which it is a Holder and any Credit Support Assets or Replacement Collateral Assets relating to such series of Secured Securities; or

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

- (b) where Physical Delivery of Collateral is applicable following the delivery of the remaining Specified Reference Collateral Assets and payment of the Available Delivery Cash Proceeds in accordance with Collateral Security Condition 7.3(b), the amount paid or deemed to have been paid to a Holder in respect of a Secured Security held by him (a "**Physical Security Realised Amount**" and, together with the Cash Security Realised Amount, the "**Security Realised Amount**") is less than the sum of the Security Termination Amount and the Calculated Security Termination Amount determined by the Collateral Calculation Agent and confirmed to the French Collateral Security Agent with respect to such Secured Security (the difference between the Security Realised Amount and such amount so paid or deemed to be paid being referred to as a "**Shortfall**"), the Issuer shall, without prejudice to Collateral Security Condition 11, remain liable for such Shortfall, but any such Holder shall not have recourse to any Collateral Pool other than the Collateral Pool applicable to that series of Secured Securities or to any Reference Collateral Assets other than the Specified Reference Collateral Assets identified as such in the applicable Final Terms relating to the series of Secured Securities of which it is a Holder and any Credit Support Assets and/or Replacement Collateral Assets relating to such series of Secured Securities.

### 7.5 Physical Delivery of Collateral Assets

Where "Physical Delivery of Collateral" is specified in the applicable Final Terms, following enforcement of the Pledge(s), the French Collateral Security Agent, will arrange for delivery of the Specified Reference Collateral Assets in a Collateral Pool to each Holder of a Secured Security secured by the relevant Collateral Pool relating to the relevant series of Secured Securities in a nominal amount equal to the Delivery Share applicable to such Secured Security on a pari passu basis within the relevant series of Secured Securities and shall effect the sale of any Credit Support Assets. After the sale of any Credit Support Assets and/or Replacement Collateral Assets, the delivery of the relevant Delivery Shares in respect of the Secured Securities and payment of any Rounding Amount and Security Delivery Cash Amount will fully extinguish the Issuer's obligations in respect of the relevant Secured Securities notwithstanding that the value of the Collateral Assets (together with Rounding Amount and the Security Delivery Cash Amount) so delivered (or paid, as the case may be) may be less than the nominal value of the relevant Secured Security.

Prior to determining the Delivery Share in respect of each Secured Security, the Collateral Calculation Agent shall determine the cash amount which is equal to the sum of the Credit Support Sale Proceeds and the Additional Proceeds Amount and whether such cash sum is sufficient to satisfy any applicable Priority Amounts in full and shall confirm such figures to the French Collateral Security Agent. If such sum is not sufficient to satisfy the applicable Priority Amounts in full, the Collateral Calculation Agent shall then calculate the amount of Specified Reference Collateral Assets which are required to be sold in order to pay any Priority Amounts and any Additional RCA Disposal Amount after the application of such Credit Support Sale Proceeds and Additional Proceeds Amount to pay such Priority Amount and any Additional RCA Disposal Amount and shall confirm such amount to the French Collateral Security Agent and the French Collateral Security Agent shall arrange for the sale of the relevant amount of Specified Reference Collateral Assets to meet any unsatisfied Priority Amounts and any Additional RCA Disposal Amount and any proceeds from such sale remaining after payment of such Priority Amounts and any Additional RCA Disposal Amount shall be the "**Residual Proceeds Amount**" and shall be paid in accordance with this Collateral Security Condition 7.5.

For the purposes of the Collateral Calculation Agent calculating the Security Termination Amount in respect of each Secured Security, where the French Collateral Security Agent has used any Credit Support Sale Proceeds and Additional Proceeds Amount prior to any sale of Specified Reference

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Collateral Assets, it shall be deemed to have first used such Additional Proceeds Amount to pay the relevant Priority Amounts (and such Additional Proceeds Amount shall be reduced accordingly by the amount of such payment) and then, to the extent necessary, the Credit Support Sale Proceeds shall be deemed to have been used to pay the outstanding relevant Priority Amounts (and such Credit Support Sale Proceeds shall be reduced accordingly by the amount of such payment). In connection with any such delivery in respect of Securities, such delivery shall be made in accordance with Security Conditions 30 and 35.2 and the Entitlement shall be deemed to be a Security's Delivery Share, as determined by the Collateral Calculation Agent and confirmed in writing to the French Collateral Security Agent. The French Collateral Security Agent shall be entitled to appoint one or more agent to assist it with the delivery of the Entitlement and sale of Collateral Assets required to be made in accordance with this Collateral Security Condition 7.5. The French Collateral Security Agent shall notify the Collateral Delivery Date in respect of a series of Secured Securities to the relevant Holders in accordance with Security Condition 10.

In connection with such delivery, (i) Security Conditions 5.3, 5.4 and 5.5 shall not apply, (ii) for the purposes of Security Condition 11.1, Security Expenses shall be deemed to include any Enforcement Expenses which are incurred in delivery of the Collateral Assets in accordance with this Collateral Security Condition 7.5, (iii) the French Collateral Security Agent shall be entitled to deduct from the assets deliverable to Holders all Security Expenses not previously deducted from amounts paid or assets delivered to Holders, as the French Collateral Security Agent shall determine are attributable to the relevant Secured Securities and (iv) any reference in the Security Conditions to "Relevant Assets" shall be deemed, in connection with a delivery of Collateral Assets in accordance with this Collateral Security Condition 7.5, to be a reference to "Collateral Assets".

The final sentence of the first paragraph of Security Condition 35.2(c) shall not apply and the Collateral Assets which it is not possible to deliver to a Holder due to such rounding shall, if and to the extent practicable, be sold by the French Collateral Security Agent (or such other agent as may be appointed by the French Collateral Security Agent for such purpose) and a pro rata share of the resulting amount (the "**Rounding Amount**") shall be paid to each Holder whose Entitlement is subject to such rounding.

Where Physical Delivery of Collateral is applicable to a series of Secured Securities upon delivery of the relevant Specified Reference Collateral Assets and payment of the relevant Security Termination Amount, no further amount will be due to the Holders of such Secured Securities. In connection with the delivery of Specified Reference Collateral Assets for the relevant series of Secured Securities, the Collateral Calculation Agent shall determine the Security Termination Amount and the Calculated Security Termination Amount in respect of each Secured Security and shall notify such amounts to the French Collateral Security Agent who shall notify the Holders of such amounts following such delivery or, where applicable, payment of relevant amounts due in accordance with this Collateral Security Condition 7.

Where "Essential Trigger" is specified as applicable in the applicable Final Terms, Physical Delivery of Collateral will not apply.

### 7.6 Settlement Disruption

If, in the opinion of the French Collateral Security Agent (or such other agent as may be appointed by the French Collateral Security Agent for such purpose), delivery of the Entitlement following the occurrence of an Enforcement Event using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the French Collateral Security Agent (or such agent) has determined, is not practicable by reason of a Collateral Settlement Disruption Event having occurred and continuing on any Collateral Delivery Date then such Collateral Delivery Date for such

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Secured Securities shall be postponed to the first following Business Day in respect of which there is no such Collateral Settlement Disruption Event, provided that the French Collateral Security Agent (or such agent) may elect without liability to any party to deliver the Entitlement in such other commercially reasonable manner as it may select and in such event the Collateral Delivery Date shall be such day as the French Collateral Security Agent (or such agent) deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Collateral Settlement Disruption Event affects some but not all of the Collateral Assets comprising the Entitlement, the Collateral Delivery Date for the Collateral Assets not affected by the Collateral Settlement Disruption Event will be the originally designated Collateral Delivery Date.

If delivery of the relevant Entitlement is not possible due to the occurrence of a Collateral Settlement Disruption Event, for a period of greater than the Collateral Settlement Disruption Period, then in lieu of physical settlement and notwithstanding any other provision hereof, the French Collateral Security Agent (or such agent on its behalf) shall sell or realise the Undeliverable Collateral Assets, provided that the provisions of Collateral Security Condition 7.2 shall apply in the event that it is not possible for the French Collateral Security Agent to sell the relevant Undeliverable Collateral Assets within a period of two years. The French Collateral Security Agent shall give notice as soon as practicable to the Holders in accordance with Security Condition 10 that a Collateral Settlement Disruption Event has occurred. No Holder shall be entitled to any payment in respect of the relevant Secured Security in the event of any delay in the delivery of the Entitlement due to the occurrence of a Collateral Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer, the Guarantor or the French Collateral Security Agent (or any agent on its behalf).

### 7.7 Enforcement by Holders

No Holder shall be entitled to enforce the Security Interests or to proceed directly against the Issuer to enforce the other provisions of the Security Agreements unless the French Collateral Security Agent, having become bound so to enforce or to proceed, fails so to do within a reasonable time and such failure is continuing or the French Collateral Security Agent is prevented from doing so by any court order.

### 7.8 Redemption

Where Physical Delivery of Collateral is not applicable to a series of Secured Securities, following payment in full by the Issuer and/or the Guarantor of the Shortfall (if any) in respect of a Secured Security and/or payment to the Holder of a Secured Security of an amount in aggregate equal to the Security Termination Amount the relevant Secured Security shall be deemed to have been redeemed. Where Physical Delivery of Collateral is applicable to a series of Secured Securities, following delivery to the Holder of a Secured Security of Collateral Assets in an amount equal to the relevant Delivery Share by the French Collateral Security Agent (or its agent)(together with any Rounding Amount payable) and, where applicable, payment in full by the Issuer and/or the Guarantor of the Shortfall (if any) in respect of such Secured Security, the relevant Secured Security shall be deemed to have been redeemed.

### 7.9 Collateral Calculation Agent Replacement

Following the occurrence of an Enforcement Event, if either: (i) the Collateral Calculation Agent fails to make the applicable calculations and determinations specified in these Collateral Security Conditions or fails to notify the French Collateral Security Agent of the results of such calculations and determinations within 15 Business Days of a request from the French Collateral Security Agent (or any agent acting on its behalf) to make such calculations and determinations or (ii) the Collateral Calculation Agent has notified to the French Collateral Security Agent that it is unable to perform the calculations or other duties required of it by these Collateral Security Conditions, the French Collateral Security Agent may

and shall, if instructed to do so in accordance with Collateral Security Condition 7.2 and indemnified and/or secured and/or pre-funded to its satisfaction, terminate the appointment of the Collateral Calculation Agent and appoint one or more successor Collateral Calculation Agent.

### 7.10 Disposal Agent

Upon the occurrence of an Enforcement Event, the French Collateral Security Agent may and shall, if instructed to do so in accordance with Collateral Security Condition 7.2 and indemnified and/or secured and/or pre-funded to its satisfaction, appoint and instruct a disposal agent to effect a liquidation and realisation of the relevant Collateral Assets, (where Physical Delivery of Collateral is specified as applicable) to effect delivery of the Specified Reference Collateral Assets to each Holder of a Secured Security, to sell or realise any Undeliverable Collateral Assets or to undertake any other action contemplated as being performed by the French Collateral Security Agent in these Collateral Security Conditions.

The French Collateral Security Agent is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Collateral Assets from any obligation to insure or to procure the insuring of the Collateral Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Collateral Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Collateral Custodian or any custodian whether or not selected by the French Collateral Security Agent (in each case, if applicable). The French Collateral Security Agent is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Collateral Security Condition 10, each of the Issuer and the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the French Collateral Security Agency and Pledge Agreement or any agreement referred to therein to which the Issuer and the Guarantor are party, any security created or guarantee given under the French Collateral Security Agency and Pledge Agreement shall be reserved for the benefit of the new French collateral security agent (for itself and as agent of each other Secured Party).

### 11. Residual Shortfall

Without prejudice to the rights of a Holder under the Guarantee, if the net proceeds of the enforcement of the Security Interests created pursuant to the French Collateral Security Agency and Pledge Agreement, the Pledge Agreement and/or any Additional Security Document or Alternative Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Securities, then:

- (i) save where Security Value Termination Amount is the applicable Security Termination Amount, the obligations of the Issuer in respect of such Securities will be limited to such Net Proceeds and neither the French Collateral Security Agent nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets and
- (ii) save where Security Value Termination Amount is the applicable Security Termination Amount, the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Holder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the French Collateral Security Agent nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the French Collateral Security Agent to recover any such Residual Shortfall.

No Holder or other Secured Party nor any party to the French Collateral Security Agency and Pledge Agreement shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy, insolvency, voluntary or judicial liquidation, composition with creditors, fraudulent conveyance, general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or appoint an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (except any receiver appointed by the French Collateral Security Agent pursuant to the French Collateral Security Agency and Pledge Agreement) or liquidator). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Collateral Security Condition 7.

## ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

In this Condition, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Securities but for the operation of this Collateral Security Condition 11.

Where the Security Termination Amount specified in the applicable Final Terms is Security Value Termination Amount, the Issuer shall remain liable for any shortfall calculated in accordance with Collateral Security Condition 7.4 and this Collateral Security Condition 11 shall not apply to reduce the amount payable by the Issuer.

### 12. Further Issues

Security Condition 12 shall be deleted and the following substituted therefor:

#### "12. FURTHER ISSUES

Any such further securities shall only form a single issue with the Securities, (unless otherwise approved by an Extraordinary Resolution) if the Issuer provides additional assets as security for such further securities which are fungible with, and have the same proportionate composition as, those forming part of the Charged Assets for the Securities and in the same proportion that the aggregate notional amount of such new securities bears to the aggregate Notional Amount of the existing outstanding Securities and/or the Issuer enters into, or has the benefit of, additional or supplemental or amended Swap Agreements and Collateral Exchange Agreements extending the terms of any existing Swap Agreements and Collateral Exchange Agreements (if any) to the new securities on terms no less favourable than such existing documents and agreements and, subject to the terms of the French Collateral Security Agency and Pledge Agreement, the Issuer may make modifications to the terms and conditions of the Securities, to the terms of the Swap Agreement, Collateral Exchange Agreement and the Pledge Agreement without the consent of the Holders and/or the French Collateral Security Agent to reflect the issue of any further issues of securities expressed to be consolidated and form a single series with the original issue of Securities of the relevant Series in accordance with this Condition 12. Notwithstanding the foregoing, no amendment to the Terms and Conditions made by the Issuer in accordance with this Condition 12 which imposes additional obligations or duties on the Definitive Security Agent or the New York Security Agent shall take effect unless the affected Definitive Security Agent or New York Security Agent, as the case may be, has provided its prior written consent to the imposition of such additional obligations or duties."

### 13. Recognition of Bail-in and Loss Absorption

Notwithstanding that certain calculations, determinations and adjustments in the terms and conditions of the Certificates may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to the Conditions the Calculation Agent has a number of discretions. CERTIFICATES**  
**ANNEX TO THE ADDITIONAL TERMS AND CONDITIONS FOR PREFERENCE SHARE  
CERTIFICATES**

**DESCRIPTION OF THE PREFERENCE SHARE ISSUER  
AND THE PREFERENCE SHARES**

The following is a summary description of the Preference Share Issuer and the Preference Shares.

In respect of Preference Share Certificates, Holders will receive an amount (if any) on redemption determined by reference to the value of one or more preference shares (based on the performance of one or more Preference Share Underlyings).

**BNP Paribas Synergy Limited (the "Preference Share Issuer")**

The Preference Share Issuer is a private company limited by shares and was incorporated under the Companies Act 2006 on 01 February 1989 (with registered number 02342280). The Preference Share Issuer has its registered office at 10 Harewood Avenue, London, NW1 6AA, United Kingdom.

A copy of the Preference Share Issuer's constitutional documents, its audited, non-consolidated annual financial statements, when published, and the Terms of the Preference Shares (as defined below) are available (free of charge) from the registered office of the Preference Share Issuer.

The sole business activity of the Preference Share Issuer is to issue redeemable preference shares. Accordingly, the Preference Share Issuer does not have any trading assets and does not generate any significant net income.

**The Preference Shares**

The Preference Share Issuer may issue redeemable preference shares of any kind, including but not limited to preference shares linked to a specified index or basket of indices, share or basket of shares, currency or basket of currencies, debt instrument or basket of debt instruments, commodity or basket of commodities or to such other underlying instruments, bases of reference or factors (the "**Preference Share Underlying**") and on such terms as may be determined by the Preference Share Issuer and specified in the applicable specific terms and conditions of the relevant series of preference shares (the "**Terms of the Preference Shares**").

The performance of the Preference Shares depends on the performance of the Preference Share Underlying to which the Preference Shares are linked. In determining the value of the Preference Shares, the Preference Share Calculation Agent shall employ the calculation procedure and methodology set out in the applicable Terms of the Preference Shares.

The value of the Preference Shares will be published on an internationally recognised published or electronically displayed price source, as specified in the applicable Final Terms.

**Exposure to the Preference Share Underlying**

The Preference Share Underlying may be a specified index or basket of indices, a specified equity or basket of equities, a specified currency or basket of currencies, a specified commodity, commodity index, basket of commodities or commodity indices, a specified fund share or unit or fund indices or basket of fund shares or units or fund indices or such other underlying instruments, bases of reference or factors as may be determined by the Preference Share Issuer and specified in the Terms of the Preference Shares. Consequently, investors should also consider the risk factors set out in the "*Risks*" section in respect of the risks involved in investing in Securities (in this case the preference shares) linked to certain relevant underlying reference assets.

## **ANNEX 14 – ADDITIONAL TERMS AND CONDITIONS FOR PREFERENCE SHARE CERTIFICATES**

The Terms of the Preference Shares provide that the preference shares will be redeemable on their final redemption date (or otherwise in accordance with the Terms of the Preference Shares). On redemption, the preference shares will carry preferred rights to receive an amount calculated by reference to the performance of the Preference Share Underlying.

### **Potential conflicts of interest in relation to Preference Share Certificates**

The Preference Share Issuer, BNP Paribas Financial Markets S.N.C. in its capacity as the Calculation Agent in respect of the preference shares (the "**Preference Share Calculation Agent**"), the Issuers and Guarantors are each members of the BNP Paribas Group and are affiliates or subsidiaries of the Calculation Agent. As a result of these relationships, potential conflicts of interest may arise between such parties acting in their respective capacities. Subject to any relevant regulatory obligations, the Preference Share Issuer and the Preference Share Calculation Agent owe no duty or responsibility to the relevant Issuer and Guarantor (if applicable) or any Holder to avoid any conflict or to act in the interests of any Holder. The Preference Share Issuer may also rely on members of the BNP Paribas Group (including the Preference Share Calculation Agent) or other service providers to perform its operational requirements. In the event any relevant BNP Paribas Group entities or other service providers fail to perform any obligations, this may adversely affect the value of the preference shares and potentially the amounts payable under the Certificates.

In addition to providing calculation agency services to the Preference Share Issuer, BNP Paribas Financial Markets S.N.C. or any of its affiliates, may perform further or alternative roles relating to the Preference Share Issuer and any other series of preference shares including, but not limited to, for example, being involved in arrangements relating to any of the underlying reference assets (for example as a calculation agent). Further, BNP Paribas Financial Markets S.N.C. or any of its affiliates may contract with the Preference Share Issuer and/or enter into transactions which relate to the Preference Share Issuer, the preference shares or any of the underlying reference assets and as a result BNP Paribas Financial Markets S.N.C. may face a conflict between its obligations as Preference Share Calculation Agent and its and/or its affiliates' interests in other capacities.

- (a) the relevant Portfolio Component which no longer satisfies the Investment Strategy Guidelines will cease to be a Portfolio Component (the "**Removed Component**");
- (b) the New Weighting for each remaining existing Portfolio Component comprised in the Reference Portfolio will be equal to the Underlying Reference Weighting of such Portfolio Component immediately prior to the Reallocation Instruction taking effect, adjusted by a percentage representing the exposure of the Reference Portfolio to the Removed Component immediately prior to the Reallocation Instruction taking effect, shared equally across all such Portfolio Components of the same type, all as determined by the Calculation Agent;
- (c) the Calculation Agent will make any further adjustment, if any, to any one or more of the terms of these Conditions and/or the applicable Final Terms, as it determines appropriate to account for the deemed Reallocation Instruction to take effect and the resulting adjustment to the Reference Portfolio; and
- (d) the Reallocation Date will be such date as determined by the Calculation Agent.

## 6. Basket Allocation Agent Event

In accordance with the terms of the Basket Allocation Agency Agreement, the relevant party thereto may terminate the Basket Allocation Agency Agreement immediately upon the occurrence of any event constituting a Basket Allocation Agent Event.

- (d) the Basket Allocation Agent commits an act that constitutes fraud or criminal activity in the performance of its obligations under the Basket Allocation Agency Agreement or the Basket Allocation Agent is found guilty of having committed any criminal or regulatory offence;
- (e) the Basket Allocation Agent is at any time in breach of Sanctions or Anti-Financial Crime Laws;
- (f) the Basket Allocation Agent is at any time in breach of the representations, warranties and undertakings set out in the Basket Allocation Agency Agreement;
- (g) the Basket Allocation Agent ceases to be permitted to act as such under the laws of any relevant jurisdiction to the extent that any such permission would be required at the relevant time; or
- (h) the Reference Portfolio can no longer be adjusted for any reason.

If in the determination of the Calculation Agent the Basket Allocation Agent's appointment is terminated prior to the redemption of the Securities, no further Reallocation Instruction will be accepted, and accordingly, the Reference Portfolio will be fixed and shall comprise the Portfolio Components with the respective weights as established on the immediately preceding Reallocation Date.

The provisions of this Actively Managed Security Condition 6 are without prejudice to any other Conditions permitting adjustments to be made to the terms of the Securities and to any Portfolio Component, including without limitation, pursuant to Actively Managed Security Condition 2.3 above.

#### **WHEREAS:**

BNP Paribas Issuance B.V. ("**BNPP B.V.**"), BNPP and BNP Paribas Fortis Funding have established a Note, Warrant and Certificate Programme (the "**Programme**") under which, *inter alia*, BNPP B.V. may from time to time issue, *inter alia*, unsecured warrants and certificates governed by English law (the "**Securities**") of any kind including, but not limited to, warrants and certificates relating to a specified index or a basket of indices, a specified share (or Stapled Shares (as defined in Share Security Condition 1)), preference share, GDR or ADR or a basket of shares (or Stapled Shares), GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a specified commodity (including an EU Allowance) or commodity index or basket of commodities (including EU Allowances) and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified currency futures contract, a specified fund share or unit or basket of fund shares or units, a euro fund insurance or investment policy or capitalisation contract, a specified underlying interest rate or basket of underlying interest rates, Credit Securities, Open End Certificates, OET Certificates or Actively Managed Securities. BNPP intends to guarantee the obligations of BNPP B.V. under the Securities in the manner and to the extent set out herein.

The Securities may be issued pursuant to (a) an Amended and Restated Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated on or around 27 May 2025 between, *inter alia*, BNPP B.V., BNPP, BNP Paribas, Succursale de Luxembourg as agent and BNP Paribas Financial Markets S.N.C. as calculation agent or (b) any other agency or analogous agreement entered into by BNPP and/or BNPP B.V. from time to time.

Terms defined in the Terms and Conditions of the Securities, as amended and/or supplemented by the applicable Final Terms (the "**Conditions**") and not otherwise defined in this Deed of Guarantee shall have the same meanings when used in this Guarantee.

Any reference in this Guarantee to any obligation or sums or amounts payable under or in respect of the Securities by BNPP B.V. shall be construed to refer to (if applicable) in the event of a bail-in of BNPP, such obligations, sums and/or amounts as reduced by reference to, and in the same proportion as, any such reduction or modification applied to liabilities of BNPP following the application of a bail-in of BNPP by any relevant authority (including in a situation where the Guarantee itself is not the subject of such bail-in).

In respect of all Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 30 May 2024 granted by the Guarantor in respect of Securities issued under the Programme.

**NOW THIS DEED WITNESSES** as follows:

#### **1. Guarantee**

Subject as provided below, BNPP unconditionally and irrevocably guarantees by way of deed poll to each Holder that, if for any reason BNPP B.V. does not pay any sum payable by it or perform any other obligation in respect of any Security on the date specified for such payment or performance BNPP will, in accordance with the Conditions pay that sum in the currency in which such payment is due in immediately available funds or, as the case may be, perform or procure the performance of the relevant obligation on the due date for such performance. In case of the failure of BNPP B.V. to satisfy such obligations as and when the same become due, BNPP hereby undertakes to make or cause to be made such payment or satisfy or cause to be satisfied such obligations as

## FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR UNSECURED SECURITIES

though BNPP were the principal obligor in respect of such obligation after a demand has been made on BNPP pursuant to Clause 11 hereof PROVIDED THAT in the case of Securities other than Credit Securities (A) in the case of Physical Delivery Securities where BNPP B.V. has the obligation, pursuant to the terms and conditions of the relevant Security, to deliver the Entitlement, notwithstanding that BNPP B.V. had the right to vary settlement in respect of such Physical Delivery Securities in accordance with Security Condition 5.3 and exercised such right or failed to exercise such right, BNPP will have the right to elect not to deliver or procure delivery of the Entitlement to the Holders of such Physical Delivery Securities, but in lieu thereof, to make payment in respect of each such Physical Delivery Securities of an amount equal to the Guaranteed Cash Settlement Amount (as defined in the Conditions) and (B) in the case of Securities where the obligations of BNPP B.V. which fall to be satisfied by BNPP constitute the delivery of the Entitlement to the Holders, BNPP will as soon as practicable following BNPP B.V.'s failure to satisfy its obligations under such Securities deliver or procure delivery of such Entitlement using the method of delivery specified in the applicable Final Terms provided that, if in the opinion of BNPP, delivery of the Entitlement using such method is not practicable by reason of (i) a Settlement Disruption Event (as defined in Security Condition 5.1) or (ii) a Failure to Deliver due to Illiquidity (as defined in Security Condition 15.1) (if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms), in lieu of such delivery BNPP will make payment in respect of each such Security of, in the case of (i) above, the Guaranteed Cash Settlement Amount or, in the case of (ii) above, the Failure to Deliver Settlement Price (as defined in Security Condition 15.2). Any payment of the Guaranteed Cash Settlement Amount or the Failure to Deliver Settlement Price, as the case may be, in respect of a Security shall constitute a complete discharge of BNPP's obligations in respect of such Security.

### 2. **BNPP as Principal Obligor**

As between BNPP and the Holder of each Security but without affecting BNPP B.V.'s obligations, BNPP will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BNPP B.V. or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the making or absence of any demand on BNPP B.V. or any other person for payment or performance of any other obligation in respect of any Security, (4) the enforcement or absence of enforcement of any Security or of any security or other guarantee or indemnity, (5) the taking, existence or release of any such security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of BNPP B.V. or any other person, or (7) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Agency Agreement or any of BNPP B.V.'s obligations under any of them).

### 3. **BNPP's Obligations Continuing**

BNPP's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Security (in the case where the relevant Security is a Warrant, subject to its exercise). Furthermore, those obligations of BNPP are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPP or otherwise and may be enforced without first having recourse to BNPP B.V., any other person, any security or any other guarantee or indemnity. BNPP irrevocably waives all notices and demands of any kind.

### 4. **Status**

This Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

## FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR UNSECURED SECURITIES

### 5. Exercise of BNPP's rights

So long as any sum remains payable under the Securities or this Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BNPP B.V. or to take the benefit of or enforce any security or other guarantee or indemnity.

### 6. Discharge by BNPP B.V.

If any payment received by, or other obligation discharged to or to the order of, the Holder of any Security is, on the subsequent bankruptcy or insolvency of BNPP B.V., avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPP and this Guarantee will continue to apply as if such payment or obligation had at all times remained due and owing by BNPP B.V.

### 7. Indemnity

As a separate and alternative stipulation, BNPP unconditionally and irrevocably agrees (1) that any sum or obligation which, although expressed to be payable or deliverable under the Securities, is for any reason (whether or not now existing and whether or not now known or becoming known to BNPP B.V., BNPP or any Holder) not recoverable from BNPP on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Holder on demand and (2) as a primary obligation to indemnify each Holder against any loss suffered by it as a result of any sum or obligation expressed to be payable or deliverable under the Securities not being paid or performed by the time, on the date and otherwise in the manner specified in the Securities or any obligation of BNPP B.V. under the Securities being or becoming void, voidable or unenforceable for any reason (whether or not now existing and whether or not known or becoming known to BNPP B.V., BNPP or any Holder), in the case of a payment obligation the amount of that loss being the amount expressed to be payable by BNPP B.V. in respect of the relevant sum. The second sentence of Clause 2 of this Guarantee shall apply mutatis mutandis to this Clause 7.

### 8. Resolution proceedings against the Guarantor

By its acquisition of the Securities, each Holder (which, for the purposes of this Clause 8, includes any current or future holder of a beneficial interest in the Securities) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:
  - (i) the reduction of all, or a portion, of the Amounts Due;
  - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Guarantee, in which case the Holder agrees to accept in lieu of its rights under this Guarantee any such shares, other securities or other obligations of the Guarantor or another person;
  - (iii) the cancellation of this Guarantee; and/or
  - (iv) the amendment or alteration of the term of this Guarantee, including by suspending payment for a temporary period;

## FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR UNSECURED SECURITIES

The "**Bail-in or Loss Absorption Power**" is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time) ratified by the Law n°2016-1691 of 9 December 2016 relating to transparency, the fight against corruption and the modernisation of economic life (*Loi no. 2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) (as amended from time to time, this ordinance was ratified by the Law n°2016-1691), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the "**Single Resolution Mechanism Regulation**"), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.

A reference to a "**Regulated Entity**" is any entity referred to in Section 1 of Article L.613-34 of the French *Code monétaire et financier*, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

### FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR SECURED SECURITIES

**THIS GUARANTEE** is made by way of deed on 27 May 2025 by BNP Paribas ("**BNPP**") in favour of the holders for the time being of the Secured Securities (as defined below) (each a "**Holder**").

#### **WHEREAS:**

BNP Paribas Issuance B.V. ("**BNPP B.V.**"), BNPP and BNP Paribas Fortis Funding has established a Note, Warrant and Certificate Programme (the "**Programme**") under which, *inter alia*, BNPP B.V. may from time to time issue, *inter alia*, secured warrants and certificates governed by English law (the "**Secured Securities**") of any kind including, but not limited to, warrants and certificates relating to a specified index or a basket of indices, a specified share (or Stapled Shares (as defined in Share Security Condition 1)), preference share, GDR or ADR or a basket of shares (or Stapled Shares), GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a specified commodity (including an EU Allowance) or commodity index or basket of commodities (including EU Allowances) and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified currency futures contract, a specified fund share or unit or basket of fund shares or units, a euro fund insurance or investment policy or capitalisation contract, a specified underlying interest rate or basket of underlying interest rates, Credit Securities, Open End Certificates, OET Certificates or Actively Managed Securities. In respect of Secured Securities (other than Notional Value Repack Securities), BNPP B.V. will grant a security interest over assets held in accounts with the Custodian in favour of the Collateral Agent on behalf of itself and the relevant Holders. In respect of Secured Securities which are Notional Value Repack Securities, BNPP B.V. will grant a security interest over assets held in accounts with the Custodian in favour of the Security Trustee on behalf of itself and the relevant Secured Parties and will grant a security interest over certain contractual rights in favour of the Security Trustee on behalf of itself and the relevant Secured Parties. BNPP intends to guarantee the obligations of BNPP B.V. under the Secured Securities in the manner and to the extent set out herein.

The Secured Securities may be issued pursuant to (a) an Amended and Restated Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated on or around 27 May 2025 between, *inter alia*, BNPP B.V., BNPP, BNP Paribas, Succursale de Luxembourg as agent and BNP Paribas Financial Markets S.N.C. as calculation agent or (b) any other agency or analogous agreement entered into by BNPP and/or BNPP B.V. from time to time.

Terms defined in the Additional Terms and Conditions for Secured Securities, as amended and/or supplemented by the applicable Final Terms (the "**Conditions**") and not otherwise defined in this Deed of Guarantee for Secured Securities shall have the same meanings when used in this Guarantee.

In respect of all Secured Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 30 May 2024 granted by the Guarantor in respect of Secured Securities issued under the Programme.

**NOW THIS DEED WITNESSES** as follows:

#### **1. Guarantee**

Subject as provided below, BNPP unconditionally and irrevocably guarantees by way of deed poll to each Holder that:

- (a) where the Secured Security is a Security to which either Part A or B of Annex 13 (*Additional Terms and Conditions for Secured Securities*) applies, if following the occurrence of an Enforcement Event and enforcement of the Pledge in respect of the relevant Collateral Pool, for any reason BNPP B.V. does not pay the Security Termination Amount in respect of a Secured Security in full, BNPP will, in accordance with the Conditions, pay an amount equal to the Shortfall in the currency in which such

## FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR SECURED SECURITIES

payment is due in immediately available funds. In case of the failure of BNPP B.V. to satisfy such obligation as and when the same becomes due, BNPP hereby undertakes to make or cause to be made such payment as though BNPP were the principal obligor in respect of such obligation after a demand has been made on BNPP pursuant to Clause 11 hereof PROVIDED THAT BNPP shall not be obliged to make any payment under this Guarantee in respect of a Secured Security until the Collateral Assets in the Collateral Pool securing such Secured Security have been realised or liquidated in full in the manner set out in Collateral Security Condition 6.2. Payment of an amount equal to the Shortfall in respect of a Secured Security shall constitute a complete discharge of BNPP's obligations in respect of such Secured Security.

- (b) where the Secured Security is a Notional Value Repack Security, if following the occurrence of an Enforcement Event and enforcement of the Security Agreements in respect of the relevant Collateral Pool and series of Secured Securities, for any reason BNPP B.V. does not pay the Security Termination Amount and, or is not deemed to have paid the Calculated Security Termination Amount (where Physical Delivery of Collateral is applicable) in respect of a Secured Security in full, BNPP will, in accordance with the Conditions, pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds. In case of the failure of BNPP B.V. to satisfy such obligation as and when the same becomes due, BNPP hereby undertakes to make or cause to be made such payment as though BNPP were the principal obligor in respect of such obligation after a demand has been made on BNPP pursuant to Clause 11 hereof PROVIDED THAT BNPP shall not be obliged to make any payment under this Deed of Guarantee in respect of a Secured Security until the Collateral Assets in the Collateral Pool securing such Secured Security and any other Charged Assets relating to such series of Secured Securities have been realised or liquidated in full in the manner set out in Collateral Security Condition 7.2 and/or Collateral Security Condition 7.5. Payment of an amount equal to the Shortfall in respect of a Secured Security shall constitute a complete discharge of BNPP's obligations in respect of such Secured Security.

For the purposes of this Guarantee:

**"Shortfall"** means the amount, following liquidation and realisation of the Collateral Assets in the relevant Collateral Pool, by which the amount paid (and/or deemed to be paid in the case of Notional Value Repack Securities to which Physical Delivery of Collateral applies) to the Holder of the relevant Secured Security by, or on behalf of the Issuer, is less than the Security Termination Amount payable in respect of such Secured Security.

### 2. **BNPP as Principal Obligor**

As between BNPP and the Holder of each Secured Security but without affecting BNPP B.V.'s obligations, BNPP will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety provided that (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2 or where the Securities are Notional Value Repack Securities, the Collateral Assets in the Collateral Pool securing such Secured Security and any other Charged Assets relating to such series of Secured Securities have been realised or liquidated in full in the manner set out in Collateral Security Condition 7.2 and/or Collateral Security Condition 7.5, (iii) the Security Realised Amount is less than the Security Termination Amount or, where the Secured Security is a Notional Value Repack Security and Physical Delivery of Collateral is applicable, the Security Realised Amount is less than the sum of (A) the Security Termination Amount and (B) the Calculated Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 11 hereof. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BNPP B.V. or any other person, (2) any amendment to any

## FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR SECURED SECURITIES

of the Conditions or to any security or other guarantee or indemnity, (3) the taking, existence or release of any such security, guarantee or indemnity, (4) the dissolution, amalgamation, reconstruction or reorganisation of BNPP B.V. or any other person, or (5) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Agency Agreement or any of BNPP B.V.'s obligations under any of them).

### 3. **BNPP's Obligations Continuing**

BNPP's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no Shortfall remains payable under any Secured Security. Furthermore, those obligations of BNPP are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPP or otherwise. BNPP irrevocably waives all notices and demands of any kind.

### 4. **Status**

This Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

### 5. **Exercise of BNPP's rights**

So long as any sum remains payable under the Secured Securities or this Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BNPP B.V.

### 6. **Discharge by BNPP B.V.**

If any payment received by, or other obligation discharged to or to the order of, the Holder of any Secured Security is, on the subsequent bankruptcy or insolvency of BNPP B.V., avoided under any laws relating to bankruptcy or insolvency, such payment will not be considered as having discharged or diminished the liability of BNPP in respect of any relevant Shortfall and this Guarantee will continue to apply in respect of any relevant Shortfall as if such payment had at all times remained due and owing by BNPP B.V.

### 7. **Indemnity**

As a separate and alternative stipulation, BNPP unconditionally and irrevocably agrees (1) that any sum or obligation which, although expressed to be payable or deliverable under the Secured Securities, is for any reason (whether or not now existing and whether or not now known or becoming known to BNPP B.V., BNPP or any Holder) not recoverable from BNPP on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Holder on demand provided (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2 or where the Securities are Notional Value Repack Securities, the Collateral Assets in the Collateral Pool securing such Secured Security and any other Charged Assets relating to such series of Secured Securities have been realised or liquidated in full in the manner set out in Collateral Security Condition 7.2 and/or Collateral Security Condition 7.5, (iii) the Security Realised Amount is less than the Security Termination Amount or, where the Secured Security is a Notional Value Repack Security and Physical Delivery of Collateral is applicable, the Security Realised Amount is less than the sum of (A) the Security Termination Amount and (B) the Calculated Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 11 hereof and provided further that in no circumstances shall BNPP be obliged to pay an amount under this Guarantee which is greater than the relevant Shortfall. The second sentence of Clause 2 of this Guarantee shall apply *mutatis mutandis* to this Clause 7.

### 8. Resolution Proceedings against the Guarantor

By its acquisition of the Securities, each Holder (which, for the purposes of this Clause 8, includes any current or future holder of a beneficial interest in the Securities) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:
  - (i) the reduction of all, or a portion, of the Amounts Due;
  - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Guarantee, in which case the Holder agrees to accept in lieu of its rights under this Guarantee any such shares, other securities or other obligations of the Guarantor or another person;
  - (iii) the cancellation of this Guarantee; and/or
  - (iv) the amendment or alteration of the term of this Guarantee, including by suspending payment for a temporary period;
- (b) if applicable, that the terms of this Guarantee are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority.

For these purposes, the "**Amounts Due**" are the amounts payable under this Guarantee.

The "**Bail-in or Loss Absorption Power**" is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time) ratified by the Law n°2016-1691 of 9 December 2016 relating to transparency, the fight against corruption and the modernisation of economic life (*Loi no. 2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) (as amended from time to time, this ordinance was ratified by the Law n°2016-1691), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the "**Single Resolution Mechanism Regulation**"), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.

BNP Paribas Issuance B.V. ("**BNPP B.V.**"), BNPP and BNP Paribas Fortis Funding have established a Note, Warrant and Certificate Programme (the "**Programme**") under which, *inter alia*, BNPP B.V. may from time to time issue, *inter alia*, unsecured warrants and certificates governed by French law (the "**Securities**") of any kind including, but not limited to, warrants and certificates relating to a specified index or a basket of indices, a specified share (or Stapled Shares (as defined in Share Security Condition 1)), preference share, GDR or ADR or a basket of shares (or Stapled Shares), GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a specified commodity (including an EU Allowance) or commodity index or basket of commodities (including EU Allowances) and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified currency futures contract, a specified fund share or unit or basket of fund shares or units, a euro fund insurance or investment policy or capitalisation contract, a specified underlying interest rate or basket of underlying interest rates, Credit Securities, Open End Certificates, OET Certificates or Actively Managed Securities. Any reference in this Guarantee to any obligation or sums or amounts payable under or in respect of the Securities by BNPP B.V. shall be construed to refer to (if applicable) in the event of a bail-in of BNPP, such obligations, sums and/or amounts as reduced by reference to, and in the same proportion as, any such reduction or modification applied to liabilities of BNPP following the application of a bail-in of BNPP by any relevant authority (including in a situation where the Guarantee itself is not the subject of such bail-in).

In respect of all Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 30 May 2024 granted by the Guarantor in respect of Securities issued under the Programme.

#### **1. Guarantee**

Subject as provided below, BNPP unconditionally and irrevocably guarantees to each Holder that, if for any reason BNPP B.V. does not pay any sum payable by it or perform any other obligation in respect of any Security on the date specified for such payment or performance BNPP will, in accordance with the Conditions pay that sum in the currency in which such payment is due in immediately available funds or, as the case may be, perform or procure the performance of the relevant obligation on the due date for such performance. ### 2. **Joint liability of BNPP and BNPP B.V.**

BNPP hereby acknowledges, absolutely and without right to claim the benefit of any legal circumstances amounting to an exemption from liability or a guarantor's defence, that it is bound by the obligations specified below. Accordingly, BNPP acknowledges that it will not be released from liability, nor will its liability be reduced, at any time, by extension or grace periods regarding payment or performance, any waiver or any consent granted to BNPP B.V. or to any other person, or by the failure of any execution proceedings brought against BNPP B.V. or any other person. Furthermore, BNPP acknowledges that (1) it will not be relieved of its obligations in the event that BNPP B.V.'s obligations become void for reasons relating to BNPP B.V.'s capacity, limitation of powers or lack thereof (including any lack of authority of persons having entered into contracts in the name, or on behalf, of BNPP B.V.), (2) its obligations under this Guarantee will remain valid and in full effect notwithstanding the dissolution, merger, takeover or reorganisation of BNPP B.V., as well as the opening of insolvency proceedings (*procédures collectives*), or any other proceedings similar to receivership or liquidation proceedings, in respect of BNPP B.V., (3) it will not avail itself of any subrogation rights in respect of the Holders' rights and that it will take no steps to enforce any rights or demands against BNPP B.V., so long as any amounts remain due; or any obligation remains unperformed, under the Securities, (4) its duties under this Guarantee will not be conditional on or subject to the validity or execution of any other security granted by BNPP B.V. or any other person to the Holders, or to the existence or creation of any security for the benefit of the Holders, and (5) neither the notification of, nor the serving of a formal request upon, BNPP B.V. or any other person is a prior condition to a payment or performance by BNPP under this Guarantee.

### 4. **Status**

This Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

## FORM OF THE BNPP FRENCH LAW GUARANTEE FOR UNSECURED SECURITIES

### 5. Exercise of BNPP's rights

So long as any sum remains payable under the Securities or this Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BNPP B.V. or to take the benefit of or enforce any security or other guarantee or indemnity.

### 6. BNPP B.V. repayment

If a payment received by, or other obligation discharged to or to the order of, any Holder is declared null and void under any rule relating to insolvency proceedings (*procédures collectives*), or any other procedure similar to the receivership or liquidation of BNPP B.V., such payment or obligation will not reduce BNPP's obligations and this Guarantee will continue to apply as if such payment or obligation had always been due from BNPP B.V.

### 7. Resolution proceedings against the Guarantor

By its acquisition of the Securities, each Holder (which, for the purposes of this Clause 7, includes any current or future holder of a beneficial interest in the Securities) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:
  - (i) the reduction of all, or a portion, of the Amounts Due;
  - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Guarantee, in which case the Holder agrees to accept in lieu of its rights under this Guarantee any such shares, other securities or other obligations of the Guarantor or another person;
  - (iii) the cancellation of this Guarantee; and/or
  - (iv) the amendment or alteration of the term of this Guarantee, including by suspending payment for a temporary period;
- (b) if applicable, that the terms of this Guarantee are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority.

For these purposes, the "**Amounts Due**" are (a)(i) (in the case of Securities that are Certificates) the amounts payable on, or the Entitlement deliverable in respect of, each Security that has not been previously redeemed or cancelled or is otherwise no longer due or (ii) (in the case of Securities that are Warrants) the amounts payable on, or the Entitlement deliverable in respect of, each Security on exercise or cancellation or (b) the amounts payable by the Guarantor under this Guarantee.

The "**Bail-in or Loss Absorption Power**" is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time) ratified by the Law n°2016-1691 of 9 December 2016 relating to transparency, the fight against corruption

and the modernisation of economic life (*Loi no. 2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) (as amended from time to time, this ordinance was ratified by the Law n°2016-1691), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the "**Single Resolution Mechanism Regulation**"), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.

A reference to a "**Regulated Entity**" is any entity referred to in Section 1 of Article L.613-34 of the French *Code monétaire et financier*, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

#### **WHEREAS:**

BNP Paribas Issuance B.V. ("**BNPP B.V.**"), BNPP and BNP Paribas Fortis Funding have established a Note, Warrant and Certificate Programme (the "**Programme**") under which, *inter alia*, BNPP B.V. may from time to time issue, *inter alia*, secured warrants and certificates governed by French law (the "**Secured Securities**") of any kind including, but not limited to, Securities relating to a specified index or a basket of indices, a specified share (or Stapled Shares (as defined in Share Security Condition 1)), preference share, GDR or ADR or a basket of shares (or Stapled Shares), GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a specified commodity (including an EU Allowance) or commodity index or basket of commodities (including EU Allowances) and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified currency futures contract, a specified fund share or unit or basket of fund shares or units, a euro fund insurance or investment policy or capitalisation contract, a specified underlying interest rate or basket of underlying interest rates, Credit Securities, Open End Certificates, OET Certificates or Actively Managed Securities. In respect of Secured Securities (other than Notional Value Repack Securities), BNPP B.V. will grant a security interest over assets held in accounts with the Custodian in favour of the Collateral Agent on behalf of itself and the relevant Holders. In respect of Secured Securities which are Notional Value Repack Securities, BNPP B.V. will grant a security interest over assets held in accounts with the Custodian in favour of the French Collateral Security Agent on behalf of itself and the relevant Secured Parties and will grant a security interest over certain contractual rights in favour of the French Collateral Security Agent on behalf of itself and the relevant Secured Parties. BNPP intends to guarantee the obligations of BNPP B.V. under the Secured Securities in the manner and to the extent set out herein.

The Secured Securities may be issued pursuant to (a) an Amended and Restated Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated on or around 27 May 2025 between, *inter alia*, BNPP B.V., BNPP, BNP Paribas, Succursale de Luxembourg as agent and BNP Paribas Financial Markets S.N.C. as calculation agent or (b) any other agency or analogous agreement entered into by BNPP and/or BNPP B.V. from time to time.

Terms defined in the Additional Terms and Conditions of the Secured Securities, as amended and/or supplemented by the applicable Final Terms (the "**Conditions**") and not otherwise defined in this Guarantee for Secured Securities shall have the same meanings when used in this Guarantee.

In respect of all Secured Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 30 May 2024 granted by the Guarantor in respect of Secured Securities issued under the Programme.

#### **1. Guarantee**

Subject as provided below, BNPP unconditionally and irrevocably guarantees to each Holder that:

- (a) where the Secured Security is a Security to which either Part A or B of Annex 13 (*Additional Terms and Conditions for Secured Securities*) applies, if following the occurrence of an Enforcement Event and enforcement of the Pledge in respect of the relevant Collateral Pool, for any reason BNPP B.V. does not pay the Security Termination Amount in respect of a Secured Security in full, BNPP will, in accordance with the Conditions, pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds. In case of the failure of BNPP B.V. to satisfy such obligation as and when the same becomes due, BNPP hereby undertakes to make or cause to be made such payment as though BNPP were the principal obligor in respect of such obligation after a demand

## FORM OF THE BNPP FRENCH LAW GUARANTEE FOR SECURED SECURITIES

has been made on BNPP pursuant to Clause 9 hereof PROVIDED THAT BNPP shall not be obliged to make any payment under this Guarantee in respect of a Secured Security until the Collateral Assets in the Collateral Pool securing such Secured Security have been realised or liquidated in full in the manner set out in Collateral Security Condition 6.2. Payment of an amount equal to the Shortfall in respect of a Secured Security shall constitute a complete discharge of BNPP's obligations in respect of such Secured Security.

- (b) where the Secured Security is a Notional Value Repack Security, if following the occurrence of an Enforcement Event and enforcement of the Security Agreements in respect of the relevant Collateral Pool and series of Secured Securities, for any reason BNPP B.V. does not pay the Security Termination Amount and, or is not deemed to have paid the Calculated Security Termination Amount (where Physical Delivery of Collateral is applicable) in respect of a Secured Security in full, BNPP will, in accordance with the Conditions, pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds. Payment of an amount equal to the Shortfall in respect of a Secured Security shall constitute a complete discharge of BNPP's obligations in respect of such Secured Security.

For the purposes of this Guarantee:

"**Shortfall**" means the amount, following liquidation and realisation of the Collateral Assets in the relevant Collateral Pool, by which the amount paid (and/or deemed to be paid in the case of Notional Value Repack Securities to which Physical Delivery of Collateral applies) to the Holder of the relevant Secured Security by, or on behalf of the Issuer, is less than the Security Termination Amount payable in respect of such Secured Security.

BNPP hereby acknowledges, absolutely and without right to claim the benefit of any legal circumstances amounting to an exemption from liability or a guarantor's defence, that it is bound by the obligations specified below. Accordingly, BNPP acknowledges that it will not be released from liability, nor will its liability be reduced, at any time, by extension or grace periods regarding payment or performance, any waiver or any consent granted to BNPP B.V. or to any other person, or by the failure of any execution proceedings brought against BNPP B.V. or any other person provided that (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2, or where the Securities are Notional Value Repack Securities, the Collateral Assets in the Collateral Pool securing such Secured Security and any other Charged Assets relating to such series of Secured Securities have been realised or liquidated in full in the manner set out in Collateral Security Condition 7.2 and/or Collateral Security Condition 7.5, (iii) the Security Realised Amount is less than the Security Termination Amount or, where the Secured Security is a Notional Value Repack Security and Physical Delivery of Collateral is applicable, the Security Realised Amount is less than the sum of (A) the Security Termination Amount and (B) the Calculated Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 9 hereof. ### 3. **BNPP's continuing liability**

BNPP's obligations under this Guarantee are and will remain valid and in full effect until no Shortfall remains payable under any Secured Security.

### 4. **Status**

This Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

### 5. **Exercise of BNPP's rights**

So long as any sum remains payable under the Secured Securities or this Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BNPP B.V.

### 6. **BNPP B.V. repayment**

If a payment received by, or other obligation discharged to or to the order of, any Holder is declared null and void under any rule relating to insolvency proceedings (*procédures collectives*), or any other procedure similar to the receivership or liquidation of BNPP B.V., such payment or obligation will not reduce BNPP's obligations in respect of any relevant Shortfall and this Guarantee will continue to apply in respect of any relevant Shortfall as if such payment or obligation had always been due from BNPP B.V.

### 7. **Resolution Proceedings against the Guarantor**

By its acquisition of the Securities, each Holder (which, for the purposes of this Clause 7, includes any current or future holder of a beneficial interest in the Securities) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:
  - (i) the reduction of all, or a portion, of the Amounts Due;
  - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Guarantee, in which case the Holder agrees to accept in lieu of its rights under this Guarantee any such shares, other securities or other obligations of the Guarantor or another person;

For these purposes, the "**Amounts Due**" are the amounts payable under this Guarantee.

The "**Bail-in or Loss Absorption Power**" is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time) ratified by the Law n°2016-1691 of 9 December 2016 relating to transparency, the fight against corruption and the modernisation of economic life (*Loi no. 2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) (as amended from time to time, this ordinance was ratified by the Law n°2016-1691), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the "**Single Resolution Mechanism Regulation**"), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.

## **DESCRIPTION OF BNPP**

### **DESCRIPTION OF BNPP**

A description of BNPP can be found on pages 4 to 7 of the BNPP 2024 Universal Registration Document (in English) which is incorporated by reference herein.

### **BOOK-ENTRY CLEARANCE SYSTEMS**

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Clearstream, Luxembourg, Euroclear, Euroclear France, Clearstream, Frankfurt, Iberclear or Monte Titoli (together, the "**Clearing Systems**") currently in effect and subject as provided in the applicable Final Terms. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of BNPP B.V., BNPP nor any agent party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Securities held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

### **BOOK-ENTRY SYSTEMS**

#### ***DTC***

DTC has advised BNPP that it is a limited purpose trust company organised under the New York Banking Law, a banking organisation within the meaning of the New York Banking Law, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants ("**Direct Participants**") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Direct Participants accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the Financial Industry Regulatory Authority, Inc.. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Securities represented by Rule 144A Global Securities held by a Custodian on behalf of DTC among Direct Participants on whose behalf it acts with respect to Securities accepted into DTC's book-entry settlement system ("**DTC Securities**") as described below and receives and transmits payments on DTC Securities. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Securities ("**Beneficial Owners**") have accounts with respect to the DTC Securities similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Beneficial Owners. Accordingly, although Beneficial Owners who hold DTC Securities through Direct Participants or Indirect Participants will not possess definitive Securities, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Securities.

Purchases of DTC Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Securities on DTC's records. The ownership interest of each Beneficial Owner is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Securities are to be accomplished by entries made on the books of Direct Participants or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Securities, except in the event that use of the book-entry system for the DTC Securities is discontinued.

To facilitate subsequent transfers, all DTC Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or any other nominee as may be requested by an authorised

representative of DTC. The deposit of DTC Securities with DTC and their registration in the name of Cede & Co. or any other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Finanssivalvonta*). Euroclear Finland is owned by Euroclear SA/NV.

In order to effect entries in the Finnish book-entry securities system, a holder of securities or such holder's nominee must establish a book-entry account with Euroclear Finland or with a licensed account operator or register its securities through nominee registration. Each book-entry account must give the particulars of the account holder and other holders of rights to the book-entries in the account or of the manager of a nominee registration who manages the assets in the nominee-registered account, as well as information on the account operator for the account. The required information includes the type and number of the book-entry securities registered in the account as well as the rights and restrictions pertaining to the account and the book-entries. Any nominee-registered account must be identified when making entries in the account.

In conjunction with an issue of securities to be registered in the Euroclear Finland System (subject to certain exemptions), the relevant Issuer must engage a financial institution authorised by Euroclear Finland to operate as an issuer agent. The

issuer agent is responsible for ensuring that the instructions received from the relevant Issuer with respect to the issue are duly registered. The issuer agent will be authorised to act on behalf of the relevant Issuer in dealings with Euroclear Finland.

### ***Euroclear Sweden***

Euroclear Sweden AB ("**Euroclear Sweden**") is a Swedish private limited liability company which manages account operations and clearing activities for the Swedish financial market. Euroclear Sweden is owned by Euroclear S.A.

For each Security issued through Euroclear Sweden, a so called CSD register (*Sw. avstämningsregister*) (a "**CSD Register**") is created. The CSD Register will consist of a number of accounts, one for each holder of the Security in question. Such account is opened by the holder in person or by a nominee (*Sw. förvaltare*) on behalf of the holder. Title to a registered Security is transferred through registration in the system operated by Euroclear Sweden (the "**VPC System**").

In conjunction with an issue of securities to be registered in the VPC System, the relevant Issuer must engage a financial institution authorised by Euroclear Sweden to operate as an issuer agent. The issuer agent is responsible for ensuring that the instructions received from the relevant Issuer with respect to the issue are duly registered. The issuer agent will be authorised to act on behalf of the relevant Issuer in dealings with Euroclear Sweden.

### *Euroclear UK & Ireland Limited*

#### **CREST Dematerialised Securities**

CREST Dematerialised Securities will be issued and held in registered, uncertificated form in accordance with the Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof from time to time (the "**Uncertificated Securities Regulations**"), and as such are dematerialised securities and not constituted by any physical document of title. CREST Dematerialised Securities are participating securities for the purposes of the Uncertificated Securities Regulations. Title to the CREST Dematerialised Securities is recorded on the relevant operator register of eligible debt securities. The Operator is Euroclear UK & Ireland Limited.

The Euroclear Registrar on behalf of BNPP B.V. as Issuer will maintain a record of uncertificated eligible debt securities (the "**Record**") in relation to the CREST Dematerialised Securities and will procure that the Record is regularly updated to reflect the Operator register of eligible debt securities in accordance with the rules of the Operator. Subject to this requirement, (i) each person who is for the time being shown in the Record as the holder of a particular number of CREST Dematerialised Securities shall be treated by BNPP B.V. as Issuer, BNPP as Guarantor, the Euroclear Registrar and any other person as the holder of such number of CREST Dematerialised Securities for all purposes (and the expressions "**Holder**" and "**Holder of Securities**" and related expressions in the context of CREST Dematerialised Securities shall be construed accordingly), and (ii) none of BNPP B.V. as Issuer, BNPP as Guarantor, the Euroclear Registrar and any other person shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the Euroclear Registrar maintains are in accordance with particulars entered in the Operator register of eligible debt securities relating to the CREST Dematerialised Securities.

#### **CREST Depository Interests**

If the applicable Final Terms specify that the Securities will be accepted for settlement in CREST via the CREST Depository Interest mechanism, indirect interests in Securities will be accepted for settlement through CREST. Following their delivery into a clearing system, interests in the relevant Securities may be delivered, held and settled in CREST by means of the creation of CDIs representing the interests in the relevant Securities. The CDIs will be issued by the CREST Depository to CDI Holders and will be governed by English Law.

The CDIs will represent indirect interests in the interest of the CREST Nominee in the relevant Securities. Pursuant to the documents setting out the legal relationship of CREST with its users and participants (the "**CREST Manual**"), Securities held in global form by a common depository may be settled through CREST and the CREST Depository will issue CDIs. The CDIs will be independent securities, constituted under English law, which may be held and transferred through CREST.

Interests in the relevant Securities will be credited to the CREST Nominee's account with Euroclear and the CREST Nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated by the CREST Depository as if it were a relevant Security for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to CDI Holders any interest or other amounts received by it as holder of the relevant Securities on trust for such CDI Holder. CDI Holders will also be able to receive from the CREST Depository notices of meetings of Holders of the relevant Securities and other relevant notices issued by the relevant Issuer or the Guarantor (if applicable).

## BOOK-ENTRY SYSTEMS

The CDIs will have the same ISIN as the ISIN of the relevant Securities and if listed do not require a separate listing. Prospective subscribers for Securities represented by CDIs are referred to Chapter 8 of the CREST International Manual (as defined below) which contains the form of the CREST Global Deed Poll (the "**CREST Deed Poll**") to be entered into by the CREST Depository. The rights of the CDI Holders will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg, the relevant Issuer and the Guarantor (if applicable), including the CREST Deed Poll. These rights may be different from those of Holders of Securities which are not represented by CDIs.

CDIs will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service (the "**CREST International Settlement Links Service**"). The settlement of the CDIs by means of the CREST International Settlement Links Service has the following consequences for CDI Holders:

- (a) CDI Holders will not be the legal owners of the relevant Securities. The CDIs are separate legal instruments from such Securities and represent an indirect interest in such Securities.
- (b) The relevant Securities themselves (as distinct from the CDIs representing indirect interests in such Securities) will be held in an account with a custodian. The custodian will hold the relevant Securities through a clearing system.
- (c) Rights under the relevant Securities cannot be enforced by CDI Holders except indirectly through the intermediary depositories and custodians described above.
- (d) The CDIs issued to CDI Holders will be constituted and issued pursuant to the CREST Deed Poll. CDI Holders will be bound by all provisions of the CREST Deed Poll and by all provisions of, or prescribed pursuant to, the CREST International Manual dated 8 December 2020, as amended, modified, varied or supplemented from time to time (the "**CREST International Manual**") and the CREST Rules dated 15 January 2021, as amended, modified, varied or supplemented from time to time (the "**CREST Rules**") (which, in each case, form part of the CREST Manual) and CDI Holders must comply in full with all obligations imposed on them by such provisions.
- (e) Potential investors should note that the provisions of the CREST Deed Poll, the CREST International Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by CDI Holders and limitations on the liability of the relevant Issuer and the Guarantor (if applicable) and the CREST Depository.
- (f) CDI Holders may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of potential investors is drawn to the terms of the CREST Deed Poll, the CREST International Manual and the CREST Rules, copies of which are available from CREST at 33 Cannon Street, London EC4M 5SB or by calling +44 (0) 20 7849 0000 or from the CREST website at [www.euroclear.com/site/public/EUI](http://www.euroclear.com/site/public/EUI).
- (g) Potential investors should note CDI Holders may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the CDIs through the CREST International Settlement Links Service.
- (h) Potential investors should note that none of the relevant Issuer, the Guarantor (if applicable), any Manager, any Security Agent or any Registrar will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

***VPS Norway***

*Verdipapirsentralen ASA*, a wholly-owned subsidiary of Euronext Nordics Holding AS, is a Norwegian public limited company, which is licensed to register financial instruments in Norway in accordance with the Norwegian Securities Register Act. The Norwegian Securities Register Act requires that bonds issued by Norwegian issuers shall be registered in a central securities depository licensed in accordance with Regulation (EU) No 909/2014, such as the VPS Norway System, except bonds issued by Norwegian issuers outside Norway and (A) denominated in Norwegian kroner with subscription limited to non-Norwegian tax residents only or (B) denominated in a currency other than Norwegian kroner. Further, bonds issued by foreign issuers shall be registered in a central securities depository licensed in accordance with Regulation (EU) 909/2014, such as the VPS Norway System if the bonds are denominated in NOK and offered to investors in Norway. Other financial instruments than those mentioned above may also be registered with the VPS Norway System.

VPS Norway is a paperless securities registry and registration of ownership, transfer and other rights to financial instruments are evidenced by book entries in the registry. Any issuer of securities to be registered in the VPS Norway System will be required to have an account (an issuer's account) where all such securities are registered in the name of the holder and each investor is required to have her/his own account (an investor's account) showing such person's holding of securities registered in the VPS Norway System at any time. Both the issuer and the investor will, for the purposes of registration in the VPS Norway System, have to appoint an account operator, which will normally be a Norwegian bank or a Norwegian investment firm.

It is possible for investors to register a holding of securities registered in the VPS Norway System through a nominee approved by the Norwegian Financial Supervisory Authority (*Finanstilsynet*). However, Norwegian investors may not register holdings of shares issued by Norwegian public or private limited companies through a nominee.

***KDPW Poland and KDPW Poland CCP***

The Polish National Depository for Securities (*Krajowy Depozyt Papierów Wartościowych S.A.*, "**KDPW Poland**") manages and supervises the depository-settlement system in relation to trading in financial instruments in Poland. It is also responsible for clearing transactions entered into on the regulated market, MTF or OTF in Poland.

All securities admitted to trading on the regulated market in Poland must be dematerialised and registered with KDPW Poland, except for treasury bills, where custody, clearing and settlement takes place in systems maintained by the National Bank of Poland (the "**NBP**"). For the purposes of dematerialisation, an issuer of securities must enter into an agreement with KDPW Poland on registering such securities in the depository for securities maintained by KDPW Poland.

KDPW Poland transferred to its subsidiary, KDPW CCP S.A. ("**KDPW Poland CCP**"), its responsibilities relating to the clearing of transactions involving dematerialised securities and the clearing of transactions involving other financial instruments, as well as the operation of a system ensuring the liquidity of settlements, including a settlement guarantee system for transactions executed on the regulated market.

Transactions involving dematerialised securities admitted to trading on a regulated market are cleared by KDPW Poland CCP and settled by KDPW Poland as settlement agent. The clearing of transactions in dematerialised securities involves a specification of the amount of cash and non-cash consideration derived from the transactions entered into, based on the adopted clearing method, to which the parties to the clearing are obliged or entitled. To perform the obligations of the parties to the transactions, KDPW Poland is responsible for settling transactions in dematerialised securities by debiting or crediting deposit accounts, collective accounts or securities accounts (as applicable) with reference to the disposal or acquisition of the underlying securities and, under amounts due in settlement, crediting or debiting the bank account or other cash account specified by the parties to the transaction or settlement.

Rights in dematerialised securities arise when the securities are first recorded in a securities account and are vested in the holder of the account. In the case of securities recorded in omnibus accounts, the rights in such securities are not vested

## **BOOK-ENTRY SYSTEMS**

in the omnibus account holder. In Poland, the holder of the rights to securities recorded in an omnibus account is the person indicated to the entity keeping such account in a notice served by the account holder. Investment firms or banks who are members of the KDPW Poland System and have open accounts with KDPW Poland must ensure that any dematerialised securities transferred to their KDPW Poland account are properly recorded in the securities accounts or omnibus accounts which they keep for their clients (account holders).

### **Book-entry Ownership of and Payments in respect of DTC Securities**

If a Rule 144A Global Security is to be registered in the name of a nominee of DTC, the relevant Issuer will apply to DTC in order to have the Securities represented by such Rule 144A Global Security accepted in its book-entry settlement system. Upon the issue of any Rule 144A Global Security to be held by a Custodian on behalf of DTC, DTC or the Custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Rule 144A Global Security to the accounts of the relevant Direct Participants. Ownership of beneficial interests in any such Rule 144A Global Security will be limited to Direct Participants or Indirect Participants, including the respective depositaries of Clearstream, Luxembourg, Euroclear and any other clearing systems as may be applicable. Ownership of beneficial interests in any such Rule 144A Global Security held by a Custodian on behalf of DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars in respect of a Rule 144A Global Security registered in the name of DTC's nominee will be made to the New York Agent to the order of such nominee as the registered Holder. In the case of any payment in a currency other than U.S. dollars, payment will be made to the New York Agent on behalf of DTC's nominee and the New York Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial Holders of interests in the Rule 144A Global Security held by a Custodian on behalf of DTC in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Direct Participants' account, provided that (a) the New York Agent shall not be obligated to convert any currency whose conversion the New York Agent in its sole discretion, deems impracticable, and (b) the New York Agent has received notice by 11:00 a.m. two Business Days prior to the Redemption Date or Interest Payment Date, as the case may be, of the currency and the amount thereof to be converted into U.S. dollars. Conversion of a currency other than U.S. dollars into U.S. dollars will be carried out by the New York Agent based on the actual exchange rate received in the currency conversion, which will occur at the New York Agent's bid quotation for U.S. dollars at or prior to 11:00 a.m. on the Redemption Date or Interest Payment Date, as the case may be. The costs of conversion will be deducted from the amount of the payment credited to the applicable Participants' account. Except in the case of its gross negligence or wilful misconduct, the New York Agent shall not be liable to any holder of Securities for any delay in conversion or for any amounts in excess of the amounts actually received by it upon conversion of a currency other than U.S. dollars into U.S. dollars, or for its inability to convert any such currency into U.S. dollars at a commercially reasonable rate or at any rate.

BNPP expects that payments by Direct Participants to Beneficial Owners of Securities will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Direct Participant and not the responsibility of DTC, any Certificate Agent or BNPP. Payments on Securities to DTC is the responsibility of BNPP.

### **Transfers of Securities Represented by Global Securities**

Transfers of any interests in Securities represented by a Global Security within DTC, Clearstream, Luxembourg, Euroclear, Euroclear France, and/or any other clearing systems as may be applicable will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some states within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to

## BOOK-ENTRY SYSTEMS

transfer Securities represented by a Global Security to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Securities represented by a Rule 144A Global Security held by a Custodian on behalf of DTC to pledge such Securities to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Securities may depend upon the ability to exchange such Securities for Securities in definitive form. The ability of any person having a beneficial interest in Securities represented by a Rule 144A Global Security held by a Custodian on behalf of DTC to resell, pledge or otherwise transfer such Securities may be impaired if the proposed transferee of such Securities is not eligible to hold such Securities through a Direct Participant or Indirect Participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to Rule 144A Global Securities described under "Notice to Purchasers and Holders of U.S. Securities and Transfer Restrictions", crossmarket transfers between DTC, on the one hand, and direct or indirect account holders of Clearstream, Luxembourg, Euroclear or any other clearing systems as may be applicable, on the other, will be effected by the relevant Clearing System in accordance with its rules and through action taken by the relevant Agent and any custodian with whom the relevant Global Securities have been deposited.

On or after the issue date for any Securities, transfers of such Securities between account holders in Clearstream, Luxembourg, Euroclear and/or any other clearing system as may be applicable will generally have a settlement date two business days after the trade date (T+2) and transfers of such Securities between Direct Participants in DTC will generally have a settlement date one business day after the trade date (T+1), unless the parties to any such transfer agree otherwise.

For cross-market transfers between account holders in Clearstream, Luxembourg or Euroclear, DTC and/or any other clearing system as may be applicable, participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg or Euroclear, on the other, transfers of interests in the relevant Global Securities will be effected through the relevant Agent receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Clearstream, Luxembourg, Euroclear and/or any other clearing systems as may be applicable accountholders and Direct Participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg, Euroclear and any other clearing system as may be applicable have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Securities among participants and accountholders of DTC, Clearstream, Luxembourg, Euroclear and any other clearing systems as may be applicable. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. ## TAXATION

Tax legislation, including in the country where the investor is domiciled or tax resident and in the Issuer's country of incorporation, may have an impact on the income that an investor receives from the Securities.

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp and other taxes or documentary charges in accordance with the laws and practices of the country where the Securities are transferred and/or any asset(s) are delivered.

*EU financial transaction tax*

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**"), for a financial transaction tax ("**FTT**") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). However, Estonia has since stated that it will not participate. If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the relevant Issuer with respect to certain transactions if it is adopted based on the Commission's proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the relevant Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. The relevant Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Securities and therefore this may result in investors receiving less than expected in respect of the Securities. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Securities (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between participating member states. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate and/or participating member states may decide to withdraw. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

**BELGIAN TAXATION**

*The following summary describes certain Belgian tax consequences with respect to the holding of the Certificates issued under this Base Prospectus and obtained by an investor pursuant to an offer in Belgium.*

*This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Certificates. In some cases, different rules may be applicable. Furthermore, the tax rules can be amended in the future, possibly with retroactive effect, and the interpretation of the tax rules may change.*

*This summary is based on the Belgian tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of the date of this Base Prospectus, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect. Without any prejudice to the foregoing, we note that the new Belgian federal government has announced several tax measures in its governmental agreement which may potentially impact the tax overview set out below. By way of example (but in no way exhaustive), the agreement mentions the introduction of a 10% tax on capital gains on financial assets realised by Belgian tax resident individuals (the so-called 'solidarity contribution'). An exemption of EUR 10,000 should apply to all investors and special rules should be introduced for holders of substantial participations of at least 20%. Any capital losses on financial assets realised by the holder should be offsettable against the capital gains of the same year.*

*This summary does not describe the tax consequences for a holder of Certificates that are redeemable in exchange for, or convertible into shares, of the exercise, settlement or redemption of such Certificates and/or any tax consequences after the moment of exercise, settlement or redemption.*

*Each prospective holder of Certificates should consult a professional adviser with respect to the tax consequences of an investment in the Certificates taking into account the influence of each regional, local or national law.*

*For Belgian tax purposes, if interest is in a foreign currency, it is converted into euro on the date of payment or attribution.*

**1. Income tax**

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the performance of underlying products. According to the circular letter, the transfer of structured securities to a third party (other than the Issuer) results in taxation as interest income of the "pro rata interest", calculated based on a formula. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to Certificates issued pursuant to this Base Prospectus (the "**Structured Securities**").

It is assumed that any gains realised upon redemption or repayment by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "pro rata interest" in case of sale to a third party (i.e. other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "pro rata interest".

**1.1 Repayment or redemption by the Issuer****(i) Belgian resident individual investors**

## BELGIAN TAXATION

Individuals who are holders of Structured Securities and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are subject to the following tax treatment with respect to the Structured Securities in Belgium. Other rules may be applicable in special situations, in particular when individuals resident in Belgium acquire the Structured Securities for professional purposes or when their transactions with respect to the Structured Securities fall outside the scope of the normal management of their own private estate.

Payments of interest (as defined by Belgian tax laws) on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Structured Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the income tax liability.

### (ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest received by Belgian corporate investors on the Structured Securities will be subject to Belgian corporate income tax at the current ordinary corporate income tax rate of 25 per cent. (with a reduced rate of 20 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). The rate of the foreign tax credit could be impacted by applicable double taxation agreements concluded by Belgium. Capital losses are in principle tax deductible.

Interest payments on the Structured Securities made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992 (*koninklijk besluit tot uitvoering van het wetboek van de inkomstenbelastingen 1992/arrêté royal d'exécution du code des impôts sur les revenus 1992*). The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

### (iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/Impôt des personnes morales*"), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

## BELGIAN TAXATION

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

(iv) Non-resident investors

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/Impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest payments on the Structured Securities made through a financial institution or other intermediary established in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium, unless a reduced rate or an exemption applies on the basis that the non-resident investor is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit.

In addition, non-resident corporate investors who have not allocated the Structured Securities to a Belgian establishment can also rely on an exemption from Belgian withholding tax on interest in respect of the Structured Securities if certain conditions are met. No other Belgian income tax will be payable by these investors. If the income is not collected through a professional intermediary in Belgium, no Belgian withholding tax will be payable.

Non-resident corporate investors who have allocated the Structured Securities to the exercise of a professional activity in Belgium through a permanent establishment are in principle subject to the same tax rules as the Belgian resident corporate investors (see "*Repayment or redemption by the Issuer – Belgian resident corporate investors*" above).

### 1.2 Sale to a third party

No Belgian withholding tax should apply to the sale of the Structured Securities.

(i) Belgian resident individual investors

Individuals who are holders of Structured Securities and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are currently not liable for Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, provided that the Structured Securities have not been used for their professional activity and that the capital gain is realised within the framework of the normal management of their private estate. Capital losses realised upon disposal of the Structured Securities held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Securities are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are deductible under certain conditions.

Capital gains realised upon transfer of Structured Securities held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Securities held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the

Structured Securities incurred by Belgian resident individuals holding the Structured Securities for professional purposes are in principle tax deductible.

(ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are liable for Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, irrespective of whether such Structured Securities relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 25 per cent. (with a reduced rate of 20 per cent, applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies).

Capital losses realised upon disposal of the Structured Securities are in principle tax deductible.

(iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/Impôt des personnes morales*"), are currently not liable for Belgian income tax on capital gains (if any) realised upon disposal of the Structured Securities to a third party.

Capital losses realised upon disposal of the Structured Securities are in principle not tax deductible.

(iv) Non-resident investors

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/Impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the sale of the Structured Securities in Belgium.

Capital gains realised upon disposal of the Structured Securities by non-residents that have not acquired and do not hold the Structured Securities in connection with a business conducted in Belgium through a fixed base in Belgium or a Belgian permanent establishment are, in principle, not subject to taxation in Belgium, unless (i) the capital gains are received or obtained in Belgium and qualify as taxable income and (ii) the non-resident has his fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax capital gains on the Notes to Belgium.

For non-resident investors holding the Structured Securities in connection with a business conducted in Belgium through a fixed base in Belgium or a Belgian permanent establishment, capital gains realised on the disposal of the Structured Securities are generally subject to the same tax regime as Belgian resident companies or Belgian resident individuals holding the Structured Securities for professional purposes (see "*Sale to a third party - Belgian resident individual investors*" and "*Sale to a third party – Belgian resident corporate investors*" above).

## 2. Tax on stock exchange transactions

The sale and acquisition of the Certificates on the secondary market is subject to the Belgian tax on stock exchange transactions ("*Taks op de beursverrichtingen/Taxe sur les opérations de bourse*") if (i) executed in Belgium through a professional intermediary, or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals with habitual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

The tax is generally due at a rate of 0.12 per cent. for Certificates, on each sale and acquisition separately, with a maximum of EUR 1,300 per taxable transaction. A separate tax is due by each party to the transaction, and

both taxes are collected by the professional intermediary. However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity, unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

Exemptions are available, inter alia, for certain Belgian institutional investors and non-residents acting for their own account, subject to certain formalities. Transactions on the primary market are not subject to the tax on stock exchange transactions.

As stated above, the European Commission has published a proposal for a Directive for a FTT. The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

### 3. Annual tax on securities accounts

The Law of 17 February 2021 introduced the annual tax on securities accounts (the "**Annual Tax on Securities Accounts**") ("*jaarlijkse taks op de effectenrekeningen/taxe annuelle sur les comptes-titres*"). The Annual Tax on Securities Accounts is levied on securities accounts of which the average value during the reference period (i.e. the period of twelve consecutive months beginning on 1 October and ending, in principle, on 30 September of the next year), exceeds EUR 1,000,000. The Annual Tax on Securities Accounts is applicable to securities accounts that are held by resident individuals, companies and legal entities, irrespective of whether these accounts are held with a financial intermediary in Belgium or abroad. The Annual Tax on Securities Accounts also applies to securities accounts held by non-resident individuals, companies and legal entities with a financial intermediary in Belgium. However, the Annual Tax on Securities Accounts is not levied on securities accounts held by specific types of regulated entities in the context of their own professional activity and for their own account.

Investors holding the Certificates in a securities account are also subject to the Annual Tax on Securities Accounts if the value over the reference period exceeds EUR 1,000,000.

The applicable tax rate is equal to the lower of either (a) 0.15 per cent. of the average value of the financial instruments held on the account or (b) 10 per cent. of the difference between the average value of the financial instruments held on the account and EUR 1,000,000. The tax base is the sum of the values of taxable financial instruments at different reference points in time (i.e. 31 December, 31 March, 30 June and 30 September) divided by the number of those reference points in time.

The Annual Tax on Securities Accounts needs to be withheld, declared and paid by the Belgian intermediary. Intermediaries that are not established in Belgium may, when managing a securities account subject to the Annual Tax on Securities Accounts, appoint a representative in Belgium approved by or on behalf of the Minister of Finance (the "**Annual Tax on Securities Accounts Representative**"). The Annual Tax on Securities Accounts Representative is jointly and severally liable to the Belgian State to declare and pay the Annual Tax on Securities Accounts and to fulfil all other obligations for intermediaries related thereto, such as compliance with certain reporting obligations. In cases where no intermediary has withheld, declared and paid the Annual Tax on Securities Accounts, the holder of the securities account needs to declare and pay the tax unless such holder can prove that the tax has already been withheld, declared and paid by either a Belgian intermediary or the Annual Tax on Securities Accounts Representative of a foreign intermediary.

## **BELGIAN TAXATION**

Investors should consult their own tax advisers in relation to this Annual Tax on Securities Accounts.

**BULGARIAN TAXATION**

*This overview is a general and not detailed discussion of certain Bulgarian tax consequences of the acquisition, ownership and disposition of Securities.*

*This overview does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase, own or dispose of Securities. In particular, this overview does not consider any specific facts or circumstances that may apply to a concrete owner of Securities. It is not intended to be, nor should it be considered to be, a legal or tax advice to any prospective holder of Securities. Each prospective holder of Securities should consult its tax adviser as to the Bulgarian tax consequences of the ownership and disposition of the Securities.*

*The statements herein regarding taxation are based on the laws in force in Bulgaria as of the date of this Base Prospectus and does not take into account any subsequent changes in the law, whether or not such changes have a retroactive effect.*

**Resident natural persons**

The incomes of the resident natural persons are taxable subject to the provisions of the Personal Income Tax Act (the "PITA") (art. 2 of the PITA).

A resident natural person, regardless of the citizenship, is a person: (i) who has a permanent address in Bulgaria, or (ii) who resides within the territory of Bulgaria more than 183 days during any 12-month period, or (iii) who has been sent abroad by the Bulgarian state, by its bodies and / or organizations, by Bulgarian enterprises, and the members of his family, or (iv) whose centre of vital interests is in Bulgaria. The centre of vital interests is located in Bulgaria when the interests of the person are closely related to the country. The family, the property, the place from which the person carries out labour, professional or economic activity, and the place from which the person manages his property may be taken into account in the process of assessment. A natural person who has a permanent address in Bulgaria, but the centre of his vital interests is not in Bulgaria is not a resident natural person (art. 4, para. 1 of the PITA).

Resident natural persons are liable to taxes in respect to any income acquired from a source in Bulgaria or abroad (art. 6 of the PITA). Consequently, the income of the Securities holders – resident natural persons in any form, including in the form of interest payments (in case of interest bearing Securities), in the form of premium amount (in case of Securities that bear such), in the form of a positive difference between the acquisition price and the price the Securities are redeemed at/the price of the underlying asset and/or in the form of a positive difference between the documented acquisition price and the sale price in case of sale of Securities (or the exchange value in case of exchange of Securities with other assets) will be taxable under the PITA and will be included in the taxable base of the annual tax declaration of the holder, unless subject to a specific exemption. The Bulgarian tax law provides for specific rules on taxation of interest payments and profit of the sale/exchange of financial assets however it does not particularly deal with other cases of income generated under non-equity securities (e.g. in case of exercise of securities).

Interest payments and discounts stemming from Bulgarian corporate bonds are not taxable. The same rule applies to similar bonds issued according to the legislation of another member state of the EU or of another state which is a member of the European Economic Area (art. 13, para. 1, item 9 of the PITA). In case the resident natural persons may not benefit from the aforesaid exemption (which specifically refers to interest under bonds and not other types of debt securities) the interest income of such holders of Securities will be taxable with 10 per cent withholding tax.

Capital gains of the holders upon dispositions with Securities in the form of the positive difference between the documented acquisition price and the sale price in case of sale (or the exchange value in case of exchange of the Securities with other assets) need to be included in the annual tax declaration of the Securities holder and will be taxable with 10 per cent income tax (art. 12 in connection with art. 13, para 1, item 2 "B" and art. 33, para 3 of the PITA).

### **Resident legal entities**

Resident legal entities will be liable to taxes under Corporate Income Tax Act ("**CITA**") in respect to the taxable profit and revenues accruing from all sources in the Republic of Bulgaria and abroad (art. 3, para. 2 of the CITA).

Resident legal entities are: (i) legal entities incorporated under the Bulgarian laws and (ii) companies incorporated under Council Regulation (EC) 2157/2001 and cooperative societies incorporated under Council Regulation (EC) 1435/2003 provided that they have a registered seat in Bulgaria and are entered with a Bulgarian register (art. 3, para. 1 of the CITA).

Incomes originating from payments for the period of holding of the Securities and/or capital gains in the event of disposition with/exercise of the Securities in the form of the difference between the documented acquisition price and the sale price/the exchange value/the price the Securities are redeemed at/the price of the underlying asset in case of sale/exchange/redemption of the Securities take part in the formation of the taxable profit of the resident legal entity.

The taxable profit will be calculated on the basis of the annual financial statement of the resident legal entity subject to the provisions of the CITA. The corporate tax rate is 10 percent.

The revenues of the universal pension funds, the professional pension funds, the funds for payments of lifetime pensions and the funds for deferred payments are exempt from taxation under the CITA (art. 160, para 1 of the Social Insurance Code). The revenues from the investments of the assets of the universal pension funds and the professional pension funds allocated to the individual batches of the socially insured persons are exempt from taxation under the CITA (art. 160, para 2 of the Social Insurance Code).

The revenues of the supplementary voluntary pension funds and identical revenues originating directly from supplementary voluntary pension insurance carried out by entities from other EU member states which have the right to carry out voluntary pension insurance activities according to their national laws are exempt from taxation under the CITA (art. 253, para 1 of the Social Security Code). The revenues from the investments of the assets of the supplementary voluntary pension funds allocated to the individual batches of the socially insured persons are exempt from taxation under the CITA (art. 253, para 2 of the Social Security Code).

It should be noted that the above mention pension funds may invest in limited types of financial instruments and with respect to corporate non-equity securities investments are allowed only in bonds meeting certain requirements (art. 176 of the Social Security Code).

The collective investment schemes which are admitted to public trading in Bulgaria, the national investment funds and the alternative investment funds created for fulfilment of financial instruments in the meaning of art. 38, para 7 of Regulation (EU) 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006 (OB, L 347/320 of 20 December 2013) under the Collective Investment Schemes and Other Undertakings for Collective Investments Act, as per art. 174 of the CITA, are exempt from taxation under the CITA.

The licensed special investment purpose companies operating under the Special Investment Purpose Companies and Securitization Companies Act are exempt from taxation under the CITA (art. 175 of the CITA).

### **Non-resident natural persons**

Incomes of the non-resident natural persons are taxable whenever provided under the PITA. Non-resident natural persons are the persons who are not resident persons within the meaning of art. 4 of the PITA (art. 5 of the PITA).

## BULGARIAN TAXATION

Non-resident natural persons will be liable for taxes related to incomes from sources in the Republic of Bulgaria (art. 7 of the PITA).

The income generated by non-resident natural persons under financial assets issued by a corporate issuer and the capital gains from transfers with such assets qualify as incomes from sources in the Republic of Bulgaria only in case the issuer is a local entity (art. 8, para. 8 of the PITA). Income generated by non-resident individuals (unless acting through a permanent establishment) from financial assets issued by non-Bulgarian corporate issuer and capital gains from disposition of such assets are not taxable in Bulgaria.

### **Non-resident legal entities**

The profits of non-resident legal entities from a permanent establishment in Bulgaria and from dispositions with assets in such permanent establishment as well as the incomes of non-resident legal entities from source in Bulgaria are subject to taxation under the CITA (art. 1 of the CITA).

Non-resident legal entities are the persons who are not resident persons within the meaning of art. 3 of the PITA (art. 4, para 1 of the CITA).

Non-resident legal entities which do not act through permanent establishment (in which case capital gains tax shall apply) will be liable for taxes related to incomes from sources in the Republic of Bulgaria (art. 4, para 2 of the CITA).

The income generated by non-resident legal entities under financial assets issued by a corporate issuer and the capital gains from transfers with such assets qualify as incomes from sources in the Republic of Bulgaria only in case the issuer is a local entity (art. 12, para. 2 and para 3 of the CITA). Income generated by non-resident legal entities (unless acting through a permanent establishment) from financial assets issued by non-Bulgarian corporate issuer and capital gains from disposition of such assets are not taxable in Bulgaria.

### **Special treatment of sole proprietors**

An individual who is a Bulgarian tax resident and, with regards to the Securities, is acting as sole proprietor (*ednolichen targovetz*) within the meaning of the Bulgarian Commercial Act, whether registered or not, is subject to taxation for any income or capital gains as a legal entity at the rate of 15 per cent.

### **Double tax treaties**

As at the date of this Base Prospectus, Bulgaria is party to 71 bilateral treaties on the avoidance of double taxation. In cases where Bulgarian law imposes tax on income received or capital gains realised in relation to the Securities (see above), these treaties may provide different forms of tax relief. The application of any treaty relief in respect of income exceeding BGN 500,000 for the calendar year is subject to obtaining tax clearance from Bulgarian revenue authorities under a special procedure, requiring filing of standard forms and tax residence certificates following receipt of the relevant income and before the deadline for payment of tax. The clearance statement should be issued within a 60-day term, where the expiry of such term without any refusal is deemed a tacit approval of treaty relief application. In case the income does not exceed BGN 500,000 for the relevant calendar year, the grounds for the application of the treaties must be certified to the payer of the income. Treaty benefits may also be claimed in the course of a tax refund procedure in case the final tax was already withheld by the payer.

Prospective purchasers of Securities should consult their own tax advisers with regard to the applicability and effect of such treaties, and to treaty clearance procedures.

**ESTONIAN TAXATION**

*The following is a general summary of current Estonian law and practice relating to the taxation of the Securities, as defined in this Base Prospectus. The statements herein regarding taxation are based on the laws in force in Estonia as of the date of this Base Prospectus and are subject to any changes in law occurring after such date. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The information provided in this section shall not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Securities applicable to their particular circumstances.*

**Resident and Non-Resident Status**

According to Section 6(1) of the Income Tax Act (ITA), a resident is defined as an individual whose place of residence is in Estonia or who stays in Estonia for at least 183 days during a period of 12 consecutive calendar months. In such cases, the individual is considered a resident from the date of their arrival in Estonia. Additionally, an Estonian diplomat serving abroad is also considered a resident.

**Capital Gains from Sale or Exchange of Securities**

Gains realised by an Estonian resident individual upon the sale or exchange of securities (including the Securities) are subject to income tax at the rate of 22 per cent.

All earnings of resident legal persons, including capital gains, are taxed only upon distribution (in Estonia, corporate income tax is charged only on the distributed profit, with the reinvested profits remaining untaxed until distribution); capital gains accruing to resident legal persons are not subject to immediate taxation.

As a rule, capital gains received by non-residents from the sale or exchange of securities are not taxed in Estonia (except for certain securities related to Estonian real estate).

Non-resident bondholders receiving capital gains from the sale or exchange of the Securities may be subject to declaring and paying income tax in their respective countries of residence. For the purposes of capital gains taxation, the gain derived from the sale of securities (including the Securities) is the difference between the acquisition cost and the sales price of such securities. The gain derived from the exchange of securities is the difference between the acquisition cost of securities subject to exchange and the market price of the property received as a result of the exchange. The expenses directly related to the sale or exchange of Securities may be deducted from the gains but are generally rather limited.

**Taxation of Interest**

Estonian resident individuals are subject to paying income tax (22 per cent.) on the interest received from loans, securities (including the Securities) and other debt obligations. Therefore, interest payments received by Estonian resident individuals from the Securities are subject to income tax in Estonia. Such income tax is subject to withholding by the income tax withholding agent unless the resident individual notifies the Issuer that Securities were acquired from funds held in the Investment Account.

Since all earnings of resident legal persons are taxed only upon distribution (as described above), interest received by Estonian resident legal persons is not subject to immediate taxation.

### **Investment Account**

Estonian resident individuals may postpone the taxation of their investment income by using an Investment Account (in Estonian: *investeerimiskonto*) for the purposes of making transactions with certain financial assets (including the Securities). An Investment Account is a monetary account opened with a European Economic Area or the Organisation for Economic Co-operation and Development (OECD) member state credit institution, through which the transactions with the financial assets, taxation of income from which (e.g. capital gains, etc.) a person wants to postpone, shall be made. The moment of taxation of the financial income held on an Investment Account is postponed until such income is withdrawn from the Investment Account (i.e. the amount withdrawn from the account exceeds the amount which had been previously paid into the account). Therefore, financial income held at the Investment Account may be reinvested tax-free until it is withdrawn from the account.

### **Pension Investment Account**

Estonian resident individuals who have decided to grow their Estonian mandatory funded pension (II Pillar) via a pension Investment Account (PIA, in Estonian: *pensionini investeerimiskonto*) can also acquire the Securities through PIA. A Pension Investment Account is a separate bank account opened with an Estonian credit institution, which, on the one hand, is part of the mandatory funded pension system (incl. relevant benefits, such as additional contributions from the state), but on the other hand, allows the person to make their own investment decisions. Like the ordinary Investment Account, PIA allows the making of transactions with financial assets, whereas taxation of income from such assets (e.g., capital gain or interest from the Securities) is deferred until income is withdrawn from PIA. Monetary means withdrawn from PIA are generally taxed at a 22 per cent. income tax rate unless withdrawn after reaching retirement age, in which case a 10 per cent. income tax rate or a tax exemption (depending on the method of payment) applies.

### **Defence Tax**

#### *Estonian resident individual*

According to the Defence Tax Act (DTA), as of 2026, Estonian resident individuals are subject to a 2 per cent. defence tax on capital gains and interest income. Defence tax applies in addition to income tax and covers various forms of capital income, regardless of whether they are earned domestically or abroad.

Capital gains subject to the defence tax include profits from the sale of assets such as real estate, securities, and other investments. The tax applies to the full amount of the gain without deductions, except for specific exemptions outlined in the ITA.

Interest income is also subject to the 2 per cent. defence tax and applies to all types of interest, including bank deposit interest from both Estonian and foreign financial institutions, interest from bonds (e.g., interest from the Securities) and other fixed-income securities, interest on loans granted by individuals to companies or other individuals, and interest accrued on Investment Accounts. The tax applies regardless of whether the principal remains within the account or whether the interest is earned domestically or internationally.

The defence tax withholding agent is a resident legal entity, a state or local government authority, a sole proprietor, an individual employer, or a non-resident with a permanent establishment or acting as an employer in Estonia, who makes payments to an individual or a non-resident subject to defence tax, from which income tax is withheld according to § 41 of the ITA, as well as payments specified in § 201(3) and § 21(4) of the ITA, from which no income tax is withheld. These are the same entities that are required to withhold income tax when making payments to resident individuals or non-residents. If the tax has not been withheld at the time of the transaction, the taxpayer must declare and pay the tax by April 30 of the year following the taxation period.

When using an Investment Account, the taxable amount is the portion of withdrawals that exceeds contributions. The defence tax is also not withheld on interest and insurance benefits paid to an Estonian resident individual if the recipient of such payments has notified the income tax withholding agent that the payment was made from a financial asset acquired with funds from an Investment Account or from a Pension Investment Account opened under the II-Pillar pension scheme.

### *Estonian resident legal person and non-resident legal person permanent establishments*

As a general rule, a 2 per cent. defence tax is applied to the pre-tax annual profit of a resident company and the Estonian permanent establishment of a non-resident company. However, the taxable profit is reduced by specific deductions, including dividends received from a company in which the taxpayer holds at least 10 per cent. of shares, units, or voting rights at the time of receiving the dividend, provided that the underlying profit has already been taxed with the defence tax or corporate income tax in a foreign jurisdiction. If such dividends are not recognized as income in the financial statements, the deduction cannot be applied. Additionally, profits attributed to a foreign permanent establishment are excluded from the defence tax base.

The defence tax is set to be in force from 2026 to 2028. Since the tax base is the annual profit, special rules apply to companies whose financial year differs from the calendar year. The pre-tax profit of a financial year ending in 2026 and the financial year beginning in 2028 is taxed proportionally based on the number of months that fall within the respective tax years. Similarly, dividends received and profits attributed to a permanent establishment are considered on a proportional basis.

The defence tax is paid in advance instalments. The advance payments for 2026 are calculated based on 50 per cent. of the pre-tax profit of the financial year ending in 2025. The tax on this amount is paid in two equal instalments, by September 10 and December 10. If the financial statements for the financial year ending in 2025 have not been submitted, the latest available financial report is used as the basis for calculation. The same principle applies going forward—if a resident company fails to submit its financial statements by the due date, the most recently submitted report is used to determine the advance payment amount.

For 2027 and 2028, advance tax payments are due quarterly, on March 10, June 10, September 10, and December 10. During the first half of the year, the advance payment is based on one-fourth of the pre-tax profit from either the previous or the preceding financial year, depending on whether the latest financial statements have been submitted. In the second half of the year, the quarterly tax payment is based on one-fourth of the pre-tax profit from the previous financial year.

According to the DTA, a resident company and a non-resident company with a permanent establishment in Estonia are required to declare to the Tax and Customs Board the defence-taxable profit earned during the financial year or the profit attributed to the permanent establishment, and to pay the defence tax on that profit by the 10th day of the ninth calendar month of the following financial year. If the financial year is the calendar year, the deadline for submitting the declaration is September 10. The first defence tax declaration must be submitted in 2027 for the profit of 2026.

The taxpayer must declare the pre-tax profit, which is derived from the profit and loss statement of the financial year report, with a submission deadline of June 30 if the financial year is the calendar year. Additionally, the taxpayer must declare dividends, the underlying profit of which has been taxed with the defence tax or income tax in a foreign country, and which has been received from a company where the taxpayer owns at least 10 per cent. of the shares, units, or voting rights at the time of receiving the dividend, as such dividends can be deducted from the pre-tax profit. The taxpayer must also declare the profit attributed to a permanent establishment located in a foreign country, as this can also be deducted from the pre-tax profit.

### **Stamp Duties and Transfer Taxes**

The alienation of the Securities is not subject to stamp duties or transfer taxes in Estonia.

## FRENCH TAXATION

*The descriptions below are intended as a summary of certain French tax consequences in relation to the holding of the Securities issued by BNPP. This summary is based on the laws and regulations in full force and effect in France as at the date of this Base Prospectus, which may be subject to change in the future (potentially with retroactive effect). Potential purchasers of Securities are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, or ownership of, the Securities.*

**Withholding tax on payments with respect to Securities issued by BNPP**

*The withholding tax treatment will depend on the nature and characterisation of the Securities issued by BNPP.*

**Securities constituting debt instruments for French tax purposes**

*Withholding taxes on payments made outside France*

*The following may be relevant to holders of Securities issued by BNPP who do not concurrently hold shares of BNPP.*

Payments of interest and other revenues with respect to Securities issued by BNPP which constitute debt instruments for French tax purposes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**") other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A. If such payments under the Securities are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75 per cent. withholding tax will be applicable (subject to certain exceptions described below and the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues with respect to such Securities will not be deductible from BNPP's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 and *seq* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at (i) a rate of 12.8 per cent. for payments to beneficial owners who are individuals who are not French tax residents, (ii) the standard corporate income tax rate set forth in the second paragraph of Article 219-I of the French *Code général des impôts* (i.e. 25 per cent.) for payments to beneficial owners who are legal persons who are not French tax residents or (iii) a rate of 75 per cent. for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts* (subject to certain exceptions described below and the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of an issue of Securities if BNPP can prove that the main purpose and effect of such issue of Securities was not that of allowing the payments of interest and other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to the *Bulletin Officiel des Finances Publiques - Impôts* BOI-INT-DG-20-50-30 no. 150 and BOI-INT-DG-20-50-20 no. 290, an issue of Securities will benefit from the Exception without BNPP having to provide any proof of the purpose and effect of such issue of Securities, if such Securities are:

## FRENCH TAXATION

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* for which the publication of a prospectus is mandatory or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; and/or
- (ii) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; and/or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

### *Withholding taxes on payments made to individuals who are fiscally domiciled in France*

Where the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French *Code général des impôts*, subject to certain exceptions, interest and other revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at an aggregate rate of 17.2 per cent. on such interest and other revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

### *Securities issued by BNPP not constituting debt instruments for French tax purposes*

Payments in respect of Securities issued by BNPP which do not constitute debt instruments for French tax purposes should not be subject to, or should be exempt from, withholding tax in France (other than the withholding tax imposed under Article 119 bis A I of the French *Code général des impôts* as set out in more details below under the heading "*Securities issued by BNPP linked to the distribution of French dividends*") provided that the beneficial owner of such Securities and the payments thereunder is resident for tax purposes in France or in a country which has entered into an appropriate double tax treaty with France and fulfils the relevant requirements provided in such treaty.

In addition, payments in respect of such Securities may, in certain circumstances, be non-deductible (in whole or in part) for French tax purposes if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State. Under certain conditions, and subject to the more favourable provisions of an applicable double tax treaty, such non-deductible payments may be recharacterised as constructive dividends pursuant to Articles 109 and *seq* of the French *Code général des impôts* subject to the withholding tax set out under Article 119 bis 2 of the French *Code général des impôts* at a rate of up to 75 per cent.

Potential purchasers of Securities who are resident for tax purposes in a country which has not entered into an appropriate double tax treaty with France or who are domiciled or established in a Non-Cooperative State are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, ownership of, or transactions involving the Securities (including as regards the applicable rate and basis for the withholding tax and the potential ability of certain investors to claim a refund of withholding tax).

### *Securities issued by BNPP linked to the distribution of French dividends*

Pursuant to Article 119 *bis* A I of the French *Code général des impôts*, a 25 per cent. withholding tax (the **25 per cent. Withholding Tax**) is applicable to a payment or transfer of value by a person who is established or has its tax domicile in France for the benefit, directly or indirectly, of a person who is not established or does not have its tax domicile in France where the following conditions are met:

- such payment or transfer of value is conditioned, directly or indirectly, on the distribution of income from shares (such as dividend) issued by a company incorporated in France (the "**French Shares**") or certain assimilated income or its amount is determined by taking into account such distribution; and
- such payment or transfer of value is linked, directly or indirectly, inter alia to an agreement or financial instrument having, directly or indirectly, for the person who is not established or does not have its residence in France, an economic effect similar to the holding of such French Shares.

The beneficiary of such payment or transfer of value may obtain a refund of the 25 per cent. Withholding Tax if it provides evidence that such payment or transfer of value has primarily a purpose or effect other than avoiding the application of a withholding tax or obtaining a tax advantage.

The beneficiary of the payment may, subject to certain conditions, also obtain a reduction of the rate of the 25 per cent. Withholding Tax under an applicable tax treaty.

Under the guidelines published by the French tax authorities on 17 April 2025 (BOI-RES-RPPM-000203) which aim at clarifying the scope of Article 119 *bis* A I of the French *Code général des impôts* (as amended by the French Finance Law for 2025):

- the 25 per cent. Withholding Tax only applies if there is an actual distribution of dividends by the issuer of the French Shares within the meaning of Article L. 232-11 of the French *Code de commerce*;
- financial instruments falling within the scope of Article 119 *bis* A I of the French *Code général des impôts* are instruments or combinations of instruments which are linear (so-called "delta one" transactions), whose price fluctuates to the same extent (or to a very similar extent) as the price of the underlying asset; and
- transactions occurring on a regulated market should fall outside of the scope of Article 119 *bis* A I of the French *Code général des impôts* provided that the paying institution does not know its counterparty.

On this basis, payments or transfers of values under the Securities issued by BNPP and held by (or for the benefit of) a person who is not established or does not have its tax domicile in France could, subject to certain exceptions, be subject to the 25 per cent. Withholding Tax in France where (i) such payments or transfers are conditioned on (or are determined by taking into account) the distribution of income from French Shares or certain assimilated income and have an economic effect similar to the holding of French Shares and (ii) the price of the Securities issued by BNPP fluctuates to the same extent (or to a very similar extent) as the price of the underlying asset. In certain circumstances, the Securities issued by BNPP which are traded on a regulated exchange or which replicate recognised financial indices or indices that are not composed mainly of French Shares may be exempt from the 25 per cent. Withholding Tax.

*The application and interpretation of the rules governing the 25 per cent. Withholding Tax (which result from Article 96 of the French Finance Law for 2025 dated 14 February 2025) including the guidelines published by the French tax authorities in connection therewith remain unclear on a number of points and therefore may be amended or superseded in the future.*

### Transfer tax and other taxes

*The following may be relevant in connection with Securities which may be settled or redeemed by way of physical delivery of certain French listed shares (or certain assimilated securities) or securities representing such shares (and assimilated securities).*

Pursuant to Article 235 *ter* ZD of the French *Code général des impôts*, a financial transaction tax (the "**French Financial Transaction Tax**") is applicable to any acquisition for consideration, resulting in a transfer of ownership of (i) an equity security (*titre de capital*) as defined by Article L.212-1 A of the French *Code monétaire et financier* or an assimilated equity security (*titre de capital assimilé*) as defined by Article L.211-41 of the French *Code monétaire et financier*, admitted to trading on a recognised stock exchange when such security is issued by a company whose registered office is situated in France and whose market capitalisation exceeds 1 billion Euros on 1 December of the year preceding the year in which the imposition occurs (the "**French Share**") or (ii) a security (*titre*) representing a French Share (irrespective of the location of the registered office of the issuer of such security). The French Financial Transaction Tax could apply in certain circumstances to the acquisition of a French Share (or a security representing a French Share) in connection with the settlement or redemption of any Securities.

There are a number of exemptions from the French Financial Transaction Tax and investors should consult with their counsel to identify whether they can benefit from them.

The rate of the French Financial Transaction Tax is 0.4 per cent. of the acquisition value of the French Share (or the security representing the French Share).

If the French Financial Transaction Tax applies to an acquisition of a French Share, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent. to the sale of shares issued by a company whose registered office is situated in France, provided that in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

*This summary does not describe the tax consequences for an investor with respect to securities that may be redeemed by physical delivery nor the tax consequences for an investor with respect to the disposal or holding of the relevant assets that may be received through redemption by physical delivery of the relevant securities.*

*Law No. 111 of 9 August 2023, published in the Official Gazette No. 189 of 14 August 2023 ("**Law 111**"), delegates power to the Italian Government to enact, within twenty-four months from its publication, one or more legislative decrees implementing the reform of the Italian tax system (the "**Tax Reform**"). According to Law 111, the Tax Reform will significantly change the taxation of financial incomes and capital gains and introduce various amendments in the Italian tax system at different levels. The precise nature, extent, and impact of these amendments cannot be quantified or foreseen with certainty at this stage.*

### **Italian taxation of Securities**

As clarified by the Italian tax authorities in resolution No. 72/E of 12 July 2010, the Italian tax consequences of the purchase, ownership and disposal of the Securities may be different depending on whether:

- (a) they represent a securitized debt claim, implying a static "use of capital" (*impiego di capitale*), through which the subscriber of the Securities transfers to the Issuer a certain amount of capital for the purpose of obtaining remuneration on the same capital and subject to the right to obtain its (partial or entire) reimbursement at maturity; or
- (b) they represent a securitized derivative financial instrument or bundle of derivative financial instruments that do not entail a "use of capital", through which the subscriber of the Securities invests indirectly in underlying financial instruments for the purpose of obtaining a profit deriving from the terms of such underlying financial instruments.

In the Italian market, it is customary to classify certificates within the latter category and treat them as securitized derivative financial instruments, as long as they are not principal protected and treated as bonds or similar securities. On this basis, the following summary does not describe the tax treatment of bonds (*obbligazioni*) and similar securities (*strumenti similari alle obbligazioni*) (which are debentures incorporating an unconditional obligation of the Issuer to pay, at redemption, an amount not lower than their nominal value and which do not grant the holder any direct or indirect right of participation in (or control of) the management of the Issuer).

## Capital Gains

Securities qualifying as securitised derivative financial instruments and other securitised derivatives are subject to Article 67 of Presidential Decree No. 917 of 22 December 1986 (the "**TUIR**") and Legislative Decree No. 461 of 21 November 1997 (the "**Decree 461**"), as subsequently amended. Where the Italian resident Holder of Securities is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected, (ii) a non-commercial partnership (other than a *società in nome collettivo* or a *società in accomandita semplice* or a similar partnership) or a de facto partnership not carrying out commercial activities; (iii) a non-commercial private or public institution (other than a company), a trust not carrying out mainly or exclusively commercial activities or the Italian State or other public and territorial entity or (iv) an investor exempt from Italian corporate income taxation, capital gains realised under the sale or the exercise of the Securities are subject to a 26 per cent. substitute tax (the so-called *imposta sostitutiva*).

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from Italian capital gain taxes, including the *imposta sostitutiva*, on capital gains realised under the Securities if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

Holders of Securities under (i) to (iii) above may opt for one of the following three different taxation criteria:

- (1) Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any offsettable capital loss, realised by the Italian resident Holder of Securities pursuant to all sales or redemptions of the Securities carried out during any given tax year. The taxpayer must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years;
- (2) As an alternative to the tax declaration regime, Italian resident Holders of Securities under (i) to (iii) above may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Securities (the "*risparmio amministrato*" regime provided for by article 6 of Decree 461). Such separate taxation of capital gains is allowed subject to: (i) the Securities being deposited with Italian banks, a *società di intermediazione mobiliare* (a stock broking company or a "**SIM**") or certain authorised financial intermediaries (including permanent establishments in Italy of foreign intermediaries); and (ii) an express valid election for the *risparmio amministrato* regime being made in writing in a timely manner by the relevant Holder of Securities. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Holder of Securities or using funds provided by the Holder of Securities for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Holder of Securities is not required to declare the capital gains in the annual tax return; and
- (3) Any capital gains realised or accrued by Holders of Securities under (i) to (iii) above who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have validly

## ITALIAN TAXATION

opted for the so-called "*risparmio gestito*" regime (regime provided for by article 7 of Decree 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax to be paid by the managing authorised intermediary. Under this *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Holder of Securities is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident Holder of Securities is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Securities are effectively connected, capital gains arising from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Holder of Securities's income tax return and are therefore subject to Italian corporate tax ("**IRES**") and, in certain circumstances, depending on the status of the Holder of Securities, also as a part of the net value of production for the purposes of the Italian regional tax on productive activities ("**IRAP**").

Capital gains realised by a Holder of Securities which is an Italian resident real estate investment funds or an Italian resident real estate investment companies with fixed capital (SICAF, i.e. società di investimento a capitale fisso) (the Real Estate Funds) complying with the relevant legal and regulatory requirements and subject to the regime provided for by, inter alia, Law Decree No. 351 of 25 September 2001 and/or Law Decree No. 44 of 4 March 2014, each as amended, are subject neither to substitute tax nor to any other income in the hands of the same Real Estate Funds. Subsequent distributions made in favours of unitholders or shareholders of the Real Estate Fund and income realised by the unitholders or shareholders in the event of redemption or sale of the units or shares in the Real Estate Fund may be subject, in certain circumstances, to a withholding tax of 26 per cent.. Moreover, subject to certain conditions, depending on the status of the investor and the percentage of its participation, income realised by Real Estate Funds may be attributed to the relevant investors and subject to tax in their hands irrespective of its actual collection and in proportion to the percentage of ownership of units or shares on a tax transparency basis.

If the investor is an open-ended or closed-ended investment fund (other than a Real Estate Fund), an investment company with fixed share capital ("**SICAF**" i.e. società di investimento a capitale fisso, other than a Real Estate Fund), or an investment company with variable capital ("**SICAV**" i.e. società di investimento a capitale variabile) established in Italy (each, a "**Fund**") and either (i) the Fund or (ii) its manager is subject to the supervision of a regulatory authority, and the relevant Securities are held by an authorised intermediary, capital gains arising from the Securities will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of 26 per cent. may apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Any capital gains realised by a Holder of Securities which is an Italian pension fund (subject to the regime provided by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent. *ad hoc* substitute tax on its annual net accrued result. Subject to certain conditions (including a minimum holding period requirement) and limitations, capital gains may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

Capital gains realised from the sale or redemption of the Securities by non-Italian resident Holders of Securities without a permanent establishment in the Republic of Italy to which the Securities are effectively connected are not subject to Italian taxation, provided that the Securities are held outside Italy or are transferred on a regulated market. The Italian tax authorities have clarified that the notion of multilateral trading facility ("**MTF**") under EU Directive 2014/65/CE (known as "**MiFID II**") can be assimilated to that of "regulated market" for income tax purposes; conversely, organized trading facilities ("**OTF**") cannot be assimilated to "regulated market" for Italian income tax purposes.

Capital gains realised by non-Italian resident Holders of Securities from the sale or redemption of Securities not transferred on regulated markets and deposited with a bank, a SIM or certain authorised financial intermediaries in Italy are not subject to the *imposta sostitutiva*, provided that the effective beneficiary is (a) resident in a country which allows for a satisfactory exchange of information with Italy, as listed in the Italian Ministerial Decree of 4 September 1996, as amended by the Ministerial Decree of 23 March 2017 and potentially further amended by a future decree issued pursuant to Article 11(4)(c) of Decree 239 (the "**White List**"); (b) an international entity or body set up in accordance with international agreements, which have entered into force in Italy; (c) a Central Bank or an entity which manages, inter alia, the official reserves of a foreign State; or (d) an institutional investor (certain categories of institutional investors are deemed to be beneficial owners by operation of law) established in a country which is included in the White List, even if it does not possess the status of a taxpayer therein.

In order to benefit from the tax exemption, non-resident investors who deposited the Securities with a bank, a SIM or certain authorised financial intermediaries in Italy must withdraw from the so-called "*risparmio amministrato*" regime, which provides for the application of an *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the relevant Securities and file with the relevant depository a statement in which the Holder of Securities declares to be eligible to benefit from the applicable exemption from *imposta sostitutiva*. Such statement, which is not required for international bodies or entities set up in accordance with international agreements which have entered into force in Italy or in the case of foreign Central Banks or entities which manage the official reserves of a foreign State, must comply with the requirements set forth by the Ministerial Decree of 12 December 2001.

If none of the conditions above are met and the Securities are deposited with a bank, a SIM or certain authorised financial intermediaries in Italy, capital gains realised by non-Italian resident Holders of Securities from the sale or redemption of Securities are subject to the *imposta sostitutiva* at the current rate of 26 per cent. In any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Securities are connected, that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale or redemption of Securities are to be taxed only in the country of tax residence of the recipient and comply with the relevant formalities, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale or redemption of Securities.

### **Securities qualifying as Atypical Securities**

In accordance with a different interpretation of current tax law it is possible that the Securities would be considered "atypical" securities pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 as implemented by Law No. 649 of 25 September 1983 ("**Atypical Securities**"). In this event, payments relating to Securities may be subject to an Italian withholding tax, levied at the rate of 26 per cent.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to Atypical Securities, if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

Interest payments on Atypical Securities made to Italian resident Holders which are (i) companies or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Securities are effectively connected), and (ii) commercial partnerships, are not subject to the aforementioned withholding tax, but form part of their aggregate income subject to IRES. In certain cases, such Interest may also be included in the taxable net value of production and be subject to IRAP.

Interest payments relating to Atypical Securities received by non-Italian resident beneficial owners (not having a permanent establishment in Italy to which the Securities are effectively connected) are generally not subject to tax in Italy

provided that, if the Securities are held in Italy, the non-Italian resident Holder declares itself to be non-Italian resident according to the Italian tax regulations.

The withholding is levied by the Italian intermediary, intervening in the collection of the relevant income or in the negotiation or repurchasing of the Securities.

### **Transfer Tax**

Contracts relating to the transfer of Securities are subject to the registration tax as follows: (i) public deeds and notarised deeds (*atti pubblici e scritture private autenticate*) are subject to fixed registration tax at rate of EUR 200; (ii) private deeds (*scritture private non autenticate*) are subject to registration tax only in "case of use" (*caso d'uso*) or in case of "explicit reference" (*enunciazione*) or voluntary registration.

### **Payments made by a non-resident Guarantor**

With respect to payments made to Italian resident Holders of Securities by a non-Italian resident Guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the Italian non-resident Guarantor could be treated, in certain circumstances, as a payment made by the relevant Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

### **Inheritance and gift taxes**

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied to the rate mentioned above in (a), (b) and (c) on the value exceeding EUR 1,500,000.

The *mortis causa* transfers of financial instruments are exempt from inheritance taxes if they are held in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

### **Stamp duty**

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by Italian based financial intermediaries to their clients for the securities deposited in Italy. The stamp duty applies at a rate of 0.2 per cent. and cannot exceed EUR 14,000 for taxpayers other than individuals; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the securities held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 29 July 2009, as amended, supplemented and restated from time to time) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

### **Wealth Tax on securities deposited abroad**

Pursuant to Article 19(18) of Decree 201, Italian resident individuals non-commercial entities and certain partnership (*società semplici* or similar partnerships in accordance with Article 5 of Decree No. 917) resident in Italy for tax purposes holding the securities outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent. ("**IVAFE**") (0.4 per cent., as of 2024, in case of financial assets held in States or territories with privileged tax regime identified by the Ministerial Decree of the Ministry of Economy and Finance of May 4, 1999). Starting from 2020, Law No 160 of 27 December 2019 has provided for the extension of the application scope of IVAFE to Italian resident non-commercial entities, simple partnerships and equivalent entities, in addition to Italian resident individuals. For taxpayers other than individuals, IVAFE will not exceed EUR 14,000 per year.

This tax is calculated on the market value of the securities at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

### **Italian Financial Transaction Tax ("IFTT")**

Pursuant to Article 1(491 *et seq*) of Law No. 228 of 24 December 2012, IFTT applies to (i) transfers of property rights in shares and other participating securities issued by Italian resident companies (together, the "**Relevant Participating Instruments**"), (ii) transfers of property rights in financial instruments representing any such Relevant Participating Instruments, whether or not such financial instruments are issued by Italian resident issuers (such financial instruments, together the Relevant Participating Instruments, the "**Relevant Instruments**"), and (iii) derivative transactions referencing Relevant Instruments (i.e. derivative transactions or derivative financial instruments and certain equity-linked securities having an underlying mainly represented by one or more of Relevant Instruments or whose value is mainly linked to the Relevant Instruments) including securitised derivatives referencing Relevant Instruments (such as Certificates).

With respect to derivative transactions referencing Relevant Instruments, including securitised derivatives, the IFTT applies regardless of the tax residence of both the counterparties of the transactions and/or where the transaction is executed. The IFTT is levied at a fixed amount ranging between Euro 0.01875 and Euro 200 per transaction, which varies depending on the features and notional value of the securitised derivatives. A reduced IFTT (one fifth of the standard rate) is payable in respect of transactions executed on certain qualifying regulated markets or multilateral trading facilities. Where a securitised derivative is settled by physical settlement, the IFTT is also due upon the transfer of the ownership rights in the underlying Relevant Instruments.

The IFTT due in respect of derivative transactions referencing Relevant Instruments including securitised derivatives is payable by both counterparties to a transaction. However, the IFTT does not apply where one of the parties to the transaction is the European Union, the European Central Bank, central banks of the EU Member States, foreign central banks or entities which manage the official reserves of a foreign State or international bodies or entities set up in accordance with international agreements which have entered into force in Italy. Further specific exemptions exist, including, *inter alia*, for (i) subjects who carry on market making activities; (ii) mandatory social security entities and pension funds set up according to Legislative Decree No. 252 of 5 December 2005; and (iii) entities merely interposed in the execution of a transaction.

## ITALIAN TAXATION

The IFTT is levied by the banks and other financial intermediaries (*società fiduciarie e imprese di investimento abilitate all'esercizio professionale nei confronti del pubblico dei servizi e delle attività di investimento*) ("**Intermediaries**") that are involved, in any way, in the execution of the transaction and subsequently paid to the Italian tax authorities. If more than one Intermediary is involved in the execution of the transaction, the IFTT is levied by the Intermediary who receives the order of execution by the purchaser of the Relevant Instruments or, in the case of a derivative transaction or securitised derivative referencing a Relevant Instrument, by the counterparty to or purchaser of such derivative. Intermediaries not resident in Italy can appoint an Italian representative for the purposes of the IFTT. If no Intermediaries are involved in the execution of the transaction, the relevant IFTT must be paid by each relevant party to the transaction itself.

## LATVIAN TAXATION

*The following is a summary of current Latvian law and practice relating to the taxation of the Securities, as defined in this Base Prospectus. The statements herein regarding taxation are based on the laws in force in Latvia as at the date of this Base Prospectus and are subject to any changes in law occurring after such date. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The information provided in this section shall not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Securities applicable to their particular circumstances.*

**Taxation of individuals***Resident and non-resident status*

In accordance with Art. 14(2) of the Law on Taxes and Fees (*likums "Par nodokļiem un nodevām"*), a "resident individual" means an individual (i) whose declared place of residence is in the Republic of Latvia or (ii) who stays in the Republic of Latvia 183 days or more within any 12-month period, starting or ending in the taxation year, or (iii) who is a citizen of the Republic of Latvia employed abroad by the government of the Republic of Latvia.

A "non-resident individual" means an individual who is not a resident individual of the Republic of Latvia (as defined above). Non-resident individuals acting through a fixed base in Latvia are assimilated to resident individuals for personal income tax purposes with respect to income derived through this fixed base.

*Interest income*

In accordance with Arts. 8(3)(13) and 15(5) of the Law on Personal Income Tax (*likums "Par iedzīvotāju ienākuma nodokli"*), the payments in respect of interest on Securities to resident individuals are subject to 25.5 percent personal income tax. Under Art. 19(1) of the Law on Personal Income Tax, the personal income tax is payable by self-assessment if resident individuals receive income from a non-resident entity not having a permanent establishment in Latvia.

Non-resident individuals are not subject to personal income on interest income from Securities unless they have derived income in Latvia (e.g. through a fixed base in Latvia).

*Capital gains*

In accordance with Arts. 8(3)(11), 11.<sup>9</sup> and 15(5) of the Law on Personal Income Tax, capital gains (i.e. the difference between the sale price and acquisition costs) on disposal of the Securities received by a resident individual are subject to 25.5 percent personal income tax. Under Art. 19(5) and (5).<sup>3</sup> of the Law on Personal Income Tax, the personal income tax is payable by self-assessment if resident individuals receive income from a non-resident entity not having a permanent establishment in Latvia.

Non-resident individuals are not subject to personal income tax on capital gains on disposal of Securities unless they have derived income in Latvia (e.g. through a fixed base in Latvia).

*Other income*

There is no established practice in Latvia regarding the classification of income from hybrid financial instruments (e.g. debt instruments linked to a specific share or basket of shares) for tax purposes. There is a risk that such income will be classified as "other income" (i.e., a residual category of income that does not fall into any category of income expressly mentioned in the law) within the meaning of Art. 8(3)(21) of the Law on Personal Income Tax. "Other income" received by resident individuals is subject to personal income tax at the following progressive rates:

- (i) 25.5% on the amount of income not exceeding the maximum amount of mandatory State social security contributions (in 2025 - EUR 105,300);
- (ii) 33% on the amount of income exceeding the maximum amount of mandatory State social security contributions (in 2025 – EUR 105,300).

In addition, 3% tax surcharge is payable on the amount of annual income exceeding EUR 200,000.

Under Art. 19(1) of the Law on Personal Income Tax, the personal income tax on "other income" is payable by self-assessment if resident individuals receive income from a non-resident entity not having a permanent establishment in Latvia. Under Art. 15.<sup>1</sup>(1) of the Law on Personal Income Tax, the tax surcharge is payable by self-assessment.

Non-resident individuals are not subject to personal income tax on other income unless they have derived income in Latvia (e.g. through a fixed base in Latvia).

### *Investment account regime*

In accordance with Arts. 11.<sup>9</sup>(11)(6) and 11.<sup>13</sup> of the Law on Personal Income Tax, if the investment in the Securities is made through an eligible investment account held with a licensed credit institution or an investment service provider which is a tax resident of Latvia, another EU/EEA Members State, OECD Member State or a tax resident of a country with whom Latvia has concluded a treaty for the avoidance of double taxation and fiscal evasion, personal income tax on interest income and capital gains is deferred until the moment the income is distributed from this investment account to the investor.

In accordance with Art. 15(5) of the Law on Personal Income Tax, the personal income tax is levied at 25.5 percent on the part of the amount paid out of the eligible investment account which exceeds the amount paid into the account. In case a 25.5 per cent tax on interest from the Securities has already been withheld at the moment of the payment of the interest to the investment account, this income is excluded from the taxable income derived from the investment account. In case the tax on interest from the Securities has been withheld at a rate lower than 25.5 per cent, part of this income is excluded from the taxable income derived from the investment account which is calculated rateably to the proportion between the applicable withholding tax rate and 25.5 per cent tax rate.

Under Art. 19(1) of the Law on Personal Income Tax, the personal income tax on this income is payable by self-assessment.

### *Taxation of legal entities*

#### *Resident and non-resident status*

In accordance with Art. 14(4) of the Law on Taxes and Duties, a "resident entity" means an entity that is or should have been established and registered in the Republic of Latvia in accordance with the legislative acts of the Republic of Latvia.

A "non-resident entity" means an entity which is not a resident entity of the Republic of Latvia (as defined above).

Permanent establishments of foreign entities are assimilated to resident entities for corporate income tax purposes with respect to income derived through this permanent establishment.

#### *Income from the Securities*

The payments in respect of the Securities received by a resident entity and a non-resident entity operating through a permanent establishment in Latvia are not subject to corporate income tax in Latvia at the moment of the receipt of the income. In accordance with Arts. 3 and 4 of the Corporate Income Tax Law (*Uzņēmumu ienākuma nodokļa likums*), corporate income tax is levied on profit distributions, such as dividends, and implicit (disguised) distributions, including

## **LATVIAN TAXATION**

non-business expenses, interest payments made in excess of defined thresholds, loans made to related parties (subject to specific criteria), transfer pricing adjustments, and other disguised distributions. Latvian corporate income tax is imposed at the level of the company making the distributions at the time when such profit distributions are made. Profit distributions are taxed at the rate of 20 per cent on the gross amount of the distribution (tax base is divided by 0.8 and then multiplied by the 20 per cent rate).

The payments in respect of interest on Securities received by a non-resident entity without a permanent establishment in Latvia are not subject to corporate income tax in Latvia.

### **Stamp duties and transfer taxes**

The alienation of the Securities is not subject to stamp duties or transfer taxes in Latvia.

## LIECHTENSTEIN TAXATION

## NATURAL PERSONS

**Personal tax liability:** Unlimited on the basis of residence or habitual abode in Liechtenstein or limited on the basis of Liechtenstein real estate ownership or permanent establishment. Residence is the place where a person is permanently resident. Habitual abode means the place where a person does not stay just temporarily. A stay for more than 6 months is deemed to be a habitual abode.

**Material tax liability:** Unlimited with income and assets attributed to Liechtenstein at the tax rate of the world-wide income and assets or limited to Liechtenstein income and assets.

**Taxable income:** Total income, includes nominal income from assets (see wealth tax).

**Tax-exempt income:** All effective income from assets subject to wealth tax. In particular, dividends and capital gains from participations in legal entities is tax-exempt, but, for instance, not interest income from securities. For participations in business assets, anti-avoidance provisions must be observed.

**Wealth tax:** Total net assets at the beginning of the tax year (movable and immovable; less debts) is the base of wealth tax. Foreign immovable assets and assets of foreign permanent establishments (less pro-rata debts) are to be taken into account only with regard to the tax rate. The assets are included in the taxable income with a nominal yield of 4% and subject to income tax.

**Tax deductions:** Work-related costs and social insurance fees, lump sums for private personal insurance (e.g. health insurance), other personal deductions (for example, contributions to subsistence, child allowance, donations) are deductible.

**Tax rate:** 0% to 24% on taxable income (depending on income and municipality affiliation). There are different tax rates for single parents, married couples and other taxpayers.

**Foreign tax credit:** Is given up to the maximum of the Liechtenstein income tax on the income affected by foreign taxes.

**Inheritance/gift tax:** None.

## LEGAL PERSONS

**Tax liability:** Unlimited on the basis of Liechtenstein domicile or effective place of management or limited on the basis domestic income (from real estate, permanent establishments or board remuneration).

**Tax base of corporate income:** The tax base is the annual corporate income based on the annual financial statement pursuant to the Persons and Companies Act (PGR) or the principles of the Tax Ordinance (inventory of assets, liabilities, profits and losses), where commercially justified expenses are tax-deductible. Profits and losses must be defined in the same way as would be the case for a relationship between independent third parties (dealing at arm's length principle).

Tax expenses are not tax-deductible. The taxable net income is calculated as follows:

	Balance of profit and loss statement
+	losses on participations in legal entities
+/-	tax corrections
-	tax-exempt income
-	notional interest deduction
-	losses from foreign permanent establishments
-	losses from group taxation
-	loss carryforward
=	taxable net income

## LIECHTENSTEIN TAXATION

**Losses from participations:** Realized and unrealized losses from participations in legal entities are treated as tax-neutral.

**Tax-exempt income:** In particular, dividends, capital gains and unrealized increases of value from participations in legal persons and certain property structures (e.g. foundations, trusts) under consideration of anti-avoidance provisions. The anti-avoidance provisions cover dividends and capital gains from participations with more than 50% passive income and low taxation (< 6.25% or < 50% of the effective Liechtenstein taxes), hence these income are taxable (switch-over).

**Notional interest deduction:** A deduction of 4% on the modified equity poses a commercially justified expense. The modified equity is calculated as follows:

equity at the beginning of the tax year  
+ equity increases  
- equity decreases  
- own shares  
- participations in legal entities  
- assets not required for business operations  
- 6% of the assets that have not already been deducted  
= modified equity

The corrections of equity as at the beginning of the tax year (see above) are weighted and deducted pro rata temporis, aggregated per quarter and considered to have occurred in the middle of the quarter. If the modified equity is negative, the notional interest deduction is CHF 0. The notional interest deduction must not lead to a loss or increase an existing loss.

**Tax rate:** 12.5% of taxable net income (15% global minimum top-up tax for certain multinational groups).

**Minimum income tax:** CHF 1'800 per year and irrespective of the duration of the tax year.

**Anti-avoidance provisions:** There is a general anti-avoidance provision regarding inadequate legal constructions, but no minimum capitalization rules and no Controlled Foreign Company (CFC) rules. Specific anti-avoidance provisions exist in connection with the tax exemption of dividends, capital gains and distributions, as well as the notional interest deduction.<sup>2</sup>

**Withholding taxes:** No withholding taxes on dividends, licenses and interests are levied.

**Foreign tax credit:** Is given up to the maximum of the Liechtenstein income tax on the income affected by foreign taxes.

**Privileged tax status:** Private Asset Structures (PAS) pay the minimum corporate income tax of CHF 1'800 per year irrespective of the annual results. Crucial requirement: no economic activity.

**Trusts:** From the tax perspective trusts are considered to be transparent and capital and income are attributed either to the settlor or the beneficiary. As a result, trusts are subject to the minimum corporate income tax of CHF 1'800 per year.

**Securities Transfer Tax:** Corporations, limited liability companies and establishments with divided capital are subject to the Swiss transfer tax (applicable in Liechtenstein by virtue of the Customs Treaty with Switzerland). The transfer of securities by securities dealers is subject to a tax of 0.15% (domestic securities) and 0.3% (foreign securities). All other Liechtenstein legal entities cannot be subject to the Swiss transfer tax as securities dealers.

## TAXATION OF FUNDS

Follows the principle of transparency. Investment funds that are not already treated as tax transparent due to their structure as partnerships are subject to unlimited personal corporate income tax liability, but at the same time all income from the managed assets is exempt so that there is no additional tax burden at the level of the investment fund. Instead, taxation takes place at the level of the investors. However, credits for foreign withholding taxes paid by the investment fund are

## **LIECHTENSTEIN TAXATION**

only available at the level of the investor if the investment fund is organized as a partnership (decision of the Administrative Court of 22.04.2022, VGH 2020/106).

**LITHUANIAN TAXATION**

*The following is a summary of current Lithuanian law and practice relating to the taxation of the Securities, as defined in this Base Prospectus. The statements herein regarding taxation are based on the laws in force in Lithuania as of the date of this Base Prospectus and are subject to any changes in law occurring after such date. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The information provided in this section shall not be treated as legal or tax advice; prospective investors are advised to consult their tax advisors regarding the tax consequences of the subscription, ownership and disposal of the Securities applicable to their particular circumstances.*

***Resident and non-resident status***

A “resident individual” means an individual whose permanent place of residence is in Lithuania; or whose personal, social or economic interests are located in Lithuania; or who is present in Lithuania continuously or intermittently for at least 183 days in the relevant tax period, or at least 280 days in two consecutive tax periods and at least 90 days in one of these tax periods; or who is a citizen of Lithuania and who does not meet any of the aforesaid criteria but for whom remuneration for the work carried out abroad is paid or costs of living abroad are covered by the Republic of Lithuania or any of the municipalities thereof. An individual Noteholder will not become a resident of Lithuania by only holding the Securities.

Taxation of non-resident individuals acting through a fixed base in Lithuania is the same as that of resident individuals defined above, if such a non-resident individual earns interest income or capital gains performing activity through a fixed base in Lithuania. Therefore, it is not separately outlined in the further sections of this *Programme*.

A “resident entity” means an entity which is legally established in Lithuania, and a “non-resident entity” means an entity which is not legally established in Lithuania. Taxation of interest income and capital gains received by non-resident entities acting through a permanent establishment in Lithuania is the same as that of resident entities defined above, therefore, it is not separately outlined in the further sections of this *Programme*. For relevant details on the taxation of Lithuanian permanent establishments as Noteholders, please refer to the taxation of resident entities.

***Payments to individuals******Taxation of Interest***

When calculating the threshold for the non-resident individuals, the following Lithuanian-sourced income is taken into account: interest, royalties, income from sports and entertainment activities, capital gains and income from the rent from real estate located in the Republic of Lithuania and capital gains from movable property registrable in the Republic of Lithuania. Separate double taxation treaties with the Republic of Lithuania can provide for a lower tax rate for non-residents.

## LITHUANIAN TAXATION

When interest is earned by a non-resident individual, the Issuer, as a Lithuanian interest-paying entity, will withhold 15 per cent. personal income tax and if it turns out at the end of the year that a part of the amount was subject to 20 per cent. rate, the non-resident individual is to pay the difference himself/herself.

Part of the total amount of interest (including interest on the Securities) received during the calendar year up to the amount of EUR 500 is exempt from personal income tax. The tax exemption will not apply to the interest received from entities established in a tax haven or from individuals whose permanent place of residence is in a tax haven, or interest received through the investment account.

### *Taxation of Capital gains*

Capital gains (i.e. the difference between the sale price and acquisition costs) on disposal of the Securities received by a resident individual will be subject to progressive tax rates of (i) 15 per cent., in respect of income (excluding income from employment, self-employment, dividends, remuneration of board members and certain other types of income) received by a resident individual during the calendar year does not exceed the sum of 120 Lithuanian gross average salaries, which is determined on the basis of the gross average monthly salary as set forth in the Law on Approval of the State Social Funds Budgets Indicators for the relevant year (in 2025, the threshold amount would be EUR € 253 065,60) and (ii) 20 per cent., which shall be applied to any income (excluding income from employment, self-employment, dividends, remuneration of board members and certain other types of income) received by a resident individual during the calendar year, exceeding the aforementioned threshold.

Part of the capital gains received from the sale of securities (including the Securities) during the calendar year up to the amount of EUR 500 is exempt from personal income tax. The tax exemption will not apply if the sale proceeds are received from entities established in a tax haven or from individuals whose permanent place of residence is in a tax haven, or through an investment account.

The disposition of Securities by non-resident individuals will not be subject to any Lithuanian income or capital gains tax.

### *Investment account regime*

From 2025, capital gains or interest on disposal of the Securities received by a resident individual through an investment account (an account reported to the tax authorities meeting specified requirements of the law) is subject to taxation under specific conditions. Income withdrawn from an investment account is taxed with personal income tax if such income is not used for specific purposes such as purchasing qualifying financial products, transferring to another investment account, or covering related expenses. foreign banks in the Republic of Lithuania, for the period from 16 May 2023 until 31 December 2025 shall pay an additional 60 per cent. temporary solidarity contribution on the net interest income (subject to special calculation rules) exceeding by 50 per cent. The average amount of net interest income 2025 (conditions apply).

- (ii) to a non-resident entity, which is registered or otherwise organised in a state of the European Economic Area or in a state with which the Republic of Lithuania has concluded and brought into effect a double tax treaty and receiving interest not through its permanent establishment registered in the Republic of Lithuania, if any, will not be subject to withholding tax in the Republic of Lithuania.
- (iii) to a non-resident entity other than those listed above will be subject to 10 per cent withholding tax. If the Issuer as an interest-paying person is unable to identify the Holder and determine such Holder's eligibility for a lower tax rate or exemption from withholding tax, payments of interest in respect of the Notes (including, to the extent applicable, the positive difference between the redemption price and the issue price of the Notes) to any such Holder will be subject to 15 per cent personal income tax to be withheld and paid to the budget of the Republic of Lithuania by the Issuer.

If the Issuer as an interest-paying person is unable to identify the Holder and determine such Holder's eligibility for a lower tax rate or exemption from withholding tax, payments of interest in respect of the Securities (including, to the extent applicable, the positive difference between the redemption price and the issue price of the Securities) to any such Holder will be subject to 15 per cent personal income tax to be withheld and paid to the budget of the Republic of Lithuania by the Issuer.

### *Taxation of Capital gains*

Capital gains (i.e. the difference between the sale price and acquisition costs) on disposal of the Securities received by a resident entity will be included in the calculation of its taxable profit. As of 2025, taxable profit will be subject to 16 per cent. corporate income tax (6 per cent for small-sized entities or an incentive rate applicable to the Holder). Banks and credit unions, including central credit unions and branches of foreign banks in the Republic of Lithuania, shall pay an additional 5 per cent. corporate income tax on taxable profits (subject to special calculation rules) exceeding EUR 2 million.

**Taxation of a Polish tax resident private investor (natural person)**

Under Art. 3.1 of the Personal Income Tax Act dated 26 July (the "**PIT Act**"), natural persons, if residing in the Republic of Poland, are liable for tax on their total income (revenue) irrespective of the location of the sources of revenue (unlimited obligation to pay tax).

Under Art. 3.1a of the PIT Act, a Polish tax resident individual is a natural person who (i) has their centre of personal or business interests located in Poland or (ii) stays in Poland for longer than 183 days in a year, unless any relevant tax treaty dictates otherwise.

According to Art. 17 of the PIT Act, income from the Securities should be treated as money capital (*kapitały pieniężne*) source of income, which includes (i) interest (discount) from securities (Art. 17.1.3 of the PIT Act), (ii) redemption of notes generating periodical proceeds by the issuer (wykup przez emitenta obligacji, od których są należne świadczenia okresowe) (Art. 17.1.3a of the PIT Act) and (iii) disposal of securities for remuneration (Art. 17.1.6.a of the PIT Act).

(i) Tax on Interest Income and Redemption of Notes Generating Periodical Proceeds

Under Art. 30a.7 of the PIT Act, interest income (discount) Securities and income from the redemption of notes generating periodical proceeds by the issuer (**Redemption**) derived by a Polish tax resident individual does not cumulate with general income subject to the progressive tax rate but under Art. 30a.1 of the PIT Act (with respect to interest and discount) and Art. 30a.1.2a (with respect to income from Redemption) it is subject to 19 per cent. flat rate tax.

Under Art. 24.24 of the PIT Act, the income from Redemption is calculated as a difference between the amount obtained from the redemption of notes together with proceeds for the last period before the repurchase of the notes and the expenditures incurred for acquisition of the notes on the primary or secondary market by the taxpayer or its testator. Amounts of interest paid by the taxpayer or the testator upon acquisition of the notes in the part in which such interest is free of tax do not constitute expenses for acquisition of the notes for the purposes of calculation of income from Redemption.

Under Art. 41.4 of the PIT Act, the payer of interest or proceeds from Redemption, other than an individual not acting within the scope of their business activity, should withhold the 19 per cent. Polish tax on any payment of interest or Redemption proceeds.

Under the Art. 41.4d of the PIT Act, tax interest (discount) on securities and Redemption income is withheld by entities keeping securities accounts for taxpayers, in their capacity as tax remitters, if the income (revenue) is earned in the territory of Poland and is associated with the securities registered in these accounts, and, further, if relevant payments are made to the taxpayers through those entities. This principle also applies to remitters who pay corporate income tax and are subject to limited tax liability in Poland, to the extent they conduct their business through a foreign establishment and it is to that establishment's operations that the securities account is linked. Consequently, foreign entities that do not operate through a Polish permanent establishment, e.g. foreign investment firms, not acting through Polish permanent establishments, should not be obliged to withhold the tax.

There are no regulations defining in which cases income earned (revenue) by a Polish tax resident should be considered income (revenue) earned in Poland. However, it is expected that such cases will

be analogous to those of non-residents. Pursuant to Art. 3.2b of the PIT Act, income (revenues) earned in the Republic of Poland by non-residents shall include in particular income (revenues) from:

1. work performed in the Republic of Poland based on a service relationship, employment relationship, outwork system and co-operative employment relationship irrespective of the place where remuneration is paid;
2. activity performed in person in the Republic of Poland irrespective of the place where remuneration is paid;
3. economic activity pursued in the Republic of Poland, including through a foreign establishment located in the Republic of Poland;
4. immovable property located in the Republic of Poland or rights to such property, including from its disposal in whole or in part, or from disposal of any rights to such property;
5. securities and derivatives other than securities, admitted to public trading in the Republic of Poland as part of the regulated stock exchange market, including those obtained from the disposal of these securities or derivatives, or the exercise of rights resulting from them;
6. redemption, repurchase, buy-out and otherwise annihilation of participation titles in capital funds established on the basis of the provisions in force in the Republic of Poland and sale of these participation titles for a fee;
7. the transfer of (a) ownership of shares in a company, (b) all rights and obligations in a partnership without legal personality, or (c) participation in an investment fund, a collective investment undertaking or other legal entity with similar rights, character or receivables as a consequence of holding such shares, rights and obligations or participation, if at least 50 per cent. of the value of assets of such company, partnership, investment fund, collective investment undertaking or legal entity is constituted, directly or indirectly, by immovable properties located in the Republic of Poland, or rights to such immovable properties;
8. the transfer of ownership of shares, all rights and obligations, participation or similar rights in a real estate company (as defined in the PIT Act);
9. the receivables settled, including receivables put at disposal, paid out or deducted, by natural persons, legal persons, or organisational units without legal personality, having their place of residence, registered office, or management board in the Republic of Poland, irrespective of the place of concluding and performing the agreement; and the income (revenue) referred to in this point is considered to be the revenue listed in Art. 29.1 of the PIT Act, if they do not constitute income (revenue) referred to in points (i)-(vii) above; Art. 29.1 of the PIT Act lists, among others, interest income other than those mentioned in Art. 30a.1 of the PIT Act (which, in turn, refers to interest and discount on securities and income from the Redemption) and/or
10. unrealised gains as referred to in the exit tax regulations.

The above list is not exhaustive; therefore, the tax authorities may also consider that income (revenues) not listed above is sourced in Poland.

Given the above, each situation should be analysed to determine whether interest earned by a Polish tax resident individual from the Securities is considered to be income sourced in Poland and whether the entity operating the securities account for the individual will withhold the tax. Since the Issuer is not a

## POLISH TAXATION

Polish entity, as a rule, interest from the Securities should not be considered as earned in the territory of Poland, except in specific circumstances (e.g. the Securities are admitted to public trading in Poland).

Although this is not clearly regulated in Polish tax law, in fact, foreign entities do not act as Polish withholding tax remitters (save when such foreign entities operate by way of a branch that constitutes a tax establishment in Poland). Therefore, it should be expected that the issuer itself or a non-Polish entity operating the securities account for the individual will not withhold the tax.

According to Art. 45.3b of the PIT Act, if the tax is not withheld, the individual is obliged to settle the tax themselves by 30 April of the following year.

Separate rules apply to income from interest and from Redemption on securities held in Polish omnibus accounts (within the meaning of the provisions of the Act on Trading in Financial Instruments, hereinafter "**Omnibus Accounts**"). Under Art. 41.10 of the PIT Act, insofar as securities registered in Omnibus Accounts are concerned, the entities operating Omnibus Accounts through which the amounts due are paid are liable to withhold the flat-rate income tax on such income. The tax is charged on the day of placing the amounts due at the disposal of the Omnibus Account holder. These rules should also apply to the entities indicated in Art. 3.2. of the CIT Act to the extent that they conduct business activity through a foreign establishment located within the territory of Poland, if the account on which given securities are recorded is connected with the activity of that establishment. Consequently, foreign entities that do not operate through a Polish permanent establishment, e.g. foreign investment firms not acting through Polish permanent establishments, should not be obliged to withhold the tax.

Pursuant to Art. 30a.2a of the PIT Act, with respect to income (revenue) from interest and Redemption transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder.

Under Art. 45.3c of the PIT Act, taxpayers are obliged to disclose the amount of incomes (revenues) from interest (discount) and Redemption on securities in their annual tax return if the securities were registered in an Omnibus Account and the taxpayer's identity was not disclosed to the tax remitter.

Under Art. 30a.9 of the PIT Act, withholding tax incurred outside Poland (including countries which have not concluded a tax treaty with Poland), up to an amount equal to the tax paid abroad, but not higher than 19 per cent. tax on the interest amount, could be deducted from the Polish tax liability. Double tax treaties can provide other methods of withholding tax settlements.

### (ii) Income from capital investments other than interest

Income other than interest or from Redemption derived by a Polish tax resident individual from debt financial instruments held as non-business assets, including income from a transfer of securities for consideration, qualify as capital gains according to Art. 17 of PIT Act. This income does not cumulate with the general income subject to the progressive tax scale but is subject to a 19 per cent. flat rate tax. The costs of acquiring the Securities are recognised at the time the revenue is achieved.

Based on Art. 17.2 and Art. 19.1 of the PIT Act, if the price expressed in the contract without a valid reason significantly deviates from the market value, the amount of income is determined by the tax authority or fiscal control authority in the amount of the market value. In principle, this income should be settled by the taxpayer by 30 April of the year following the year in which the income was earned. No tax or tax advances should be withheld by the person making the payments.

Furthermore, capital gains are subject to 4 per cent. solidarity levy calculated on the surplus of various incomes above PLN 1 million in total. The levy must be calculated and settled by the individuals themselves.

(iii) Securities held as business assets

If an individual holds the Securities as business assets, in principle, in accordance with Art. 30b.3 of the PIT Act the income should be subject to tax in the same way as other business income. The tax, at 19 per cent. flat rate or the 12 per cent. to 32 per cent. progressive tax rate depending on the individual's choice and meeting of certain conditions, should be settled by the individuals.

Furthermore, business income is subject to 4 per cent. solidarity levy calculated on the surplus of various incomes above PLN 1 million in total. The levy must be calculated and settled by the individuals themselves.

Interest (discount) is subject to 19 per cent. flat rate tax, as described in point (1), above.

### **Taxation of a Polish tax resident corporate income taxpayer**

Under Art. 3.1 of the Corporate Income Tax Act dated 15 February 1992 (the "**CIT Act**") the entire income of taxpayers who have their registered office or place of management in Poland is subject to tax obligation in Poland, irrespective of where the income is earned.

According to Art. 3.1a of the CIT Act, a taxpayer has a place of management in the territory of the Republic of Poland, *inter alia*, when the current affairs of this taxpayer are conducted in an organised and continuous manner on the territory of the Republic of Poland, based in particular on:

- (i) an agreement, decision, court ruling or other act regulating the establishment or functioning of the taxpayer; or
- (ii) powers of attorney; or
- (iii) Affiliations.

The appropriate tax rate is the same as the tax rate applicable to business activity, i.e. 19 per cent. for a regular corporate income taxpayer or 9 per cent. for small and new taxpayers i.e. taxpayers with revenues in the tax year not exceeding EUR 2 million (with certain exceptions listed in Art. 19.1a-1e of the CIT Act) taking into consideration the appropriate source of income (the lower rate does not apply to incomes classified as capital gains – Art. 7b of the CIT Act).

A Polish tax resident corporate income taxpayer is subject to income tax in respect of the Securities (both on any capital gains and on interest/discount) following the same principles as those which apply to any other income received from business activity from the same source of income. Regarding the proper source of revenue, in principle, the income (revenue) from the Securities, including their transfer for consideration, is combined with revenues from capital gains (Art. 7b.1 of the CIT Act). In the case of insurers, banks and some other entities (such as financial institutions), this revenue is included in revenues other than revenues from capital gains (Art. 7b.2 of the CIT Act).

As a rule, for Polish income tax purposes interest is recognised as revenue on a cash basis, i.e. when it is received and not when it has accrued. In respect of capital gains, the cost of acquiring the Securities will be recognised at the time the revenue is achieved. Revenue from a transfer of securities for consideration is, in principle, their value expressed as the price specified in the contract. If the price expressed in the contract, without a valid

reason, significantly deviates from the market value, the revenue amount is determined by the tax authority as an amount equivalent to the market value (Art. 14 of the CIT Act). In the case of income from the transfer of securities for consideration, tax deductible costs are generally recognised when the corresponding revenue has been received. The taxpayer (without the remitter's participation) settles income tax on interest/discount and on the transfer of securities for consideration, which is settled along with other income from the taxpayer's business activity within the same source of income.

Although Polish corporate income taxpayers should not be subject to Polish withholding tax, such tax may be withheld, under specific rules applying to interest income on securities held in Omnibus Accounts, under Art. 26.2a of the CIT Act, for income (revenue) from interest transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 20 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder. If such tax is withheld for a Polish tax resident corporate income taxpayer, to receive a refund of such tax, the entity should contact its tax advisor.

Any withholding tax incurred outside Poland (including countries which have not concluded any tax treaty with Poland), can be deducted from the Polish tax liability, up to an amount equal to the tax paid abroad, but not higher than the tax calculated in accordance with the applicable domestic tax rate. Double tax treaties may provide for other methods of withholding tax settlements.

### **Securities held by a non-Polish tax resident (natural person or corporate income taxpayer)**

Under Art. 3.2a of the PIT Act, natural persons, if they do not reside in Poland, are liable to pay tax only on income (revenue) earned in Poland (limited obligation to pay tax).

Under Art. 3.2 of the CIT Act, in the case of taxpayers who do not have their registered office or management in Poland, only the income they earn in Poland is subject to taxation in Poland.

Non-Polish tax residents who are natural persons or corporate income taxpayers are subject to Polish income tax only with respect to their income earned in Poland. Under Art. 3.3 of the CIT Act, income (revenues) earned in the Republic of Poland by non-residents shall include in particular income (revenues) from:

1. all types of activity pursued in the Republic of Poland, including through a foreign establishment located in the Republic of Poland;
2. immovable property located in the Republic of Poland or rights to such property, including from its disposal in whole or in part, or from the disposal of any rights to such property;
3. securities and derivatives other than securities, admitted to public trading in the Republic of Poland as part of the regulated stock exchange market, including those obtained from the disposal of these securities or derivatives, or the exercise of rights resulting from them;
4. the transfer of (a) ownership of shares in a company, (b) all rights and obligations in a partnership without legal personality, or (c) participation in an investment fund, a collective investment undertaking or other legal entity with similar rights, character or receivables as a consequence of holding such shares, rights and obligations or participation, if at least 50 per cent. of the value of assets of such company, partnership, investment fund, collective investment undertaking or legal entity is constituted, directly or indirectly, by immovable properties located in the Republic of Poland, or rights to such immovable properties;
5. the transfer of ownership of shares, all rights and obligations, participation or similar rights in a real estate company (as defined in the CIT Act);

6. the receivables settled, including receivables put at disposal, paid out or deducted, by natural persons, legal persons, or organisational units without legal personality, having their place of residence, registered office, or management board in the Republic of Poland, irrespective of the place of concluding or performing the agreement; and/or
7. unrealised gains referred to in the exit tax regulations.

Similar provisions are included in Art. 3.2b of the PIT Act.

It should be noted that the list of income (revenues) earned in Poland, as provided in Art. 3.3. of the CIT Act and Art. 3.2b of the PIT Act is not exhaustive, therefore, other income (revenues) may also be deemed to be earned in the Republic of Poland.

Even though the above list of circumstances in which income (revenue) is sourced in the Republic of Poland is not exhaustive, it could be argued that, in principle, payments under securities issued by a foreign entity are not sourced in Poland unless one of the cases indicated above occurs (in particular, the Securities are traded on the Warsaw Stock Exchange).

If income from the Securities is considered as sourced in Poland, the following applies:

### *Special exemption for Securities meeting special conditions*

#### *Corporate income tax*

Under Art. 17.1.50c of the CIT Act, tax-free income is income earned by a CIT taxpayer subject to limited tax liability in Poland in respect of interest or a discount on securities:

- (a) having a maturity of at least one year; and
- (b) admitted to trading on a regulated market or introduced into an alternative trading system within the meaning of the Act of 29 July 2005 on Trading in Financial Instruments, in the territory of Poland or in the territory of a state that is a party to a double tax convention concluded with Poland which regulates the taxation of income from dividends, interest and royalties;

unless the taxpayer is an Affiliated Entity of the Issuer of such securities, and holds, directly or indirectly, together with other Affiliated Entities (within the meaning of those regulations), more than 10 per cent. of the notional value of those Securities (the Special Exemption).

Under Art. 26.1aa and 1ae of the CIT Act, remitters are not obliged to withhold tax on interest or discount in respect of Securities eligible for Special Exemption, provided that the issuer submits to the tax authority a declaration that it has acted with due diligence in informing Affiliated Entities (excluding entities whose Affiliations result solely from connections with the State Treasury (Skarb Państwa) or local government units or their associations), about the exemption conditions applying to those Affiliated Entities.

According to Art. 26.1af of the CIT Act, the declaration referred to above is submitted once in relation to a given Securities issue, no later than the date of payment of interest or discount on these securities. At the payer's request, the issuer is obliged to confirm its submission (Art. 26.1ag of the CIT Act).

The declaration is submitted in electronic form corresponding to the logical structure available in the Public Information Bulletin on the website of the office serving the minister responsible for public finances (Art. 26.7j of the CIT Act).

#### *Personal income tax.*

Under personal income tax, there are analogous provisions on tax exemption regarding interest and discount the scope of the exemption for non-residents, referred to above (Art. 21.1.130c of the PIT Act) and releasing tax remitters from the obligation to withhold tax on interest or discount (Art. 41.24-27 of the PIT Act), with the exception that the tax remitters being entities operating securities accounts and Omnibus Accounts are obliged withhold tax with respect to income (revenue) obtained by Polish tax resident natural person from notes otherwise eligible for the relief (Art. 41.24 in fine of the PIT Act) (**PIT Special Exemption**). These remitters include entities being Polish tax residents as well as non-Polish tax residents conducting business activities through a foreign establishment located in the territory of the Republic of Poland, if the account on which the securities are recorded is related to the activities of this establishment (Art. 41.4d and 41.10 of the PIT Act).

It must be noted that under Art. 30a.2a of the PIT Act, with respect to income (revenue) from interest or Redemption transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder.

Therefore, if the entities operating Omnibus Accounts acting as tax remitters are not able to identify the natural person i.e. whether it is or not tax resident in Poland, they may withhold tax at full rate on income from notes that would otherwise be eligible for the PIT Special Exemption..

### *Failure to meet the conditions for a Special Exemption or PIT Special Exemption*

In the absence of the Special Exemption or PIT Special Exemption referred to above, the following rules apply:

In the case of taxpayers subject to limited tax liability in Poland, the income from interest (discount) on securities earned in the Polish territory is taxed, as a general rule, at a flat rate of 20 per cent. in the case of corporate income taxpayers (Art. 21.1.1 of the CIT Act). The applicable tax rate for the income from interest (discount) on securities and on the Redemption is 19 per cent. in the case of natural persons (Art. 30a.1 of the PIT Act).

Under Art. 26.1 of the CIT Act, interest payers, other than individuals not acting within the scope of their business activity are obliged, as tax remitters, to collect lump-sum income tax on those payments on the day they are made. When verifying the conditions for the application of a withholding tax rate, exemption or the conditions for the non-collection of tax resulting from special provisions or double tax treaties, the remitter must exercise due diligence. When assessing the exercise of due diligence, the nature and scale of activity conducted by the remitter as well as its Affiliation with the taxpayer must be taken into account. Similar provisions are provided in Art. 41.4-4aa of the PIT Act.

Under Art. 26.2a and Art. 26c.1. of the CIT Act, the entities operating securities accounts and Omnibus Accounts for taxpayers, acting as tax remitters, should withhold this interest income if such interest income (revenue) was earned in Poland, is connected with securities registered in said accounts and the interest payment to the taxpayer is made through said entities. Although it is considered that foreign entities do not act as Polish tax remitters, according to the abovementioned provision, this obligation applies to non-residents to the extent they operate a permanent establishment in Poland and the account, on which securities are registered, is linked to the activity of this permanent establishment. Similar provisions concerning interest payments to individuals are provided in Art. 41.4d of the PIT Act.

The rules of taxation described here may be modified by the relevant provisions of double tax treaties concluded by Poland, based on which a reduced tax rate or income tax exemption may apply to income (revenue) obtained from interest/discount and from Redemption (natural persons only) (Art. 21.2 of the CIT Act, Art. 30a.2 of the PIT Act). To benefit from the tax rate or income tax exemption under the tax treaty, the taxpayer should present a valid certificate of its tax residence. As a rule, the tax residence certificate is considered valid for twelve

consecutive months from its date of issue (unless a specific date of its validity is included in its wording). Tax remitters may require additional documentation in order to be able to apply double tax treaty benefits described above, such as the confirmation of the recipient's beneficial owner status towards the payment.

Moreover, regardless of whether the particular tax treaty requires the recipient of the payment to be its beneficial owner, further to the approach presented by the tax authorities and confirmed by administrative courts verdicts, many tax treaties provide protection only for beneficial owners. Pursuant to Art. 4a.29 of the CIT Act and, respectively, Art. 5a.33d of the PIT Act, beneficial owner means an entity meeting all of the following conditions:

- (a) it receives the amount due for its own benefit, which includes deciding independently about its purpose, and bears the economic risk associated with the loss of that receivable or part of it;
- (b) it is not an intermediary, representative, trustee or another entity legally or actually obliged to transfer the receivable in whole or in part to another entity; and
- (c) it conducts actual business activity in the country of its registration (country of domiciliation in case of the PIT Act) and when assessing whether the entity conducts actual business activity, the nature and scale of such activity in the scope of received receivables are taken into account.

The definition of a beneficial owner no longer refers to Art. 24a.18 of the CIT Act and Art. 30f. 20 of the PIT Act. However, those provisions include the following relevant factors that are likely to be considered by the tax authorities when determining if the given entity performs actual business activity:

- (i) the business activity carried out by the taxpayer is performed through an existing enterprise that actually performs activities constituting an economic activity; in particular, it possesses premises, qualified personnel and equipment used for performing business activity;
- (ii) the taxpayer does not create an artificial arrangement without a connection with any business activity;
- (iii) the taxpayer's actual premises, its personnel or equipment correspond to the scope of its actual business activity;
- (iv) the agreements concluded by the taxpayer are realistic in economic terms, they have economic justification and they are not noticeably contrary to the general business interest of the taxpayer; and
- (v) the taxpayer carries out its business functions independently, using its own resources, including managers who are present in the country of taxpayer's tax residency.

The majority of double tax treaties concluded by Poland provide for an exemption from income tax on capital gains, including income from the sale of securities obtained in Poland by a tax resident of a given country. The treatment of interest and amounts received under Redemption differs under particular double tax treaties, some of them providing for general exemption, limiting the exemption to certain categories of recipients or providing for a reduced rate of tax (which may also vary depending on the recipient). Separate, specific rules apply to interest and amounts received under Redemption on securities held in Omnibus Accounts. Also, in cases where Polish withholding tax should not apply on payments to non-Polish tax residents (natural persons or corporate income taxpayers), under specific rules applicable to interest income (and income from Redemption in case of natural persons) on securities held in Omnibus Accounts there is a risk that such tax would be withheld.

Under Art. 26.2a of the CIT Act, with respect to income (revenue) from interest transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 20 per cent. flat-rate tax is withheld

by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder.

Under Art. 30a.2a of the PIT Act, with respect to income (revenue) from interest or from Redemption transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder. If such tax is withheld for non-Polish tax resident taxpayers, to receive a refund of such tax, the entity should contact its tax advisor.

If a foreign tax resident corporate income taxpayer acts through a permanent establishment in Poland tax remitters should not withhold the income tax on payments to such recipient, provided that such taxpayer delivers the tax remitter its certificate of tax residency along with a statement that the payments it receives are associated with the activity of its Polish permanent establishment (Art. 26.1d of the CIT Act). However, if it holds the Securities on an Omnibus Account, please see the comments on Omnibus Accounts presented above, in the section on taxation of a Polish tax resident corporate income taxpayer.

### Pay & Refund regime

#### *Corporate income tax*

Under Art. 26.2e of the CIT Act, if the total amount paid out between Affiliated Entities on account of the items listed in Art 21.1.1 of the CIT Act (including interest/discount on Securities) and Art 22.1 of the CIT Act to the same taxpayer exceeds PLN 2,000,000 in the tax year of the payer, payers are, as a rule, required to withhold, on the day of payment, a flat-rate income tax at the basic rate (20 per cent. in the case of interest/discount on Securities) from the excess over that amount, without being able not to withhold that tax on the basis of an appropriate double tax treaty, and also without taking into account exemptions or rates resulting from special regulations or double tax treaties (hereinafter the "**Pay & Refund**").

Based on Art. 26.2ca of the CIT Act, the entities making payments through securities accounts or Omnibus Accounts are obliged to provide the entities maintaining these accounts, at least 7 days before the payment is made, with information about the existence of Affiliations between them and the taxpayer and about exceeding the amount of PLN 2,000,000. Entities providing this information are required to update it before making the payment in the event of a change in the circumstances covered by the information. In addition, in accordance with Art. 26.2ed of the CIT Act, in the circumstances referred to in section 2c, the excess amount and the existence of Affiliations will be determined by the entity keeping securities accounts or Omnibus Account. The entity keeping securities accounts or Omnibus Accounts does not take into consideration the amounts of payments on which tax was collected in accordance with Art. 26.2a of the CIT Act.

Under Art. 26.2i and 26.2j of the CIT Act, if the payer's tax year is longer or shorter than 12 months, the amount to which the Pay & Refund applies is calculated by multiplying 1/12 of PLN 2,000,000 and the number of months that have begun in the tax year in which the payment was made. If the calculation of that amount is not possible by reference to the payer's tax year, the Pay & Refund shall apply accordingly to the payer's current financial year and, in its absence, with respect to the payer's other period with features specific to the financial year, for a period not longer than 23 consecutive months.

Under Art. 26.2k of the CIT Act, if the payment was made in a foreign currency, to determine whether the amount to which the Pay & Refund applies was exceeded, the amounts paid are converted into PLN at the average exchange rate published by the National Bank of Poland on the last business day preceding the payment day.

Under Art. 26.2l of the CIT Act, if it is not possible to determine the amount paid to the same taxpayer, it is presumed that it has exceeded the amount to which the Pay & Refund applies.

Under Art. 26.7a of the CIT Act, the Pay & Refund does not apply if the payer has declared that:

- (a) it holds the documents required by the tax law for the application of the tax rate or tax exemption or non-taxation under special regulations or double tax treaties; and
- (b) after verifying that the conditions to apply an exemption or reduced withholding tax rate resulting from special regulations or double tax treaties are satisfied, it is not aware of any grounds to believe that there are circumstances that exclude the possibility of applying the tax rate or tax exemption or non-taxation under special regulations or double tax treaties. In particular it is not aware of the existence of circumstances preventing the fulfilment of certain conditions referred to in other regulations, including the fact that the interest/discount recipient is the beneficial owner and, if the interest/discount is obtained in connection with the business activity conducted by the taxpayer, that it is obtained in the country of tax residence that the taxpayer carries on the actual business activity.

The above is to be declared by the head of the unit within the meaning of the Accounting Act or a designated member of such head being a collegiate body (e.g. the Issuer's management board). The declaration cannot be made by proxy. The declaration is to be made in electronic form not later than the date of payment of the tax for the month in which the threshold specified above was exceeded (Art. 26.7b and 26.7c of the CIT Act).

In the case of withholding tax being imposed as a result of the Pay & Refund, if double tax treaties or special regulations provide for a tax exemption or reduced tax rate, the taxpayer or tax remitter (if the taxpayer has paid tax with its own funds and has borne the economic burden of such tax, e.g. as a result of a gross-up clause) may apply for a refund of that tax by submitting the relevant documents and declarations. When recognising that the refund is justified, the tax authorities shall carry it out within six months.

Pursuant to the Regulation of the Minister of Finance dated 28 December 2022 regarding the exclusion of the obligation to collect flat-rate corporate income tax (the **Regulation**), in respect of securities held on securities accounts or Omnibus Accounts, until 31 December 2025 the application of the Pay & Refund regime is excluded to interest payable to taxpayers having their registered office or management outside the territory of the Republic of Poland.

### *Personal income tax*

Analogous provisions apply to personal income tax (applying to interest and amounts earned from Redemption), including Art. 41.12 of the PIT Act which provides for an analogous Pay & Refund regime, while the Regulation of the Minister of Finance of 28 December 2022 regarding the exclusion of the obligation to collect flat-rate personal income tax is the equivalent of the Regulation.

### Tax on civil law transactions

Neither an issuance of the Securities, nor a redemption of the Securities is subject to tax on civil law transactions.

In light of Art. 1.1.1.a of the Tax on Civil Law Transactions Act dated 9 September 2000 (the "**PCC Act**"), agreements for sale or exchange of assets or proprietary rights are subject to tax on civil law transactions. The Securities should be considered as representing proprietary rights. Transactions are taxable if their subjects are:

- (a) assets located in Poland or proprietary rights exercisable in Poland;

## POLISH TAXATION

- (b) assets located abroad or proprietary rights exercisable abroad if the acquirer's place of residence or registered office is located in Poland and the civil law transaction was carried out in Poland.

Although this is not clearly addressed in the law, in principle, the Securities should not be considered as rights exercisable in Poland, consequently, the tax would apply only if the purchaser was Polish and the transaction was concluded in Poland.

If the sale or exchange of the Securities is subject to the PCC, then the tax at 1 per cent. of the market value of the Securities should be payable within 14 days after the sale or exchange agreement has been entered into. However, if such agreement has been entered into in notarial form, the tax due should be withheld and paid by the notary public. Tax on sale of the Securities is payable by the entity acquiring the Securities. In the case of exchange agreements, tax on civil law transactions should be payable by both parties jointly and severally.

However, under Art. 9.9 of the PCC Act, an exemption applies to the sale of property rights constituting financial instruments (such as the Securities):

- (a) to investment companies and foreign investment companies;
- (b) via investment companies or foreign investment companies;
- (c) as part of organised trading;
- (d) outside organised trading by investment companies and foreign investment companies, if those rights were acquired by those companies under organised trading
- (e) to state-owned banks conducting brokerage activities;
- (f) made through state-owned banks conducting brokerage activities, or
- (g) made outside organized trading by state-owned banks conducting brokerage activities, if these rights were acquired by these banks as part of organized trading,

within the meaning of the provisions of the Act of 29 July 2005 on Trading in Financial Instruments.

Moreover, in accordance with Art. 1a.5 and 1a.7 in connection with Art. 2.4 of the PCC Act, the PCC exemption applies to sale or exchange agreements concerning the Securities:

- (a) to the extent that they are taxed with the VAT in Poland or in another EU Member State or EEA country;  
or
- (b) when at least one of the parties to the transaction is exempt from VAT in Poland or in another EU Member State or EEA country on account of that particular transaction.

### Remitter's liability

Under Art. 30 of the Tax Code dated 29 August 1997, a tax remitter failing to fulfil its duty to calculate, withhold or pay tax to a relevant tax authority is liable for the tax that has not been withheld or that has been withheld but not paid, up to the value of all its assets. The tax remitter is not liable if the specific provisions provide otherwise or if tax has not been withheld due to the taxpayer's fault. In such a case, the relevant tax authority will issue a decision concerning the taxpayer's liability.

According to Art. 30.5c of the Tax Code, the issuer is liable for the tax that has not been withheld if the statement made for the purposes of the Special Exemption is factually incorrect. This applies both in cases when the issuer

## **POLISH TAXATION**

acts as the tax remitter with respect to interest on Securities or not, especially it is withheld by the entity which holds securities accounts or Omnibus Accounts.

PORTUGUESE TAXATION

*The following is a general summary of certain income and capital gains tax consequences which may arise for Portuguese resident Holders. It is included herein solely for information purposes. It is based on the law currently in force in Portugal, though it is not intended to be, nor should it be considered, legal or tax advice. Furthermore, the tax treatment applicable in Portugal to the income and capital gains derived by Portuguese resident Holders may vary depending on the final terms and conditions of the relevant Certificates. Therefore, prospective Portuguese resident Holders should consult their own professional advisers as to the tax implications arising from the acquisition, holding or disposal of the Certificates.*

**1. Individuals**

(A) Certificates that do not guarantee more than 100 per cent. of the principal

Should the relevant Certificates be deemed to be certificates that do not guarantee more than 100 per cent. of the principal, income from operations related to the Certificates (either arising from their sale prior to redemption, or from their redemption) will be qualified as a capital gain. In this regard it should be noted that under Portuguese legislation, certificates are securities that entitle the Holder to receive the value of a certain underlying asset, according to the conditions set out in the Final Terms.

In this case, the individual Holder will, as a general rule, be subject to taxation on the positive difference between capital gains and losses at an autonomous rate of 28 per cent. The Holder may choose to aggregate such income with their remaining income that is subject to the general progressive Personal Income Tax ("**PIT**") rates, which vary between 13 per cent. and 48 per cent. (plus an additional surcharge of 2.5 per cent. applicable on income exceeding EUR80,000, up to EUR250,000 and thereafter a 5 per cent. surcharge applicable on income exceeding EUR250,000).

Income obtained by resident individuals arising from capital gains related to certificates that do not guarantee more than 100 per cent. of the principal is not subject to Portuguese withholding tax.

The Holders will have to include the income derived from the certificates that do not guarantee more than 100 per cent. of the principal in their PIT returns to be subject to taxation.

The amount of income that qualifies as capital gains shall correspond to the balance between capital gains and capital losses made in the same year.

In case the Holder chooses to aggregate the capital gains or capital losses with the remaining income, the negative balance calculated in a given year may be carried forward for the following five years.

Capital losses do not form part of the calculation of the net capital gains when the counterpart in the transaction (i) is resident in a tax haven, as described in Order 150/2004 of 13 February, as amended (a "**Tax Haven**") or (ii) is resident in a country or jurisdiction where an income tax similar to Corporate Income Tax ("**CIT**") is not imposed or where the applicable tax rate is lower than 60 per cent. of the Portuguese CIT rate (i.e. 12 per cent., since the Portuguese CIT rate currently is 20 per cent.) and there is a special relationship, under the terms of the CIT Code, between the counterpart and the relevant Portuguese tax residents (excluding European Union Member States or European Economic Area member states that are subject to exchange of information obligations similar to the obligations established by the European Union).

(B) Certificates that guarantee more than 100 per cent. of the principal or debt securities

Should the relevant Certificates be deemed to be certificates that guarantee more than 100 per cent. of the principal or debt securities, income arising from its redemption will be qualified as investment income.

## PORTUGUESE TAXATION

Income deriving from certificates which guarantee more than 100 per cent. of the principal or debt securities, issued by non-resident entities, is subject to a 28 per cent. withholding tax if the payment is made by a Portuguese resident entity.

Income deriving from certificates or debt securities paid or made available ("*colocado à disposição*") to accounts in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

The Holder that is resident for tax purposes in Portugal may choose to treat the withholding tax as a final tax (when applicable) or to tax the income deriving from certificates at the general progressive tax rates varying between 13 per cent. and 48 per cent. (plus an additional surcharge of 2.5 per cent. applicable on income exceeding EUR80,000 and up to EUR250,000 and of 5 per cent. applicable on income exceeding EUR250,000), in which case the withholding will be treated as a payment on account of the final tax due.

Regarding the capital gains obtained on the transfer of the certificates or on the transfer or redemption of debt securities, the Holder may choose between the taxation of the positive difference between capital gains and losses at an autonomous rate of 28 per cent. or to aggregate that income to the remaining income to be subject to the general progressive tax rates, which vary between 13 per cent. and 48 per cent. (plus an additional surcharge of 2.5 per cent. applicable on income exceeding EUR80,000, up to EUR250,000 and thereafter a 5 per cent. surcharge applicable on income exceeding EUR250,000). Said aggregation is mandatory whenever said Certificate is held for a period shorter than 365 days and the total amount of income obtained by the individual Holder in that same year (regardless of its nature) is of EUR83,696 or higher (i.e., where a tax rate of 48% should apply, accompanied or not by additional surcharge depending on the amount of income, as provided above).

Capital losses do not form part of the calculation of the net capital gains when the counterpart in the operation is (i) resident in a Tax Haven or (ii) is resident in a country or jurisdiction where an income tax similar to CIT is not imposed or where the applicable tax rate is lower than 60 per cent. of the Portuguese CIT rate (i.e. 12 per cent., since the Portuguese CIT rate currently is 20 per cent.) and there is a special relationship, under the terms of the CIT Code, between the counterpart and the relevant Portuguese tax residents (excluding European Union Member States or European Economic Area member states that are subject to exchange of information obligations similar to the obligations established by the European Union).

Income obtained by resident individuals arising from capital gains related to certificates or debt securities is not subject to Portuguese withholding tax.

### 2. Corporate entities

As a general rule, income derived by corporate entities resident in Portugal or non-resident corporate entities with a permanent establishment in Portugal, where such income is attributable the redemption of the Certificates, as well as capital gains arising from their transfer, will be regarded as taxable income and therefore subject to CIT, at a general rate of 20 per cent. Small and medium enterprises and Small Mid Cap enterprises (which employ fewer than 250 people and which have an annual turnover not exceeding EUR50,000,000, and/or an annual balance sheet total/gross assets not exceeding EUR43,000,000 or a company that employs less than 500 people, regardless of the level of turnover and assets) benefit from a reduced CIT rate of 16 per cent. on the taxable income up to EUR50,000 (in the case of micro, small or medium enterprises and Small Mid Cap enterprises qualified as start-ups that carry out their activity and have effective management in Portuguese inland territories as defined in Ordinance 208/2017 of 13 July, this rate may be reduced to 12.5 per cent provided that certain requirements are met), being the exceeding income subject to the general 20 per cent. rate. The taxable income may also be subject to a municipal surcharge, of up to 1.5 per cent. A state surcharge is applicable on income obtained by CIT taxable entities as follows: (a) taxable income exceeding EUR1,500,000 up to

EUR7,500,000 will be subject to a state surcharge of 3 per cent., (b) taxable income exceeding EUR7,500,000 up to EUR35,000,000 will be subject to a state surcharge of 5 per cent., and (iii) taxable income above EUR35,000,000 will be subject to a state surcharge of 9 per cent. Losses arising from the transfer or redemption of the Certificates will, as a general rule, be tax deductible.

All prospective Holders should seek independent advice as to their tax positions.

### 3. Stamp Tax and CIT on Inheritance and Gifts

Acquisition of the Certificates by individuals not for valuable consideration (by way of inheritance or gift) is subject to Stamp Tax, at a 10 per cent. rate, if the corresponding Issuer has its head office or its effective place of management in Portugal or a permanent establishment in this territory and the acquirer is a Portuguese resident.

Acquisition of the Certificates by Portuguese resident corporate investors not for valuable consideration (by way of inheritance or gift) is regarded as taxable income and therefore subject to Portuguese CIT, as a general rule, at a 20 per cent. tax rate (or, in case of Small and medium enterprises and Small Mid Cap enterprises, at a 16 per cent. tax rate, or 12.5 per cent. in cases of start-ups that carry out their activity and have effective management in Portuguese inland territories as defined in Ordinance 208/2017 of 13 July, both applicable to the first EUR 50,000 of taxable income, while the 20 per cent. tax rate applies to the remaining taxable income of the company), all possibly added to a municipal surcharge up to a maximum of 1.5 per cent. A state surcharge is applicable to income obtained by CIT taxable entities as follows: (a) taxable income exceeding EUR1,500,000 up to EUR7,500,000 will be subject to a State surcharge of 3 per cent., (b) taxable income exceeding EUR7,500,000 up to EUR35,000,000 will be subject to a State surcharge of 5 per cent and (iii) taxable income above EUR35,000,000 will be subject to a State surcharge of 9 per cent.

Acquisition of the Certificates by non-resident corporate investors not for valuable consideration (by way of inheritance or gift) is subject to CIT, at a 25 per cent. rate, if the corresponding Issuer has its head office or its effective place of management in Portugal. Under the tax treaties entered into by Portugal, such gains are usually not subject to Portuguese tax, but the applicable rules should be confirmed on a case by case basis.

### 4. Mandatory Automatic Exchange of Information

The Directive no. 2014/107/EU of 9 December 2014, which amended EU Council Directive no. 2011/16/EU ("**Administrative Cooperation Directive**") to extend the mandatory automatic exchange information to a wider range of income, including financial income, is in line with the Standard for Automatic Exchange of Financial Account Information in Tax Matters issued by OECD in July 2014 and with the bilateral exchange agreements between the United States of America and several other countries to implement the United States' Foreign Account Tax Compliance Act ("**FATCA**").

Portugal has implemented the Administrative Cooperation Directive (as amended by the EU Council Directive no. 2014/107/EU) into Portuguese law through Decree-Law no. 64/2016, of 11 October 2016, as amended.

Portugal has also implemented the FATCA regulations through Decree-Law no. 64/2016, of 11 October 2016, as amended.

Prospective investors that are tax resident in Portugal should consult their own legal or tax advisers regarding the consequences of the Administrative Cooperation Directive and the FATCA regulations in their particular circumstances.

## SPANISH TAXATION

*The statements herein regarding the tax legislation in Spain are based on the laws in force in Spain as of the date of this Base Prospectus (without prejudice to regional tax regimes in the Historical Territories of the Basque Country and the Community of Navarre or provisions passed by Autonomous Communities which may apply to investors for certain taxes) and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Certificates. Each prospective holder or beneficial owner of Certificates should consult its tax adviser as to the Spanish tax consequences of the ownership and disposition of the Certificates.*

**Introduction**

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this Base Prospectus:

- (a) for individuals with tax residency in Spain who are personal income tax ("**Personal Income Tax**") taxpayers, Law 35/2006, of 28 November on Personal Income Tax and on the partial amendment of the Corporate Income Tax Law, Non Residents Income Tax Law and Wealth Tax Law as amended (the "**Personal Income Tax Law**"), and Royal Decree 439/2007, of 30 March promulgating the Personal Income Tax Regulations as amended along with Law 19/1991, of 6 June on Wealth Tax as amended and Law 29/1987, of 18 December on Inheritance and Gift Tax, as amended, and Law 38/2022, of 27 December 2022 for the establishment of temporary levies on energy and on financial credit institutions and introducing a temporary solidarity tax on large fortunes;
- (b) for legal entities resident for tax purposes in Spain which are corporate income tax ("**Corporate Income Tax**") taxpayers, Law 27/2014, of 27 November on Corporate Income Tax Law as amended, and Royal Decree 634/2015, of 10 July promulgating the Corporate Income Tax Regulations, as amended, (the "**Corporate Income Tax Regulations**"); and
- (c) for individuals and legal entities who are not resident for tax purposes in Spain and are non- resident income tax ("**Non-Resident Income Tax**") taxpayers, Royal Legislative Decree 5/2004, of 5 March promulgating the Consolidated Text of the Non- Resident Income Tax Law as amended (the "**NRIT Law**"), and Royal Decree 1776/2004, of 30 July promulgating the Non-Resident Income Tax Regulations as amended along with Law 19/1991, of 6 June on Wealth Tax as amended and Law 29/1987, of 18 December on Inheritance and Gift Tax, as amended, and Law 38/2022, of 27 December 2022 for the establishment of temporary levies on energy and on financial credit institutions and introducing a temporary solidarity tax on large fortunes.

**Spanish tax resident individuals*****Personal Income Tax (Impuesto sobre la Renta de las Personas Físicas)***

Personal Income Tax ("**PIT**") is levied on an annual basis on the worldwide income obtained by Spanish tax resident individuals, whatever its source and wherever the relevant payer is established. Therefore, any income that a Spanish holder of the Certificates may receive under the Certificates will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Certificates obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties "*rendimiento del capital mobiliario*").

These amounts will be included in the savings taxable base of the PIT at the following tax rates: (i) 19 per cent. for taxable income up to EUR6,000; (ii) 21 per cent. for taxable income from EUR6,001 to EUR50,000; (iii) 23 per cent. for taxable income from EUR50,000.01 to EUR200,000; (iv) 27 per cent. for taxable income from EUR200,000.01 to EUR300,000, and (v) 30 per cent. for any amount in excess of EUR300,000.

Spanish holders of the Certificates should calculate the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the Certificates will be calculated as the difference between (a) their disposal, redemption or reimbursement value and (b) their acquisition or subscription value. Costs and expenses effectively borne on the acquisition and transfer of the Certificates may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses related to the management and deposit of the Certificates, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Negative income that may derive from the transfer of Certificates cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Certificates, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Certificates, if any.

***Spanish Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)***

***Individuals with tax residency in Spain who acquire ownership or other rights over any Certificates by inheritance, gift or legacy will be subject to inheritance and gift tax in accordance with the applicable Spanish regional or federal rules. The applicable tax rates currently range between 7.65 per cent. and 34 per cent. Relevant factors applied (such as previous net wealth or family relationship among transferor and transferee) determine the final effective tax rate that range, as of the date of this Base Prospectus, between 0 per cent. and 81.6 per cent., although the final tax rate may vary depending on any applicable regional tax laws. Certain tax benefits could reduce the effective tax rate.***

***Spanish Wealth Tax (Impuesto sobre el Patrimonio) and Spanish Solidarity Tax (Impuesto Temporal de Solidaridad de las Grandes Fortunas)***

Individuals with tax residency in Spain are subject to Spanish Wealth Tax on their total net wealth, regardless of the location of their assets or of where their rights may be exercised, to the extent that their net worth exceeds EUR 700,000 subject to any exceptions provided under the relevant legislation of the autonomous region (*Comunidad Autónoma*) where the taxpayer is a tax resident. Therefore, Spanish holders of the Certificates should take into account the value of the Certificates which they hold as at 31 December of each year, when calculating their Spanish Wealth Tax liabilities. The applicable tax rates range between 0.2 per cent and 3.5 per cent although the final tax rates may vary depending on any applicable regional tax laws, and some reductions and/or reliefs may apply.

In addition to the above, note that the so-called "Solidarity Tax" was approved in December 2022, which is a complementary direct wealth tax that, in practical terms, applies, under certain conditions, to those tax residents in an autonomous region where the Wealth Tax is partial or fully exempt (as Madrid and Andalusia). Please note that the Basque Country and Navarre have approved their own legislation in this regard.

The rates of the "Solidarity Tax" are the following:

<b>Taxable base up to (EUR)</b>	<b>Tax due (EUR)</b>	<b>Rest of taxable base (EUR)</b>	<b>Rate</b>
0.00	0.00	3,000,000.00	0%
3,000,000.00	0.00	2,347,998.03	1.7%
5,347,998.03	39,915,97	5,347,998.03	2.1%
10,695,996.06	152,223,93	Any excess	3.5%

Note that the regulation lays down a minimum exempt amount of EUR700,000 which means that its effective impact, in general, will occur when the net wealth, not tax exempt, is greater than EUR 3,700,000. Nonetheless, the amount payable for this tax could be reduced by the amount paid for Spanish Wealth Tax.

Prospective investors are advised to seek their own professional advice in this regard.

### **Legal Entities with Tax Residence in Spain**

#### ***Corporate Income Tax (Impuesto sobre Sociedades)***

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Certificates, which constitute a return on investments for tax purposes obtained from the transfer to third parties of own capital, obtained by entities which are tax resident in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate for Spanish Corporate Income Tax ("**CIT**") taxpayers is currently 25 per cent. This general rate will not be applicable to all CIT taxpayers and, for instance, it will not apply to banking institutions (which will be taxed at the rate of 30 per cent.). Likewise, special rates apply in respect of certain types of entities (such as qualifying collective investment undertakings).

Please note that there are reduced CIT rates depending on the annual net turnover of the taxpayer, as follows:

For entities whose net turnover for the immediately preceding tax period is less than EUR 1 million, the following rates will apply:

- (a) For the portion of the taxable base between EUR 0 and 50,000, at a rate of 17 per cent.
- (b) For the remaining portion of the taxable base, at a rate of 20 per cent.

For entities whose net turnover for the immediately preceding tax period is less than EUR 10 million, a 20 per cent. rate will apply.

Newly created entities that engage in economic activities will be taxed at a rate of 15 per cent. for the first tax period in which the taxable base is positive and for the following period.

It should be noted that the reduced CIT rates of 20 per cent., 17 per cent., and 15 per cent. will not apply to entities that are considered passive holding companies, as defined in Section 2 of Article 5 of the Spanish CIT Law.

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Certificates, if any.

#### ***Spanish Wealth Tax / Spanish Solidarity Tax***

Legal entities resident in Spain for tax purposes are not subject neither to Spanish Wealth Tax nor to Spanish Solidarity Tax.

#### ***Inheritance and Gift Tax***

Legal entities resident in Spain for tax purposes which acquire ownership or other rights over the Certificates by inheritance, gift or legacy are not subject to the Spanish Inheritance and Gift Tax but must include the market value of the Certificates in their taxable income for Spanish CIT purposes.

**Individuals and Legal Entities acting through a permanent establishment in Spain*****Non-Resident Income Tax (Impuesto sobre la Renta de No Residentes)***

If the Certificates are effectively connected to a permanent establishment in Spain of an individual or legal entity who is not resident in Spain for tax purposes, any income arising from the Certificates will be subject to the Non-Resident Income Tax. In particular, the taxable base of the permanent establishment shall be (generally) determined in accordance with the Spanish Corporate Income Tax rules.

***Spanish Wealth Tax / Solidarity Tax***

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to Spanish Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose assets and rights located or deposited in Spain, or that can be exercised within the Spanish territory exceed EUR700,000 would be subject to Spanish Wealth Tax at the applicable rates (ranging between 0.2 per cent. and 3.5 per cent). Individuals who are non-resident in Spain for tax purposes may apply the rules approved by the autonomous region where the assets and rights with more value are located.

In addition to the above, the so-called "Solidarity Tax" was approved in December 2022, which is a complementary wealth tax that, in practical terms, applies, under certain conditions, to those residents in an autonomous region where the Spanish Wealth Tax is partial or fully exempt. Please note that the Basque Country and Navarre have approved their own legislation in this regard.

The rates of the "Solidarity Tax" are the following:

<b>Taxable base up to (EUR)</b>	<b>Tax due (EUR)</b>	<b>Rest of taxable base (EUR)</b>	<b>Rate</b>
0.00	0.00	3,000,000.00	0%
3,000,000.00	0.00	2,347,998.03	1.7%
5,347,998.03	39,915,97	5,347,998.03	2.1%
10,695,996.06	152,223,93	Any excess	3.5%

Note that the regulation lays down a minimum exempt amount of EUR700,000 which means that its effective impact, in general, will occur when the net wealth, not tax exempt, is greater than EUR3,700,000. Nonetheless, the amount payable for this tax could be reduced by the amount paid for Spanish Wealth Tax.

Non-Spanish resident legal entities are neither subject to Net Wealth Tax nor to Solidarity Tax.

Prospective investors are advised to seek their own professional advice in this regard.

***Inheritance and Gift Tax***

Individuals who do not have tax residency in Spain who acquire ownership or other rights over the Certificates by inheritance, gift or legacy, and who reside in a country with which Spain has entered into a double tax treaty in relation to inheritance and gift tax will be subject to the relevant double tax treaty.

## SPANISH TAXATION

If the provisions of the foregoing paragraph do not apply, such individuals will be subject to inheritance and gift tax in accordance with Spanish legislation, to the extent that rights deriving from the debt securities are located or deposited or can be exercised within Spanish territory.

However, if the deceased, heir or the donee are not resident in Spain, depending on the specific situation, the applicable rules will be those corresponding to the relevant autonomous regions according to the Spanish legislation. As such, prospective investors should consult their tax advisors.

The applicable tax rates currently range between 7.65 per cent. and 34 per cent. Relevant factors applied (such as previous net wealth or family relationship among transferor and transferee) determine the final effective tax rate that range, as of the date of this Base Prospectus, between 0 per cent. and 81.6 per cent., although the final tax rate may vary depending on any applicable regional tax laws. Certain tax benefits could reduce the effective tax rate.

Non-Spanish resident legal entities which acquire ownership or other rights (located or deposited or that can be exercised within the Spanish territory) over the Certificates by inheritance, gift or legacy are not subject to inheritance and gift tax. They will be subject to Non-Resident Income Tax. If the legal entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of such treaty will apply. In general, double-tax treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

### **Spanish withholding tax**

Under Spanish tax law currently in force, the relevant Issuer should not be obliged to deduct withholding tax on account of Spanish income taxes since it is not a Spanish tax resident entity and does not have a permanent establishment in Spain to which the issue of the Certificates is connected.

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Certificates or intervenes as manager on the collection of any income under the Certificates, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Certificates. To this end, income deriving from the Certificates will include not only interest payments but also income arising from the disposal, redemption or reimbursement of the Certificates, if any.

The current withholding tax in Spain is 19 per cent. Amounts withheld in Spain, if any, can be credited against the final Spanish PIT liability, in the case of Spanish resident individuals, or against final Spanish CIT liability, in the case of Spanish CIT taxpayers, or against final Spanish Non-Residents' Income Tax liability, in the case of Spanish permanent establishments of non-resident investors. However, holders of the Certificates who are CIT taxpayers or Non-Residents' Income Taxpayers acting through a permanent establishment in Spain can benefit from a withholding tax exemption when the Certificates are (a) listed on an OECD official stock exchange; or (b) represented in book-entry form and admitted to trading on a Spanish secondary stock exchange or on the Alternative Fixed Income Securities Market (*Mercado Alternativo de Renta Fija*).

Additionally, when the Certificates (i) are represented in book-entry form; (ii) are admitted to trading on a Spanish secondary stock exchange; and (iii) generate explicit yield, holders who are PIT taxpayers can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of such Certificates. However, under certain circumstances, when a transfer of the Certificates has occurred within the 30-day period immediately preceding any relevant interest payment date, such PIT taxpayers may not be eligible for such withholding tax exemption.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the regulations of the Spanish tax legislation when intervening in the transfer or reimbursement of the Certificates.

**Indirect taxation**

The acquisition, transfer, redemption, reimbursement and exchange of the Certificates will be exempt from Transfer Tax and Stamp Duty as well as Value Added Tax.

**Reporting Obligations to the Spanish Tax Authorities**

Spanish resident holders of Certificates or non-resident holders with a permanent establishment in Spain to which the Certificates are effectively connected should seek advice from their tax adviser as to whether they should include the Certificates in the annual reporting (720 Official Tax Form) to the Spanish Tax Authorities declaring assets and rights held outside Spain (filing in respect of Certificates held as of 31 December 2025 will be due by 31 March 2026). Failure to satisfy this reporting obligation may trigger tax penalties and other tax implications.

This obligation would need to be complied with if certain thresholds are met; specifically, if the only rights/assets held abroad are the Certificates, this obligation would apply if the value of the Certificates together with other qualifying assets held on 31 December exceeds EUR50,000 (with the corresponding valuation to be made in accordance with special rules). If this threshold is met, a declaration would only be required in subsequent years if the value of the Certificates together with other qualifying assets increases by more than EUR20,000 against the declaration made previously. Similarly, cancellation or extinguishment of the ownership of the Certificates before 31 December should be declared if such ownership was reported in previous declarations. Holders should seek their own advice to determine if any of the reporting exemptions is applicable.

## SLOVENIAN TAXATION

*The following is a general description of certain Slovenian tax considerations relating to the Certificates, based on the Issuer's understanding of the current law and its practice in Slovenia. It does not purport to be a complete analysis of all relevant tax considerations. Furthermore, it only relates to the position of investors who are beneficial owners of the Certificates and the interest and may not apply to certain classes of investors. Prospective purchasers of the Certificates should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of the Republic of Slovenia of acquiring, holding and disposing of the Certificates and receiving payments of interest, principal and/or other amounts under the Certificates. This overview is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.*

## 1. Taxation of individuals

### Residents and non-residents

In accordance with Article 6 of the Personal Income Tax Act (*Zakon o dohodnini*; "ZDoh-2"), an individual is deemed to be a resident of Slovenia if his registered permanent address, habitual place or the centre of his personal and economic interests is in Slovenia. In addition, any person who has been present in Slovenia in a tax year for more than 183 days in the aggregate is deemed to be a resident in the tax year. Resident individuals are subject to income tax on their worldwide income. In general, under Article 5 ZDoh-2, all income, profits and gains are taxable, unless specifically exempt by law.

In accordance with the Personal Income Tax Act, non-residents are subject to tax on income derived from a source in Slovenia. Withholding tax is generally levied at a rate of 25%. Source taxation may be obviated or reduced pursuant to the terms of an applicable double taxation treaty, with the holder applying for a refund with the Slovenian tax authorities providing proof of eligibility.

### Taxation of financial derivatives

Under ZDoh-2 capital gains from the sale or other disposition of debt securities and other financial derivatives held as non-business assets are in general exempt from taxation. Capital gains derived from the alienation of financial derivatives (as defined in the Article 7 of the Financial Instruments Market Act (*Zakon o trgu finančnih instrumentov* "ZTFI-1") and debt securities (except for coupon debt securities and discount debt securities) by a resident individual are taxed at the rate of 40% (in the first 12 months of holding) and 27.5% (in the following 4 years of holding) according to the Act on the Taxation of Profits from the Disposal of Derivatives (*Zakon o davku od dobička od odsvojitve izvedenih finančnih instrumentov*, "ZDDOIFI"). The tax rate is further reduced by 7.5 percentage points for the next 5 years of holding, so that the rate of 20% applies after 5th year of holding, and further by 5 percentage points for each following 5 years of holding so that 15% and 10% tax rate applies after the 10th and 15th year of holding, respectively. After the 20th year of holding 0% tax rate applies. Tax return must be filed by Slovenian tax resident (Individual) until 28th February for the previous year. Slovenian tax residents are taxed based on the principle of worldwide income; any income - deriving from Slovenia or abroad - is subject to taxation. If withholding tax paid abroad, the credit may not exceed the lower of the following: a) the tax actually paid on the foreign source income (according to the tax treaty, if applicable); and b) the tax payable on such income in Slovenia which would apply in the absence of the credit relief.

### Taxation of interest

Under the Slovenian tax laws currently in effect, the payment of interest on the debt securities (as defined in the Article 81 of the ZDoh-2 in accordance with their terms and conditions to a resident individual (within the meaning of the relevant provisions of ZDoh-2) will generally be subject to tax at a flat rate of 25%. (levied by way of withholding or by way of assessment), provided that these qualify as non-business assets. Income from a disposal or repurchase by the issuer of discounted debt securities (including non-coupon debt securities) shall also be considered as interest income (in

accordance with Article 88 of ZDoh-2). Tax return must be filed by Slovenian tax resident (Individual) until the 28 February for the previous year.

Pursuant to Article 54 of ZDoh-2 interest on Certificates issued in series held by a resident individual as business assets will generally qualify as non-business income, in which case it would be subject to the flat rate of 25% as described above, instead of the progressive tax rate of up to 50%, which generally applies to business income.

### **Taxation of dividends and capital gains**

Dividends and other profit distributions are taxed by way of a 25% final withholding tax.

In general, individuals are subject to income tax on their capital gains if derived from the disposal of immovable property, shares and other participation rights, investment coupons etc. Taxable capital gains are generally taxed at a 27.5% final tax rate. After five years of holding, capital gains are taxed at a 20% final tax rate, after ten year of holding at a 15% final tax rate. Any gains are exempt after a 15 year-holding. Capital gains derived from the alienation of financial derivatives are not taxed according to this rule but are taxed only as described previously under Taxation of financial derivatives.

### **Inheritance and gift taxation**

Individuals and private law entities (within the meaning of the Article 3 of the Slovenian Inheritance and Gift Tax Act (*Zakon o davku na dediščine in darila*, "ZDDD") are subject to Slovenian inheritance and gift tax in case of a transfer of the Certificates mortis causa or inter vivos. The rate of such tax depends upon the value of the assets transferred and upon the relationship between the deceased/the donor on the one hand and the heir/the recipient on the other hand. An exemption may apply in certain cases, such as to transfers between direct descendants and between spouses, as well as to a transfer of movable property the total value of which does not exceed EUR 5,000.

### **Withholding tax**

Withholding tax must be withheld at source and deducted from payments of interest, dividends, royalties, and other incomes if such taxable income is paid by local taxpayer. In other cases, tax return must be filed by individual upon receipt of such income.

### **EU Financial Transaction Tax**

On the European Union level negotiations are underway in order to implement a harmonized financial transaction tax which might have a negative impact on the receipts deriving from the Certificates.

For further information please refer to the paragraph above, headed EU Financial Transaction Tax.

## **2. Taxation of corporations**

Under the Slovenian tax laws currently in effect, the payment of interest on the Certificates in accordance with their terms and conditions within the meaning of the relevant provisions of the Slovenian Corporate Income Tax Act (*Zakon o davku od dohodkov pravnih oseb*, "ZDDPO-2") received by (i) a legal person resident for tax purposes in the Republic of Slovenia; or by (ii) a permanent establishment (poslovna enota) in the Republic of Slovenia of a legal person not resident for tax purposes in the Republic of Slovenia, is considered as a part of the overall taxable income. The Corporate Income Tax is levied on the net profits, defined according to the profit and loss account, as stipulated by the law and the Accounting Standards. The tax rate is 19%.

## **3. Financial Services Tax**

The subject of taxation according to Financial Services Tax Act (*Zakon o davku na finančne storitve*, "ZDFS") are the following services: a) granting and negotiation of credit or loans in monetary form and the management of credit or loans

## SLOVENIAN TAXATION

in monetary form by the person who is granting the credit or the person who is granting the loan; b) issuing of credit guarantees or any other security for money and management of credit guarantees by the person who is granting the credit; c) transactions, including negotiation, concerning deposit and current or transaction accounts, payments, transfers, debts, cheques and other negotiable instruments; d) transactions, including negotiation, concerning currency, bank notes and coins used as legal tender; e) services provided by insurance brokers and agents.

A taxable person shall be any person who provides the financial services in the territory of the Republic of Slovenia. It shall be deemed that above stated financial services have been provided in the territory of Slovenia if they were provided by a person who has established its business or has a fixed establishment from which such financial service is provided or has its usual or permanent place of residence in the territory of Slovenia. It shall be also deemed that a financial service has been provided in the territory of Slovenia if it is provided by a person who has established his business or has a place of establishment from which the service is provided or has or has his usual or permanent place of residence outside Slovenia, but may, in accordance with the existing legislation, provide the financial services in the territory of Slovenia directly to clients or recipients of services who have established their business or have a place of establishment or their usual or permanent place of residence in the territory of Slovenia.

Applicable tax rate is 8,5% and is chargeable on the commission of a financial service. It shall be deemed that a financial service has been provided when a fee for the commission of the service has been paid. The above stated commission shall exclude interest payable by a customer of services to a taxable person for the provision of the agreed financial service when such interest does not constitute the payment of expenses by a taxable person for the service provided.

UNITED KINGDOM TAXATION

*The following is a summary of the Issuers' understanding of current United Kingdom tax law (as applied in England and Wales) and published HM Revenue and Customs' ("HMRC") practice relating only to the United Kingdom withholding tax treatment of payments in respect of Certificates and to whether the issue, transfer, redemption, exercise or settlement of a Certificate could be subject to United Kingdom stamp duty or stamp duty reserve tax. It does not deal with any other United Kingdom taxation implications of acquiring, holding, exercising, disposing or the settlement or redemption of Certificates. The United Kingdom tax treatment of prospective holders of Certificates depends on their individual circumstances and may be subject to change in the future. Prospective holders of Certificates who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.*

**Withholding taxes**

United Kingdom withholding taxes can apply to a number of different types of payments. Those which could be relevant to securities such as the Certificates include: interest, annual payments and manufactured payments. As a general matter, an Issuer may make payments under the Certificates without any deduction of or withholding on account United Kingdom income tax if the payments do not have a United Kingdom source and they are not made by the Issuer in the course of a trade carried on in the United Kingdom through a branch or agency.

*Payments of interest on the Certificates*

Whether or not payments or any part of any payment on a Certificate will constitute "interest" will depend upon, amongst other things, the terms and conditions of the Certificates and the basis upon which amounts payable on the Certificates are calculated.

Payments of interest on the Certificates that does not have a United Kingdom source may be made without deduction or withholding on account of United Kingdom income tax. If interest paid on the Certificates does have a United Kingdom source, then payments may be made without deduction or withholding on account of United Kingdom income tax in any of the following circumstances.

BNPP will be entitled to make payments of interest on the Certificates without deduction of or withholding on account of United Kingdom income tax provided that:

- (a) it is and continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 ("**ITA 2007**"); and
- (b) the interest on the Certificates is and continues to be paid in the ordinary course of the its business within the meaning of section 878 ITA 2007.

Payments of interest on the redeemable Certificates by either Issuer (if they qualify as a "security" for the purposes of section 987 ITA 2007) may be made without deduction of or withholding on account of United Kingdom income tax provided that the redeemable Certificates carry a right to interest and they are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 ITA 2007. Provided, therefore, that the redeemable Certificates qualify as securities, carry a right to interest and are and remain so listed on a "recognised stock exchange", interest on the redeemable Certificates will be payable without deduction of or withholding on account of United Kingdom tax.

In other cases, an amount must generally be withheld from payments of interest on the Certificates that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20%), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a holder of a Certificate, HMRC can issue a notice to the Issuer that payments

may be made to the holder without deduction of tax (or for payments to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

### *Annual Payments*

If a periodic payment on a Certificate were not "interest", and not repayment of principal, then such payment could constitute an "annual payment". Whether or not any periodic payment were to constitute an "annual payment" for these purposes will depend upon, amongst other things, the terms and conditions of the Certificates and the basis upon which it is calculated. However, if in relation to a Certificate the Issuer is only required to make a single payment to its holders following redemption or exercise, and there are no amounts due by way of interest or other periodic payment on that Certificate, payments should not generally constitute "annual payments".

Payments on a Certificate which constitute "annual payments" that do not have a United Kingdom source may be made without deduction or withholding on account of United Kingdom income tax.

An amount must generally be withheld from "annual payments" on Certificates that have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a holder of a Certificate, HMRC can issue a notice to the Issuer payment may be made to the holder without deduction of tax (or for payments to be made with tax deducted at the rate provided for in the relevant double tax treaty).

### *Manufactured Payments*

Payments on the Certificates should not constitute "manufactured payments" subject to any deduction of or withholding on account of United Kingdom income tax unless:

- (i) the Certificates will or may settle by way of physical delivery;
- (ii) the assets which will or may be delivered are shares issued by a "company UK REIT" or the "principal company" of a "group UK REIT" (all bearing the same meaning as in section 918 of the ITA 2007) or securities (other than shares) issued by the United Kingdom government, a local or other public authority in the United Kingdom or any other United Kingdom resident body; and
- (iii) the payments are representative of dividends on those shares, or interest paid on those securities (as the case may be).

Payments on a Certificate which do constitute "manufactured payments" may in any event be made without deduction of or withholding on account of United Kingdom income tax unless the Issuer makes those payments in the course of a trade carried on in the United Kingdom through a branch or agency.

If such a "manufactured payment" were paid by the Issuer in the course of a trade carried on in the United Kingdom through a branch or agency then the Issuer may (subject to reliefs and exemptions) be required to make a deduction of or withholding on account of United Kingdom income tax from such payment on account of United Kingdom income tax at the basic rate. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a holder of a Certificate, HMRC may be able to issue a notice to the Issuer that payments may be made to the holder without deduction of tax (or for payments to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

### *Stamp duty and stamp duty reserve tax*

As a general matter a charge to stamp duty or stamp duty reserve tax may, in certain circumstances, arise on the issue, transfer, exercise, settlement and/or redemption of Certificates and stamp duty reserve tax may also be payable in relation

## UNITED KINGDOM TAXATION

to any agreement to transfer Certificates. This will depend upon the terms and conditions of the relevant Certificates. Holders of Certificates should take their own advice from an appropriately qualified professional advisor in this regard.

Furthermore, transfers of CDIs over Certificates may be subject to stamp duty and/or stamp duty reserve tax even if the transfer of the underlying Certificates themselves would not be. However, the transfer of a CDI which is registered in the United Kingdom should not be subject to stamp duty reserve tax if:

- (a) the Certificates in which the CDI represents an interest are of the same class as securities which are listed on a recognised stock exchange within the meaning of section 1005 ITA 2007;
- (b) those Certificates are not registered in a register kept in the United Kingdom; and
- (c) the relevant Issuer of those Certificates is neither incorporated nor centrally managed and controlled in the United Kingdom.

## U.S. FEDERAL INCOME TAXATION

### U.S. FEDERAL INCOME TAXATION

The following summary describes certain U.S. federal income tax considerations that may be relevant to a U.S. holder (as defined below) who purchases a Security. Accordingly, this summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular investor in a Security. In particular, this summary deals only with holders of a Security who purchase in the initial offering at the applicable issue price and in whose hands the Security, or the stock, debt or other property underlying the Security would be a capital asset for U.S. federal income tax purposes. In addition, this discussion assumes that the Securities that are treated as options for U.S. federal income tax purposes, when issued, are not significantly "in-the-money".

This summary also does not discuss the U.S. federal income tax treatment of a U.S. holder who is a member of a class of holders subject to special rules, such as:

- a dealer in securities or derivative financial instruments;
- a trader in securities or derivative financial instruments that elects to use a mark-to-market method of accounting for securities holdings;
- a bank;
- a life insurance company;
- a tax-exempt organisation;
- an entity that is treated for U.S. federal income tax purposes as a partnership or other pass through entity;
- an investor who purchases a Security with respect to stock in a company that is treated as a passive foreign investment company ("**PFIC**") or a "United States real property holding corporation" for U.S. federal income tax purposes;
- an investor that owns or is treated as owning 10% or more of the stock of the Issuer by vote or value;
- an investor who purchases a Security and holds any other position (whether long or short, direct or indirect) in any asset underlying such Security;
- an investor who purchases a Security that is part of a hedging transaction or that has been hedged against currency risk;
- an investor who purchases a Security that is part of a straddle or conversion transaction for U.S. federal income tax purposes; and
- an investor who is a United States person and whose functional currency for U.S. federal income tax purposes is not the U.S. dollar.

As a consequence of the foregoing, it should be particularly noted that this summary does not address the special tax considerations that apply to an investment in a combination of Securities with respect to the same underlying assets. Further, this summary does not address alternative minimum tax considerations, net investment income tax considerations, special tax accounting rules applicable to certain accrual method taxpayers under Section 451(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or the consequences to holders of equity interests in a holder of Securities.

Any of the foregoing circumstances might substantially alter the tax consequences described below, and, in some instances, may require specific identification of positions in the relevant Securities before the close of the day on which

## U.S. FEDERAL INCOME TAXATION

they are acquired. For example, if the straddle rules were to apply, a U.S. holder of a Security might be required to (i) recognise all or a portion of any gain on such Security that would otherwise be long-term or short-term capital gain, as ordinary income or, if applicable, short-term capital gain, (ii) defer all, or a portion, of any loss realised upon the sale, exchange, exercise, cancellation or lapse of such Security and (iii) capitalise any interest or carrying charges incurred by such U.S. holder with respect to such Security.

This summary is based on the Code, existing and proposed Treasury regulations promulgated thereunder, published rulings and court decisions, all as in effect on the date hereof, and all of which are subject to change, possibly on a retroactive basis.

This summary does not address the material U.S. federal income tax consequences of every type of Security which may be issued under the Programme. Additional U.S. federal income tax consequences, if any, applicable to a particular Security may be set forth in the applicable Final Terms.

The rules governing the taxation of option transactions and derivative financial instruments are complex and depend on a taxpayer's particular circumstances. U.S. holders are strongly urged to consult their own tax advisors concerning the U.S. federal, state, local, non-U.S. and other national tax consequences of the ownership and disposition of Securities in their particular circumstances. U.S. holders should also consult their tax advisors as to the possibility of changes of law affecting taxation of derivative financial instruments with contingent payments, including prepaid forward contracts.

For purposes of this discussion, a "**U.S. holder**" is a beneficial owner of a Security that is (i) an individual who is a citizen or resident of the United States, (ii) a domestic corporation or (iii) otherwise subject to U.S. federal income taxation on a net income basis in respect of the Security.

If a partnership holds the Securities, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Securities should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the Securities.

Special tax rules apply to a U.S. person that invests in a debt instrument that is not in "registered form" (as specially defined for applicable U.S. federal income tax purposes). Accordingly, this summary does not address the U.S. federal income tax consequences of an investment by a U.S. holder in a Security that is (or a component of which is), for U.S. federal income tax purposes, a debt instrument that is not in registered form. U.S. holders should consult their tax advisors with regard to debt instruments that are not in registered form.

### **U.S. Federal Tax Characterisation of Securities**

The determination of whether an obligation represents debt, equity, or some other instrument or interest for U.S. federal tax purposes is based on all the relevant facts and circumstances. There may not be statutory, judicial or administrative authority directly addressing the characterisation of some of the types of Securities that are anticipated to be issued under the Programme or of instruments similar to such Securities.

Depending on its terms, a Security could be treated as one or more of the following: (i) a prepaid forward contract (which may be subject to embedded options), (ii) a combination of a loan and a prepaid forward contract, (iii) an outright or constructive ownership interest in the property underlying such Security, or (iv) a debt instrument with or without contingent payments. Additional U.S. federal income tax consequences applicable to a particular issuance of Securities may be set forth in a supplement to this Base Prospectus, or any other relevant offering document.

No ruling is being requested from the U.S. Internal Revenue Service ("**IRS**") with respect to the Securities, and the treatment of the Securities described below is not binding on the IRS or the courts. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the Securities are uncertain.

**U.S. Federal Income Tax Treatment of Certain Securities Treated as Debt**

The following summary applies to certain Securities that are properly treated as debt for U.S. federal income tax purposes.

*Payments of Interest*

Interest on a Security, other than interest on a "Discount Security" that is not "qualified stated interest" (each as defined below under "*Original Issue Discount*"), will be taxable to a U.S. holder as ordinary income at the time it is received or accrued, depending on the holder's method of accounting for tax purposes and generally will constitute income from sources outside the United States. Prospective purchasers should consult their tax advisers concerning the applicability of the foreign tax credit and source of income rules to income attributable to the Securities.

*Original Issue Discount*

A Security, other than a Security with a term of one year or less (a "**Short-Term Security**"), will be treated as issued with original issue discount ("**OID**") (such Security a "**Discount Security**") if the excess of the Security's "stated redemption price at maturity" over its issue price is equal to or more than a de minimis amount (0.25 per cent. of the Security's stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an "instalment obligation") will be treated as a Discount Security if the excess of the Security's stated redemption price at maturity over its issue price is equal to or greater than 0.25 per cent. of the Security's stated redemption price at maturity multiplied by the weighted average maturity of the Security. A Security's weighted average maturity is the sum of the following amounts determined for each payment on a Security (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Security's stated redemption price at maturity. Generally, the issue price of a Security will be the first price at which a substantial amount of Securities included in the Series of which the Security is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Security is the total of all payments provided by the Security that are not payments of "qualified stated interest". A "**qualified stated interest payment**" is generally any one of a series of stated interest payments on a Security that are unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during some periods), or at certain variable rates, applied to the outstanding principal amount of the Security. Solely for the purposes of determining whether a Security has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Security and the U.S. holder will be deemed to exercise any put option that has the effect of increasing the yield on the Security.

U.S. holders of Discount Securities must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Securities. The amount of OID includible in income by a U.S. holder of a Discount Security is the sum of the daily portions of OID with respect to the Discount Security for each day during the taxable year or portion of the taxable year on which the U.S. holder holds the Discount Security ("**accrued OID**"). The daily portion is determined by allocating to each day in any "accrual period" a pro rata portion of the OID allocable to that accrual period. Accrual periods with respect to a Security may be of any length selected by the U.S. holder and may vary in length over the term of the Security as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Security occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Security's adjusted issue price at the beginning of the accrual period and the Discount Security's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Security allocable to the accrual period. The "adjusted issue price" of a Discount Security at the beginning of any accrual period is the issue price of the Security increased by (x) the amount of accrued OID for each

## U.S. FEDERAL INCOME TAXATION

prior accrual period and decreased by (y) the amount of any payments previously made on the Security that were not qualified stated interest payments.

### *Short-Term Securities*

In general, an individual or other cash basis U.S. holder of a Short-Term Security is not required to accrue OID (as specially defined below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S. holders and certain other U.S. holders are required to accrue OID on Short-Term Securities on a straight-line basis or, if the U.S. holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Short-Term Security will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. holders who are not required and do not elect to accrue OID on Short-Term Securities will be required to defer deductions for interest on borrowings allocable to Short-Term Securities in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Short-Term Security are included in the Short-Term Security's stated redemption price at maturity. A U.S. holder may elect to determine OID on a Short-Term Security as if the Short-Term Security had been originally issued to the U.S. holder at the U.S. holder's purchase price for the Short-Term Security. This election will apply to all obligations with a maturity of one year or less acquired by the U.S. holder on or after the first day of the first taxable year to which the election applies and may not be revoked without the consent of the IRS.

### *Variable Rate Debt Instruments*

Securities that provide for interest at variable rates ("**variable interest rate securities**") may be treated as "variable rate debt instruments" under Treasury regulations governing accrual of OID. A variable interest rate security will generally qualify as a variable rate debt instrument if (a) its issue price does not exceed the total noncontingent principal payments due under the Security by more than a specified *de minimis* amount, (b) it provides for stated interest, paid or compounded at least annually at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate and (c) it does not provide for any principal payments that are contingent (other than as described in (a) above).

### *Securities Purchased at a Premium*

A U.S. holder that purchases a Security for an amount in excess of its principal amount, or for a Discount Security, its stated redemption price at maturity, may elect to treat the excess as "amortisable bond premium", in which case the amount required to be included in the U.S. holder's income each year with respect to interest on the Security will be reduced by the amount of amortisable bond premium allocable (based on the Security's yield to maturity) to that year. Any election to amortise bond premium will apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. holder, and is irrevocable without the consent of the IRS. See also "*Election to Treat All Interest as Original Issue Discount*".

### *Election to Treat All Interest as Original Issue Discount*

A U.S. holder may elect to include in gross income all interest that accrues on a Security using the constant-yield method described above under "*Original Issue Discount*" with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, and unstated interest, as adjusted by any amortisable bond premium (described above under "*Securities Purchased at a Premium*") or acquisition premium. This election will generally

## U.S. FEDERAL INCOME TAXATION

apply only to the Security with respect to which it is made and may not be revoked without the consent of the IRS. U.S. holders should consult their tax advisers concerning the propriety and consequences of this election.

### *Contingent Payment Debt Instruments*

If any Securities are treated as contingent payment debt instruments, the tax consequences to a U.S. holder would be determined under U.S. Treasury regulations governing contingent payment debt instruments (the "**Contingent Payment Regulations**"). The Contingent Payment Regulations are complex, but very generally apply OID rules to a contingent payment debt instrument by requiring that OID be accrued by the U.S. holder every year at a "comparable yield" for the instrument, or the yield at which the Issuer could issue a fixed rate debt instrument with terms similar to those of the contingent payment debt instrument, determined at the time of issuance of the obligation. In addition, the Contingent Payment Regulations require that a projected payment schedule, which results in such a "comparable yield", be determined by the Issuer. Further, a U.S. holder will be required to make adjustments to income accruals to account for differences between actual payments received by the U.S. holder and projected amounts of such payments. To the extent that the actual payments received by a U.S. holder exceed the projected payments on a contingent debt instrument in any taxable year, the U.S. holder will recognise ordinary interest income for that taxable year in excess of the cash the U.S. holder receives and such excess would increase the U.S. holder's tax basis in the debt instrument. In addition, any gain realised on the sale, exchange or redemption of a contingent payment debt instrument will be treated as ordinary income. Any loss realised on such sale, exchange or redemption will be treated as an ordinary loss to the extent that the U.S. holder's OID inclusions with respect to the obligation exceed prior reversals of such inclusions required by the adjustment mechanism described above. Any loss realised in excess of such amount generally will be treated as a capital loss.

### *Purchase, Sale and Retirement of Securities*

A U.S. holder's tax basis in a Security will generally be its cost, increased by the amount of any OID included in the U.S. holder's income with respect to the Security and the amount, if any, of income attributable to de minimis OID included in the U.S. holder's income with respect to the Security, and reduced by (i) the amount of any payments that are not qualified stated interest payments and (ii) the amount of any amortisable bond premium applied to reduce interest on the Security.

A U.S. holder will generally recognise capital gain or loss on the sale or retirement of a Security equal to the difference between the amount realised on the sale or retirement and the tax basis of the Security. Any such gain or loss generally will be long term capital gain or loss if the Security was held for more than one year at the time of settlement or at the time of sale or other disposition. The amount realised does not include the amount attributable to accrued but unpaid interest, which will be taxable as interest income to the extent not previously included in income.

Gain or loss realised by a U.S. holder on the sale or retirement of a Security generally will be U.S. source.

### **U.S. Federal Income Tax Treatment of Certain Securities Not Treated as Debt**

The following summary may apply to certain Securities that are not treated as debt for U.S. federal income tax purposes. This summary does not discuss all types of Securities that may not be treated as debt for U.S. federal income tax purposes. The U.S. federal income tax consequences of owning Securities that are not treated as debt for U.S. federal income tax purposes (and are not described herein in a separate section) will be discussed, as appropriate, in a supplement to this Base Prospectus, or any other relevant offering document.

### **Treatment of Securities as Options**

A Security that provides for a payment at redemption, including at maturity, that is based on the value of one or more commodities, currencies, equity securities, funds, indices, determining factor or other basis of reference (a "**Reference**

## U.S. FEDERAL INCOME TAXATION

**Item**") and also provides for a current coupon may be treated as an "**Option Security**" for U.S. federal income tax purposes.

The treatment of Option Securities for U.S. federal income tax purposes is highly uncertain. It would be reasonable to treat the purchase of an Option Security as a grant by the U.S. holder to the Issuer of an option contract (the "**Put Option**"), pursuant to which, for U.S. tax purposes, the U.S. holder may be treated as purchasing from the Issuer the Reference Item (or an amount equal to the value of the Reference Item), and under which (a) at the time of issuance, the U.S. holder deposits irrevocably with the Issuer a fixed amount of cash to assure the fulfilment of the holder's purchase obligation (the "**Deposit**"), (b) until maturity the Issuer will be obligated to pay interest to the U.S. holder, as compensation for the use of the cash Deposit during the term of the Option Security, (c) the Issuer will be obligated to pay an option premium to the holder in consideration for granting the option (the "**Put Premium**"), which premium will be payable as part of the coupon payments, (d) if pursuant to the terms the holder is obligated to purchase the Reference Item, then the Deposit will be applied in full satisfaction of such purchase obligation, and the Issuer will deliver to the holder the Reference Item that the holder is entitled to receive at that time (or, a cash amount equal to the value of the Reference Item), and (e) if the holder is not obligated to purchase the Reference Item, the Issuer will return the cash Deposit to the U.S. holder at maturity. The discussion below assumes that an Option Security is so treated, except as explicitly provided otherwise.

Amounts paid to the Issuer in respect of the original issue of the Option Securities will be treated as allocable in their entirety to the amount of the cash Deposit attributable to such Securities. A portion of the coupon on the Securities will be characterised as interest payable on such Deposit and a portion of the coupon will be characterised as Put Premium, each as described below. There is no assurance that the IRS will agree with this treatment and alternative treatments of the Option Securities could result in less favourable U.S. federal income tax consequences to a U.S. holder, including a requirement to accrue income with respect to the Put Option on a current basis.

### *Payments of Interest*

Interest payments on the Deposit will generally be taxable to a U.S. holder as ordinary income at the time it is received or accrued, depending on the holder's method of accounting for U.S. tax purposes and generally will constitute income from sources outside the United States. If the Option Securities are issued at a discount or have a term of one year or less, U.S. holders will be subject to the rules discussed above under "*U.S. Federal Income Tax Treatment of Certain Securities Treated as Debt*" with respect to interest or OID payable on the Deposit.

### *Payments of Put Premium*

Payments of the Put Premium will not be included in the income of a U.S. holder until sale, redemption or other taxable disposition or retirement for cash. If the Option Security is settled by delivery of the Reference Item, the payments of Put Premium will instead be incorporated into the U.S. holder's basis in such Reference Item. Upon the disposition of Option Securities or at maturity the Put Premium payment will be treated in the manner described below.

### *Retirement of an Option Security*

If the Put Option is deemed not to have been exercised at maturity, the cash payment of the full principal amount of the Option Security at maturity would likely be treated as (i) payment in full of the principal amount of the Deposit (which would likely not result in the recognition of gain or loss to an initial purchaser) and (ii) the lapse of the Put Option, which would likely result in a U.S. holder's recognition of short-term capital gain in an amount equal to the Put Premium paid.

If the Put Option is deemed to be exercised at maturity and is cash-settled, the payment at maturity would likely be treated as (i) payment in full of the principal amount of the Deposit (resulting in neither gain nor loss for an initial purchaser) and (ii) the exercise by the relevant Issuer of the Put Option. The exercise of the Put Option would result in short-term capital gain or loss to the U.S. holder in an amount equal to the difference between (i) the sum of the cash received at maturity (other than amounts attributable to accrued but unpaid interest) and all previous payments of Put Premium and

## U.S. FEDERAL INCOME TAXATION

(ii) the holder's adjusted basis in the Deposit, as determined under "*U.S. Federal Income Tax Treatment of Certain Securities Treated as Debt – Purchase, Sale and Retirement of Securities*".

Delivery at maturity of a Reference Item would likely be treated, for U.S. tax purposes, as (i) payment in full of the Deposit (resulting in neither gain nor loss for an initial purchaser) and (ii) the exercise by the Issuer of the Put Option and the U.S. holder's purchase of the Reference Item for an amount equal to the principal amount of the Option Security. The U.S. holder will have a tax basis in the Reference Item equal to the principal amount of the Option Securities less an amount equal to the aggregate amount of the Put Premium payments and less the portion of the tax basis of the Option Securities allocable to any fractional Reference Item, as described in the next sentence. A U.S. holder will recognise gain or loss (which will be treated as short-term capital gain or loss) with respect to cash received in lieu of fractional Reference Items, in an amount equal to the difference between the cash received and the portion of the basis of the Option Securities allocable to fractional Reference Items (based on the relative value of the fractional Reference Item and full Reference Item delivered to the U.S. holder). A U.S. holder's holding period in the Reference Item received will not include the U.S. holder's holding period in the Option Securities.

### *Sale, Redemption or Other Taxable Disposition of an Option Security Prior to Maturity*

Upon the sale, redemption or other taxable disposition of an Option Security, a U.S. holder should allocate the amount received between the Deposit and the Put Option on the basis of their respective values on the date of disposition. The U.S. holder should generally recognise gain or loss with respect to the Deposit in an amount equal to the difference between the amount of the sales proceeds allocable to the Deposit and the U.S. holder's adjusted tax basis in the Deposit (which will generally equal the issue price of the Option Security for an initial purchaser (as may be adjusted for any accrued OID on the Deposit)). Except to the extent attributable to accrued but unpaid interest, which will be taxed as such, this gain or loss will be long-term capital gain or loss if the U.S. holder has held the Option Securities for more than one year. If the Put Option has a positive value on the date of a sale of the Option Security, the U.S. holder should recognise short-term capital gain equal to the portion of the sale proceeds allocable to the Put Option plus any previously received Put Premium. If the Put Option has a negative value on the date of sale, the U.S. holder should be treated as having paid the buyer an amount equal to the negative value in order to assume the U.S. holder's rights and obligations under the Put Option. In such a case, the U.S. holder should recognise short-term capital gain or loss in an amount equal to the difference between the total Put Premium previously received and the amount of the payment deemed made by the U.S. holder with respect to the assumption of the Put Option.

### *Possible Alternative Characterisations*

No assurance can be given that the IRS will accept, or that a court will uphold, the characterisation and tax treatment described above. It is possible, for example, that the IRS could maintain that amounts treated as Put Premium (i) should be includible in the U.S. holder's income as interest in the manner described above regarding the payment of interest, or (ii) should be included in a U.S. holder's income even in a case where the Option Security is retired for a Reference Item. Such treatment might arise, for example, if the IRS were successfully to maintain that amounts treated as Put Premium (i) should be characterised for federal income tax purposes as interest, or (ii) should be treated as a return on the U.S. holder's investment in the Option Securities that constitutes income. Alternatively, the IRS could maintain that the Option Securities should be treated as contingent payment debt obligations, in which case the discussion above under "*U.S. Federal Income Tax Treatment of Certain Securities Treated as Debt – Contingent Payment Debt Instruments*" would apply.

## **U.S. Federal Income Tax Treatment of Certain Securities Treated as (Prepaid) Forward Contracts**

A Security that provides for a payment in redemption, including at maturity, that is based on the value of one or more Reference Items and does not provide for a current coupon may be treated as (prepaid) forward contracts for U.S. federal income tax purposes. A U.S. holder should not be required to recognise income or loss upon the acquisition of, or to accrue income over the life of, a Security that is treated as a prepaid forward contract for U.S. federal income tax purposes.

## U.S. FEDERAL INCOME TAXATION

*Physical Settlement.* If the Securities are treated as (prepaid) forward contracts, a U.S. holder who receives underlying stock or debt pursuant to the settlement of a Security that the U.S. holder has purchased will generally not recognise gain or loss on such settlement. The U.S. holder will generally be treated as acquiring the property underlying the Security, as of the date of settlement, in exchange for the amount that it paid to acquire the Security.

*Cash Settlement, Sale, or Other Disposition of the Securities.* If the Securities are treated as (prepaid) forward contracts, upon the receipt of cash upon settlement of a Security or upon the sale or other disposition of such Security, a U.S. holder generally will recognise taxable gain or loss, equal to the difference between the amount realised (generally, the amount of cash received) and such U.S. holder's tax basis in the Security. In general, a holder's tax basis in a Security will equal the amount that such holder paid to acquire the Security. Subject to the discussion below under "Constructive Ownership", any such gain or loss generally will be long-term capital gain or loss if the Security was held for more than one year at the time of settlement or at the time of sale or other disposition.

*Constructive Ownership.* Some or all of the net long-term capital gain arising from certain "constructive ownership" transactions may be characterised as ordinary income, in which case an interest charge would be imposed on the deemed underpayment of tax on any such ordinary income treated as deferred under these rules. These rules have no immediate application to forward contracts in respect of most property underlying the Securities, but may be applicable to the extent that the underlying property directly or indirectly includes shares of issuers treated as "pass-thru" entities. For this purpose "pass-thru entities" include regulated investment companies, real estate investment trusts, S corporations, partnership, trusts, common trust funds, PFICs and real estate mortgage investment conduits. These rules grant discretionary authority to the U.S. Treasury Department (the "**Treasury**") to expand the scope of "constructive ownership" transactions to include forward contracts in respect of the stock of all corporations, in addition to forward contracts in respect of any debt instrument. The rules separately also direct the Treasury to promulgate regulations excluding a forward contract that does not convey "substantially all" of the economic return on any underlying asset from the scope of "constructive ownership" transactions. It is not possible to predict whether such regulations will be promulgated by the Treasury, or the form or effective date that any regulations that may be promulgated might take. Prospective investors should consult their own tax advisors about the application of these rules.

### *Interest in the Underlying Property*

Depending on the terms of particular Securities, a U.S. holder could be treated as owning the property underlying those Securities for U.S. federal income tax purposes. In that event, for example, in the case of Index Securities, the U.S. holder would be required to recognise appropriate amounts of capital gain on the disposition of any shares included in the underlying Index each time that the Index is rebalanced. In such a case, such U.S. holder also would be subject to tax on dividends on shares included in the Index in an amount equal to the gross dividends paid by companies whose shares are included in the Index. In addition, any current expenses (including any withholding taxes) in respect of shares included in the Index would be treated as if made directly by the U.S. holder, and the deductibility of such expenses (or creditability of such withholding taxes) could be subject to certain limitations.

### *Loan and One or More Options*

If any Securities are treated as a combination of a loan (or deposit) and one or more options, in general, payments of interest (if any) will be taxable to a U.S. holder as ordinary interest income as described above under "*U.S. Federal Income Tax Treatment of Certain Securities Treated as Debt*", while payments in respect of the options would be taxable in a manner similar to the taxation of corresponding payments under Securities treated as options, as described above under "*U.S. Federal Income Tax Treatment of Certain Securities as Options*."

*Possible Alternative Tax Treatment*

If a Security is treated as a unit consisting of a loan and a forward contract (or a loan and one or more options), a U.S. holder could be required to accrue a significant amount of OID on a current basis during the period in which it holds the Security.

It is also possible that future regulations or other IRS guidance would require a U.S. holder to accrue income on the Securities on a current basis. The IRS and the Treasury have issued proposed regulations that require the current accrual of income with respect to contingent non-periodic payments made under certain notional principal contracts. The preamble to the regulations states that the "wait and see" method of tax accounting does not properly reflect the economic accrual of income on such contracts, and requires a current accrual of income with respect to some contracts already in existence at the time the proposed regulations were released. While the proposed regulations do not apply to prepaid forward contracts, the preamble to the proposed regulations expresses the view that similar timing issues exist in the case of prepaid forward contracts. If the IRS published future guidance requiring current accrual of income with respect to contingent payments on prepaid forward contracts, it is possible that a U.S. holder could be required to accrue income over the term of the Securities.

*Notice 2008-2*

The IRS and the Treasury have issued a notice requesting public comments on a comprehensive set of tax policy issues raised by prepaid forward contracts, including several different approaches under which U.S. holders of prepaid forwards could be required to recognize ordinary income on a current basis, or could be treated as owning directly the assets subject to the prepaid forward. Although it is currently uncertain what future guidance will result from the notice, the notice leaves open the possibility that such guidance could have retroactive application. In addition, prospective investors are encouraged to consult their own tax advisors about the potential impact of several proposed legislative changes in the taxation of derivatives contracts, and the likelihood that any of the foregoing may take effect.

*Foreign Currency Rules*

Payments of premium, exercise price, sale proceeds, and cash settlement amounts in respect of Securities that are denominated in a currency other than the U.S. dollar will be subject to special U.S. tax rules regarding foreign currency transactions. U.S. holders should consult their own tax advisors concerning the application of these rules in their particular circumstances.

**Information Reporting and Backup Withholding**

The relevant agent may be required to file information returns with the IRS with respect to payments made to certain U.S. holders of Securities. In addition, certain U.S. holders may be subject to backup withholding tax in respect of such payments if they do not provide their taxpayer identification numbers to the paying agent or otherwise comply with the applicable backup withholding requirements. U.S. holders should consult their tax advisers regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom and the procedure for obtaining the exemption, if available. Backup withholding is not an additional tax. Any amounts withheld from a payment to a holder under the backup withholding rules will be allowed as a credit against the U.S. holder's U.S. federal income tax liability and may entitle the holder to a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for refund with the IRS and furnishing all required information.

Certain U.S. holders that own "specified foreign financial assets" that meet certain U.S. dollar value thresholds will generally be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" include any financial accounts maintained by foreign financial institutions, as well as any of the following, but only if they are not held in accounts maintained by certain financial institutions: (i) stock or securities

## **U.S. FEDERAL INCOME TAXATION**

issued by non–United States persons, (ii) financial instruments and contracts held for investment that have non–United States issuers or counterparties, and (iii) interests in foreign entities. The Securities may be subject to these rules. U.S. holders are urged to consult their tax advisors regarding the application of these reporting requirements to their ownership of the Securities.

## U.S. DIVIDEND EQUIVALENT WITHHOLDING

### U.S. DIVIDEND EQUIVALENT WITHHOLDING

Section 871(m) of the Code treats a "dividend equivalent" payment as a dividend from sources within the United States that is generally subject to a 30 per cent. U.S. withholding tax, which may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "**dividend equivalent**" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) or (ii). U.S. Treasury regulations issued under Section 871(m) and applicable guidance (the "**Section 871(m) Regulations**") require withholding on certain non-U.S. holders of the Securities with respect to amounts treated as dividend equivalent payments. Under the Section 871(m) Regulations, only a Security that has an expected economic return sufficiently similar to that of the underlying U.S. security, based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Security a "**Specified Security**"). Certain exceptions to this withholding requirement apply, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on, or upon the date of maturity, lapse or other disposition of, the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for cash payments explicitly linked to dividends. The Issuer intends to withhold the full 30 per cent. tax on any payment on the Securities in respect of any dividend equivalent arising with respect to such Securities regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a non-U.S. holder is eligible for a reduced tax rate under an applicable tax treaty with the United States). The Issuer is unable to apply any such exemption from, or reduction in, such withholding because many central securities depositories do not provide identifying information regarding the beneficial owners of any Specified Security and the Issuer does not expect that the relevant clearing system(s) clearing such Specified Securities will provide such information. If the beneficial owner of a payment is entitled to a reduced rate of withholding under a tax treaty, this may result in over-withholding and the beneficial owner may not be able to obtain a refund. Furthermore, the Issuer will not be able to assist in any refund claims. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Holders entitled to a reduced rate of withholding should consult their tax advisors regarding an investment in any Specified Securities.

Pursuant to IRS guidance, a Security issued prior to 1 January 2027 that does not have a "delta" of one with respect to underlying securities that could pay U.S.-source dividends for U.S. federal income tax purposes generally will not be considered a Specified Security subject to the 871(m) Regulations. If the terms of a Security are subject to a "significant modification" (as defined for U.S. tax purposes), the Security generally would be treated as retired and reissued on the date of such modification for purposes of determining, based on economic conditions in effect at that time, whether such Security is a Specified Security. Similarly, if additional Securities of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Securities out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Securities are Specified Securities as the date of such subsequent sale or issuance. Consequently, a previously out of scope Security, might be treated as a Specified Security following such modification or further issuance.

The applicable Final Terms will indicate whether the Issuer has determined that Securities are Specified Securities and will specify contact details for obtaining additional information regarding the application of Section 871(m) to such Securities. The applicable Final Terms will also indicate if payments on a series of Specified Securities are calculated by reference to "Net Dividends" (i.e., the dividends paid by an issuer of a security net of 30 per cent. U.S. federal withholding

## **U.S. DIVIDEND EQUIVALENT WITHHOLDING**

tax) or "Net Total Returns" (i.e., the net total return of the U.S. source dividend paying components, as calculated by the relevant Index Sponsor, of an index that reinvests U.S. source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. U.S. withholding tax on such U.S. source dividends). If Securities are Specified Securities, a non-U.S. holder of such Securities should expect to be subject to withholding in respect of any dividend-paying U.S. securities underlying those Securities. The Issuer's determination is binding on non-U.S. holders of the Securities, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Securities linked to U.S. securities and their application to a specific issue of Securities may be uncertain. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

## FOREIGN ACCOUNT TAX COMPLIANCE ACT

### FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the Code, commonly known as FATCA, withholding may be required on, among other things, (i) certain payments made by foreign financial institutions ("**foreign passthru payments**"), and (ii) dividend equivalent payments in respect of a Specified Security (as described above in "*Taxation — U.S. Dividend Equivalent Withholding*"), in each case, to persons that fail to meet certain certification, reporting, or related requirements. The Issuers are foreign financial institutions for these purposes. A number of jurisdictions (including France and the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Securities, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, are uncertain and may be subject to change. If withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments, such withholding would not apply prior to the date that is two years after the date on which regulations defining foreign passthru payments are published in the U.S. Federal Register and Securities characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or before the relevant grandfathering date would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of an Issuer). The grandfathering date for (A) Securities that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term "foreign passthru payment" are filed with the Federal Register, and (B) Securities that give rise to a dividend equivalent pursuant to Section 871(m) of the Code and the U.S. Treasury regulations promulgated thereunder, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalent payments. If additional Securities (as described under "*Terms and Conditions of the Securities—Further Issues*") that are not distinguishable from such previously issued grandfathered Securities are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Securities, including the Securities offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Securities. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Securities, no person will be required to pay additional amounts as a result of the withholding.

**OTHER TAXATION**

The payment of the Cash Settlement Amount on the Securities, if any, will be made subject to withholding taxes and other taxes which the law may impose on holders of the Securities.

Individuals and legal entities should consult their usual tax advisors with respect to the tax treatment which applies to them.

In addition, holders of the Securities should comply with the tax laws applicable in the jurisdiction in which they are resident, subject to the application of any applicable tax treaty in force between France or, as the case may be, the Netherlands, and such jurisdiction.

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Security.

TRANSACTIONS INVOLVING SECURITIES MAY HAVE TAX CONSEQUENCES FOR POTENTIAL PURCHASERS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE POTENTIAL PURCHASER AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING SECURITIES SHOULD CONSULT THEIR OWN TAX ADVISERS.

Transactions involving Securities may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and may relate to transfer and registration taxes.

Security Condition 11 (Expenses and Taxation) should be considered carefully by all potential purchasers of any Securities.

All prospective holders should seek independent advice as to their tax positions.

## CERTAIN CONSIDERATIONS FOR ERISA AND OTHER EMPLOYEE BENEFIT PLANS

### CERTAIN CONSIDERATIONS FOR ERISA AND OTHER EMPLOYEE BENEFIT PLANS

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes certain restrictions on employee benefit plans that are subject to the fiduciary responsibility provisions of Title I of ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of any such plans (collectively, "**ERISA Plans**") and on persons who are fiduciaries with respect to these ERISA Plans. In accordance with ERISA's general fiduciary requirements, a fiduciary with respect to an ERISA Plan who is considering the purchase of U.S. Securities on behalf of the ERISA Plan should determine whether the purchase is permitted under the governing ERISA Plan documents and is prudent and appropriate for the ERISA Plan in view of its overall investment policy and the composition and diversification of its portfolio. Section 406 of ERISA and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to Title I of ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts ("**IRAs**") or Keogh plans (together with any entities whose underlying assets include the assets of any such plans or accounts and with ERISA Plans, "**Plans**")) and persons who have certain specified relationships to the Plan ("parties in interest" within the meaning of ERISA or "disqualified persons" within the meaning of Section 4975 of the Code). A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and/or the Code. A fiduciary of a Plan (including the owner of an IRA) that engages in a prohibited transaction may also be subject to penalties and liabilities under ERISA and the Code.

BNPP, directly or through its Affiliates, may be considered a "party in interest" or a "disqualified person" with respect to many Plans. The purchase of U.S. Securities by a Plan with respect to which BNPP is a party in interest or a disqualified person may constitute or result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire such U.S. Securities and the circumstances under which such decision is made. Included among these exemptions are Prohibited Transaction Class Exemption ("**PTCE**") 84-14 (an exemption for certain transactions determined by an independent qualified professional asset manager), PTCE 91-38 (an exemption for certain transactions involving bank collective investment funds), PTCE 90-1 (an exemption for certain transactions involving insurance company pooled separate accounts) and PTCE 95-60 (an exemption for certain transactions involving insurance company general accounts), PTCE 96-23 (an exemption for certain transactions determined by an in-house asset manager). In addition, the exemption under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code may be available, provided (i) none of BNPP or the U.S. Dealers or affiliates or employees thereof is a Plan fiduciary that has or exercises any discretionary authority or control with respect to the Plan's assets used to purchase the U.S. Securities or renders investment advice with respect to those assets and (ii) the Plan is paying no more than adequate consideration for the U.S. Securities. There can be no assurance that any of these exemptions or any other exemption will be available with respect to any particular transaction involving the U.S. Securities. Any Plan fiduciary (including the owner of an IRA) considering the purchase of U.S. Securities should consider carefully the possibility of prohibited transactions and the availability of exemptions.

Governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA), while not subject to the fiduciary responsibility provisions of Title I of ERISA or the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code, may nevertheless be subject to non-U.S. or U.S. local, state or other federal laws or regulations that are substantially similar to the provisions of Section 406 of ERISA and/or Section 4975 of the Code ("**Similar Law**"). Fiduciaries of any such plans should consult with their counsel before purchasing any U.S. Securities to determine the need for, if necessary, and the availability of, any exemptive relief under any Similar Law. **ANY PENSION OR OTHER EMPLOYEE BENEFIT PLAN, INCLUDING ANY SUCH GOVERNMENTAL, CHURCH OR NON-U.S. PLAN AND ANY INDIVIDUAL RETIREMENT ACCOUNT, PROPOSING TO ACQUIRE ANY U.S. SECURITIES SHOULD CONSULT WITH ITS COUNSEL BEFORE PURCHASING ANY U.S. SECURITIES.**

## CERTAIN CONSIDERATIONS FOR ERISA AND OTHER EMPLOYEE BENEFIT PLANS

Accordingly, by its purchase of any U.S. Security (or any interests therein), the purchaser or transferee thereof (and the person, if any, directing the acquisition of the U.S. Securities (or any interests therein) by the purchaser or transferee) will be deemed to represent, warrant and agree on each day from the date on which the purchaser or transferee acquires the U.S. Securities (or any interests therein) through and including the date on which the purchaser or transferee disposes of its interest in such U.S. Securities (or any interests therein), either that (a) such purchaser or transferee is not, and is not acting on behalf of using the assets of, (i) an "employee benefit plan" (as defined in Section 3(3) of ERISA) that is subject to Title I of ERISA, (ii) a "plan" (as defined in Section 4975(e)(1) of the Code) that is subject to Section 4975 of the Code, (iii) an entity whose underlying assets include the assets of any such employee benefit plan or plan by reason of Department of Labor Regulation Section 29 C.F.R. 2510.3-101 (as modified by Section 3(42) of ERISA) (each of the foregoing, a "**Benefit Plan Investor**"), or (iv) a governmental, church or non-U.S. plan which is subject to any Similar Law, or (b) its acquisition, holding and disposition of such U.S. Securities (or any interests therein) (including, if applicable, the receipt of any Guarantee or Entitlement) will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or in the case of a governmental, church or non-U.S. plan, a violation of any Similar Law).

Additionally, if the purchaser or transferee of the U.S. Securities (or any interests therein) is, or is acting on behalf of or using the assets of, a Benefit Plan Investor, it will be further deemed to represent, warrant and agree that (i) none of BNPP, BNPP B.V, any other party to the transactions referred to in this Base Prospectus or any of their respective affiliates, has provided any investment recommendation or investment advice to it or any fiduciary or other person investing the assets of the Benefit Plan Investor (a "**Plan Fiduciary**"), in connection with its decision to invest in the U.S. Securities and they are not otherwise undertaking to act as a fiduciary, as defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or the Plan Fiduciary in connection with the Plan's acquisition of the U.S. Securities and (ii) the Plan Fiduciary is exercising its own independent judgment in evaluating the investment in the U.S. Securities.

Nothing herein shall be construed as a representation that any investment in U.S. Securities would meet any or all of the relevant legal requirements with respect to investments by, or is appropriate for, Plans generally or any particular Plan. Securities sold by BNPP B.V. may be subject to additional restrictions.

The above discussion may be modified or supplemented with respect to a particular offering of U.S. Securities, including the addition of further ERISA restrictions on purchase and transfer. Holders should consult the applicable Final Terms for such additional information.

No such information has been used in the selection of any issuer of a Relevant Asset for any U.S. Securities linked to any Relevant Asset;

## OFFERING AND SALE

No action has been or will be taken by BNPP B.V., BNPP or the Managers that would permit a public offering of any Securities or possession or distribution of any offering material in relation to any Securities in any jurisdiction where action for that purpose is required. No offers, sales, re-sales or deliveries of any Securities, or distribution of any offering material relating to any Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on BNPP B.V., BNPP and/or the Managers.

**United States**

None of the Securities, the Guarantees or, in the case of Physical Delivery Securities, the Entitlement to be delivered upon the redemption (in the case of Physical Delivery Certificates) of such Securities has been, or will be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or any other applicable state securities laws, and trading in the Securities has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") under the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**"). None of the Issuers has registered as an investment company pursuant to the Investment Company Act. Unless otherwise specified in the applicable Final Terms, the Securities are being offered and sold in reliance on Regulation S under the Securities Act ("**Regulation S**" other than the U.S. Securities). No Securities, other than U.S. Securities, or interests therein, may at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised, other than with respect to U.S. Securities. The Securities of such series may not be legally or beneficially owned at any time by any U.S. person and accordingly are being offered and sold outside the United States only to non-U.S. persons in reliance on Regulation S and pursuant to CFTC regulations and guidance.

As used herein, a "**U.S. person**" is (i) a "U.S. person" as defined in Regulation S; or (ii) a person other than a "Non-United States person" as defined in Rule 4.7 under the Commodity Exchange Act; or (iii) a "U.S. person" as defined in (a) the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the CFTC or (b) the final rule relating to Cross-Border Application of the Registration Thresholds and Certain Requirements Applicable to Swap Dealers and Major Swap Participants promulgated by the CFTC, in each case as amended, modified or supplemented from time to time, pursuant to the Commodity Exchange Act; or (iv) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**").

If specified in the applicable Final Terms, certain issues of Securities may be offered and sold in the United States. Such U.S. Securities may only be offered and sold (a) by BNPP to (I) persons reasonably believed to be QIBs in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A and/or (II) certain institutional accredited investors ("**AIs**") (as defined in Rule 501(a)(1), (2), (3), (7), (8) or (9) of Regulation D under the Securities Act) in reliance upon an exemption from the registration requirements of the Securities Act or (b) by BNPP B.V. to persons reasonably believed to be a QIB and a QP in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A. In either such case, such U.S. Securities may concurrently be offered and sold to non-U.S. persons in offshore transactions in reliance on Regulation S. For further information on certain restrictions on resale, transfer, exercise and redemption, see "*Notice to Purchasers and Holders of U.S. Securities and Transfer Restrictions*". Offers and sales of U.S. Securities in the United States will be made only through broker-dealers who are registered as such under the Exchange Act.

reference entity or reference entities, a specified futures contract or basket of futures contracts, or Hybrid Securities related to any of these asset classes, may not at any time be offered, sold, resold, held, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, by or for the account or benefit of, persons that are (i) "**U.S. persons**" as defined in Regulation S under the Securities Act or; (ii) a person other than "**Non-United States persons**" as defined in Rule 4.7 under the Commodity Exchange Act; or (iii) a "**U.S. person**" as defined in (a) the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the CFTC or (b) the final rule relating to Cross-Border Application of the Registration Thresholds and Certain Requirements Applicable to Swap Dealers and Major Swap Participants promulgated by the CFTC, in each case as amended, modified or supplemented from time to time, pursuant to the Commodity Exchange Act; or (iv) any other "**U.S. person**" as such term may be defined in Regulation S or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**") unless expressly provided for pursuant to any applicable U.S. wrapper to the Base Prospectus. Any such applicable U.S. wrapper may restrict the types of Securities that can be offered, sold, resold, held, traded, pledged, exercised, redeemed, transferred or delivered and the terms of such Securities.

U.S. Securities are being offered from time to time within the United States by the Issuers through BNP Paribas Securities Corp., a broker-dealer affiliate of the Issuers (the "**Initial Dealer**"), in the case of U.S. Securities offered by BNPP or BNPP B.V., or one or more other broker-dealers appointed by the Issuers from time to time (collectively with the Initial Dealer, the "**U.S. Dealers**"). The U.S. Securities may be sold to each U.S. Dealer at a discount, as principal, for resale to investors or other purchasers at varying prices related to prevailing market prices at the time of resale, to be determined by such U.S. Dealer or, if so agreed, at a fixed offering price. BNPP or BNPP B.V., as the case may be, will have the sole right to accept offers to purchase U.S. Securities and may reject any proposed purchase of U.S. Securities in whole or in part. Each U.S. Dealer will have the right, in its discretion reasonably exercised, to reject any proposed purchase of U.S. Securities through it in whole or in part.

Each of BNPP and BNPP B.V. has reserved the right to sell U.S. Securities through one or more other dealers in addition to the U.S. Dealers and directly to investors on its own behalf in those jurisdictions where it is authorised to do so. No commission will be payable by either Issuer to any of the relevant U.S. Dealers on account of sales of U.S. Securities made through such other dealers or directly by such Issuer.

In addition, the U.S. Dealers may offer the U.S. Securities they have purchased as principal to other dealers. The U.S. Dealers may sell U.S. Securities to any dealer at a discount and, unless otherwise specified in the applicable Final Terms, such discount allowed to any dealer will not be in excess of the discount to be received by such U.S. Dealer from the applicable Issuer. Unless otherwise indicated in the applicable Final Terms, any U.S. Securities sold to a U.S. Dealer as principal will be purchased by such U.S. Dealer at a price equal to 100 per cent. of the principal amount thereof less a percentage equal to the commission applicable to any agency sale of U.S. Securities of identical maturity, and may be resold by the U.S. Dealer to investors and other purchasers as described above. After the initial offering of U.S. Securities to be resold to investors and other purchasers, the offering price (in the case of U.S. Securities to be resold at a fixed offering price), the concession and discount may be changed.

Each of BNPP and BNPP B.V. has agreed to indemnify each relevant U.S. Dealer against, or to make contributions relating to, certain civil liabilities, including liabilities under the Securities Act.

The Initial Dealer has advised the Issuers that the Initial Dealer may make a market in the U.S. Securities; however, BNPP or BNPP B.V., as the case may be, cannot provide any assurance that a secondary market for the U.S. Securities will develop. After a distribution of a series of U.S. Securities is completed, because of certain regulatory restrictions arising from its affiliation with the applicable Issuer, the Initial Dealer may not be able to make a market in such series of U.S. Securities or, except on a limited, unsolicited basis, effect any transactions for the account of any customer in such series of U.S. Securities. Other broker-dealers unaffiliated with the applicable Issuer will not be subject to such prohibitions.

## OFFERING AND SALE

This Base Prospectus and any Final Terms may be used by Affiliates of the Issuers in connection with offers and sales related to secondary market transactions in the U.S. Securities. Such Affiliates may act as principal or agent in such transactions. Such sales will be made at prices related to prevailing prices at the time of a sale.

BNP Paribas Securities Corp., the Initial Dealer for the U.S. Securities offered hereby, is a subsidiary of BNPP and an Affiliate of BNPP B.V.

Each U.S. Dealer may be deemed to be an "underwriter" within the meaning of the Securities Act, and any discounts and commissions received by it and any profit realised by it on resale of the U.S. Securities may be deemed to be underwriting discounts and commissions.

Each purchaser of U.S. Securities offered hereby in making its purchase will be deemed to have represented and agreed with the applicable Issuer as set forth under "Notice to Purchasers and Holders of U.S. Securities and Transfer Restrictions" herein.

In connection with sales of U.S. Securities outside the United States, each relevant U.S. Dealer will be required to agree that, except as described in the preceding paragraph, it has not offered, sold or delivered, and will not offer, sell or deliver, any Securities within the United States or to, or for the account or benefit of, U.S. persons as part of its distribution at any time.

In addition, an offer or sale of such U.S. Securities within the United States by any dealer may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A or another available exemption under the Securities Act.

Terms used above that are defined in Rule 144A or Regulation S have the respective meanings given to them therein, as applicable.

Securities in bearer form that are debt for U.S. federal income tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain circumstances permitted by U.S. Treasury regulations. The applicable Final Terms will specify whether the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA C**") apply or do not apply ("**TEFRA not applicable**") to the issuance of Securities. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the Treasury regulations promulgated thereunder.

The Final Terms in respect of any U.S. Securities will set forth additional information relating to the offer, sale or distribution of U.S. Securities.

The issuance of the Securities which constitute Secured Securities was not designed to comply with the U.S. Risk Retention Rules other than the "foreign transaction safe harbor" exemption under the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, BNPP, any Manager or any of their affiliates or any other party to accomplish such compliance.

As part of the initial distribution of the Securities of each Series which constitute Secured Securities, such Securities may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "**Risk Retention U.S. Persons**". "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, there are substantial differences between the two definitions and that persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

## OFFERING AND SALE

Secured Securities are issued and offered in reliance on an exemption from the U.S. Risk Retention Rules for non-U.S. transactions. To qualify for the "foreign transaction safe harbour" exemption, non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the securities issued in the securitization transaction are sold or transferred to, or for the account or benefit of, U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this prospectus as "Risk Retention U.S. Persons"); (3) neither the sponsor nor the issuer of the securitization transaction is organized under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organized or located in the United States.

Each purchaser of Securities which constitute Secured Securities, including beneficial interests in such Securities shall be deemed to have made the following representations: that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Securities or a beneficial interest in such Securities for its own account and not with a view to distribute such Securities, or, in the case of a distributor, will only distribute such Securities to a person which is not a Risk Retention U.S. Person, and (3) is not acquiring such Securities or a beneficial interest in such Securities as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Notwithstanding the foregoing, the Issuer may sell a limited portion of such Securities to, or for the account or benefit of, Risk Retention U.S. Persons under an exemption from the U.S. Risk Retention Rules.

investments (as principal or agent) for the purposes of their businesses where the issue of the Securities would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by BNPP B.V..

An invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) in connection with the issue or sale of any Securities may only be communicated to and will only be communicated to (and the relevant Issuer or distributor may only cause to be communicated and will only cause to be communicated) in circumstances in which Section 21(1) of the FSMA does not or, in the case of BNPP, would not, if it was not an authorised person, apply to the relevant Issuer or the Guarantor (if applicable).

All applicable provisions of the FSMA must be complied with in respect of anything done by any purchaser in relation to any Securities issued in, from or otherwise involving the United Kingdom.

RECENT DEVELOPMENTS

**Press release dated 28 March 2025 issued by BNP Paribas in relation to the restatement of new 2024 quarterly series in the 2025 format:**

**"This restatement has no impact on the Group's published 2024 results and changes only the analytical breakdown of business lines, divisions and Corporate Centre segment. However, it impacts the risk-weighted assets of the various business lines, divisions and Group.**

In order to present a consistent reference with the presentation of the financial statements and the results applied from 1 January 2025, the quarterly series for the 2024 financial year include the main effects described below:

- The change in the allocation of normalized equity from 11% to 12% of risk-weighted assets: as part of the coming into force of the finalisation of Basel 3 (Basel 4) on 1 January 2025<sup>1</sup>, and in line with its CET1 target of 12%, the Group decided to change the normalized equity allocated to its business lines, excluding Insurance, to 12% of risk-weighted assets, from 11% previously, as of 1 January 2025;
- The impact of this transposition (Basel 4)<sup>1</sup> on the level of risk-weighted assets;
- Full consolidation in the prudential scope of entities under the exclusive control of the Arval business as if it had occurred on 1 January 2024 (instead of 1 July 2024);
- The geographical focus (sale and run-off of businesses in 10 countries) carried out by Personal Finance. It leads to the reclassification of income and business data from the non-strategic or non-core perimeter (equivalent to the activities put into run-off) in the Corporate Centre. Personal Finance's profit and loss account therefore corresponds to the remaining strategic or core perimeter ;
- A change in revenue allocation methodology between Wealth Management and Corporate Centre;
- The business indicators at BNL are restated to take into account a precise breakdown of deposits by category (current, savings and term) and off balance sheet savings (assets under Discretionary Portfolio Management now included).

The following non-audited appendices detail the 2024 quarterly results in line with these developments.

- Appendix 1: 2024 restated Group profit & loss, unchanged compared to 2024 Published Group profit & loss
- Appendix 2: Effects of the restatement on operating divisions
- Appendix 3: Effects of the restatement on Corporate Centre
- Appendix 4: Effects on deposits and off balance sheet savings of BNL
- Appendix 5: New quarterly restated series for all operating divisions and businesses

### **Press release dated 14 April 2025 issued by BNP Paribas in relation to the acquisition by BNP Paribas Cardif of Axa Investment Managers:**

"After entering into exclusive negotiations on 1 August 2024, AXA and BNP Paribas Cardif signed a Share Purchase Agreement for AXA Investment Managers (AXA IM). The closing is expected in early July 2025.

In this context, the BNP Paribas Group fully confirms the strategic and industrial interest of the transaction to build a leading platform in asset management that will allow the Group to become the forefront European player in the management of long-term savings assets for insurers and pension funds. This platform will benefit from AXA IM's leading market position and its team's expertise specialised in private assets, which will drive further growth with both institutional and retail investors.

This acquisition aligns perfectly with the Group's core mission of supporting the economy by mobilising savings to finance future-oriented projects, in the best interests of its clients. The ECB has recently expressed its opinion on the prudential treatment for the acquisition of asset managements companies.

Should this interpretation be implemented and given the current status of the internal analyses carried out by the BNP Paribas Group, the anticipated impact on BNP Paribas Group's CET1 ratio would stand at approximately -35 bps and the expected return on invested capital of the transaction would be above 14% in the third year and more than 20% in the fourth year. This impact is to be compared with an impact on the Group's CET 1 ratio of -25 bps and an expected return on invested capital of 18% in the third year, presented at the launch of the transaction.

As a consequence, under this interpretation, neither the Group's overall profitability objectives, growth trajectory, nor its equity and CET1 trajectory would be modified.

Specifically, the launch of the share buyback programme, announced in February 2025, to which the ECB has already given its approval, is maintained. More generally, the Group's distribution policy in the form of dividends and return to shareholders remains unchanged.

The conditions agreed to by the Group regarding the prudential treatment to be applied to this transaction will be communicated at the closing of the transaction, following the finalization of ongoing discussions with the relevant supervisory authorities on this topic."

## **IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF SECURITIES**

### **Restrictions on Non-exempt Offers of Securities in relevant Member States of the EEA**

Certain issues of Securities with an issue price or Notional Amount, as applicable of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus. Any such offer is referred to as a "**Non-exempt Offer**". This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Securities in each state in relation to which the relevant Issuer has given its consent (from among Member States) as specified in the applicable Final Terms (each specified state a "**Non-exempt Offer Jurisdiction**" and together the "**Non-exempt Offer Jurisdictions**"). Any person making or intending to make a Non-exempt Offer of Securities on the basis of this Base Prospectus must do so only with the relevant Issuer's consent to the use of this Base Prospectus as provided under "*Consent given in accordance with Article 5(1) of the Prospectus Regulation*" below and provided such person complies with the conditions attached to that consent.

Save as provided above, neither BNPP B.V. nor BNPP have authorised, nor do they authorise, the making of any Non-exempt Offer of Securities in circumstances in which an obligation arises for either BNPP B.V. or BNPP to publish or supplement a prospectus for such offer.

### **Consent given in accordance with Article 5(1) of the Prospectus Regulation**

In the context of a Non-exempt Offer of Securities, BNPP B.V. and BNPP accept responsibility, in each of the Non-exempt Offer Jurisdictions, for the content of this Base Prospectus in relation to any person (an "**Investor**") who purchases any Securities in a Non-exempt Offer made by a Manager or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and provided that the conditions attached to the

giving of consent for the use of this Base Prospectus are complied with. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

Neither BNPP B.V. nor BNPP makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and neither BNPP B.V. nor BNPP has any responsibility or liability for the actions of that Authorised Offeror.

**Except in the circumstances set out in the following paragraphs, neither BNPP B.V. nor BNPP has authorised the making of any Non-exempt Offer by any offeror and BNPP B.V. and BNPP have not consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Securities. Any Non-exempt Offer made without the consent of the relevant Issuer is unauthorised and neither BNPP B.V. nor BNPP accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.** If, in the context of a Non-exempt Offer, an Investor is offered Securities by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

The financial intermediaries referred to in paragraphs (a)(ii), (a)(iii) and (b) below are together the "**Authorised Offerors**" and each an "**Authorised Offeror**".
